

CMH PRIVATE TRIPS

MASTERS OF SKY & SKI.

Since day one, we at CMH have been focused on one thing: to provide the world's most amazing skiing experience. Here, you'll find endless powder runs, epic tree skiing and unrivaled fun. In a place that's as close to heaven on earth as one can get, we invented a skiing adventure that is far and away the very best on earth. We invite you to take part in what skiers from around the world call "The World's Greatest Skiing," in such famous remote backcountry ski locations as the Bugaboos, Monashees, Galena and the Cariboos. You'll ski the best, you'll ski with the best, and you'll experience the best.

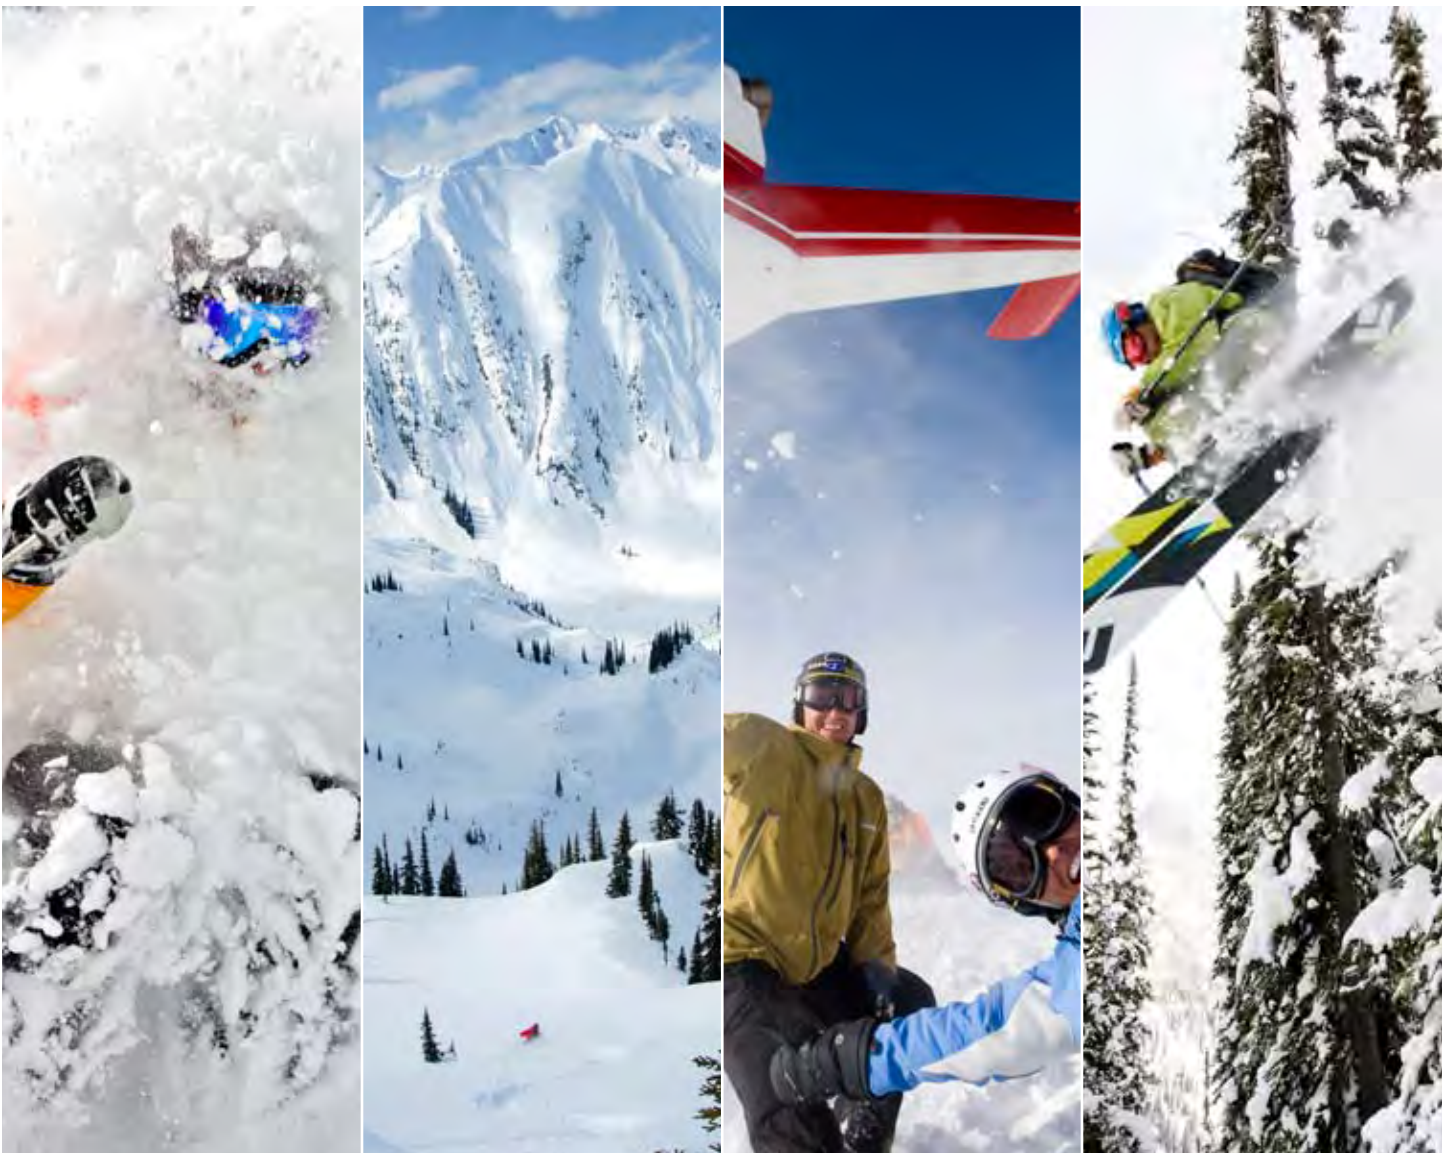

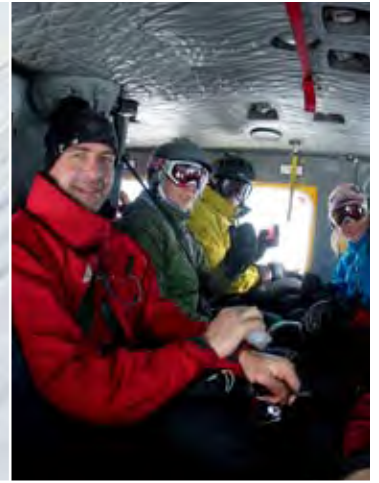

THE MEASURE OF RICHNESS.

We're often asked how we can offer "The World's Greatest Skiing" when there are other operators in Canada. It's simple: We were here first, we had the first choice, and we chose the very best terrain. Our founder, Hans Gmoser, was the pioneering force in establishing Heli-Ski operations in British Columbia. And his involvement in shaping the entire industry further solidifies our position as the leading Heli-Ski operator in the world. Our 11 areas are located in the Columbia Mountains, home to some of the best snow conditions in the world. Our Revelstoke location, nearby to Mt. Fidelity, is home to the snowiest weather station in Canada: it receives the country's highest annual average, 1471 cm (almost 50 feet) of snow, and the peak gets 144 days of snowfall per year, more than anywhere else in the country. Suffice it to say that if snow equates to riches, we have an abundance. And it's all waiting here for you.

CMH PRIVATE: WHAT YOU SEE IS WHAT YOU SKI.

SKI IN GOOD COMPANY.

Our Private Week Heli-Skiing trips are the ultimate in skiing luxury and flexibility. And they're yours to share with whomever you'd like. You, and your private group, have exclusive use of a helicopter and guides and the absolute flexibility to ski however you'd like. When we first offered our Private Weeks, we had no idea how popular they would become. But the chance to enjoy the world's greatest skiing (and snowboarding) in complete privacy, and with maximum versatility, has proven to be a huge winner. Yes, skiing is all about the descent. But it's also about who you share these days with. Whether you've got a few buddies, three kids, four friends, or a small gang you want to celebrate with, nothing says epic fun like private Heli-Skiing. Just you, your friends and your guides deciding how many runs, how fast to ski and even when and what to eat. With six comfortable lodges to pick from, multiple trip combinations from which to choose, and unlimited flexibility on all levels, it'll be hard to ski anywhere else ever again.

PARTY OF FOUR PLEASE.

Smaller groups of up to 4 share the lodge with other CMH guests while skiing independently with one guide and your own private Bell 407 helicopter. Based out of our Monashee and Revelstoke locations, these are amazingly customizable skiing weeks for you and a few of your closest ski buddies, friends, family, etc. As a private group, you'll ski a variety of terrain, from long to steep to exhilarating. Party on.

YOU AND YOUR CREW.

Private Helicopter and a Private Lodge? You bet. Groups of one to 10 skiers can choose from CMH's most intimate lodge experiences. This program is designed for small groups of Heli-Skiers who wish to ski together. You will have a Bell 212 helicopter and two guides at your disposal providing tremendous flexibility in setting the pace and choosing how much skiing you and your crew want to do.

SKIING. PERSONALIZED.

You no longer need to come as part of a pre-formed group to ski "privately." You can now join an existing group of fellow privateers on one of our new "Join Us" trips. Same versatile skiing, same exclusivity, and the same amazement all around. As always, these trips are all about freedom, flexibility and skiing the runs that suit you best. Come along, join the club, and ski privately.

BOLDLY GO WHERE YOU WANT TO GO.

Arguably the most dynamic trip we've ever offered, our CMH Nomads roam in groups of one to nine through our skiing territory, cherry-picking runs based on the weather and snow conditions in the Monashees, Gothics, Revelstoke, Galena or CMH K2 terrain. Based from either CMH Gothics or Halcyon Hot Springs Village and Spa, you and your two guides tailor your Heli-Skiing or Heli-Boarding trip to your group's desires. Nomads = no boundaries.

THE PRIVATE LIFE.

Incredible skiing by day, indulgent relaxing by night. At CMH, we're steadfastly focused on a purely exhilarating and fun ski experience. But when your day winds down, rest assured, you'll be doused in comfort. All of our wilderness lodges have a uniquely warm charm, combining traditional comfort with modern amenities. Comfortable rooms with fully stocked private baths, common areas for lounging and socializing, a full-service bar to quench your thirst, a shop with gifts and gear, and Wi-Fi to keep you connected. If you're looking to unwind a little more, each lodge has a sauna, a whirlpool, and massage services that'll make you feel heavenly. And the food? Out-of-this-world. Each lodge employs a group of highly-trained chefs who cook with health, flavour, and presentation in mind. The result: meals that rival the views. So go ahead and push your boundaries during the day, because the comfort and warmth that awaits your return is boundless.

SIX AREAS. INFINITE SKIING.

1. GALENA: Galena is best known for ultra-deep powder and varied, challenging tree skiing. All our Galena skiing is done on the Badshot Range of the Selkirks, offering abundant snow and rugged beauty. The lodge, built to blend in to the environment, sits near the confluence of three major valleys. It offers unrivaled skiing to some of the world's best tree skiing, in just about any type of weather.

2. MCBRIDE: CMH's largest area, is located in the northern Cariboo. With the combined features of forests and glaciers, McBride offers a magnificent range of skiing opportunities. With only one private group of up to 10 skiers, McBride offers the mobility and flexibility needed to find the snow and terrain best suited to the group. Accommodations in McBride are at the North Country Lodge, where CMH leases a private facility. All our rooms and amenities are contained in an enclosed structure exclusive to CMH guests.

3. MONASHEES: The mature and naturally well-spaced forests lining the Monashee range are responsible for its reputation among CMH guests as a tree skiers' paradise. Along with the best tree skiing on earth, the Monashees is also admired for its long, consistently steep-pitched runs. The Monashees offers perhaps the most challenging skiing of any of our areas, and is suitable only for experienced CMH Heli-Skiers who normally ski in the fastest group in other CMH areas.

4. REVELSTOKE: With access to both the Monashees and the Selkirks, Revelstoke is defined by deep snow, big, open alpine and glacier terrain, and tree skiing equal to the best of any other CMH area. Its great size and quick accessibility by vans and helicopters allow us to find good skiing even in inclement weather. Revelstoke differs from other CMH lodges in that accommodations are at the Regent Inn, set in one of British Columbia's hottest new winter destinations. In 2008, the newly expanded Revelstoke Mountain Resort opened - this once small-town ski area is now a world-class mountain resort, boasting over 5,500 vertical feet of skiing and a historical annual snowfall of 40 - 60 feet (that's 1200 - 1800 cm). CMH guests are guaranteed skiing, even on those rare days when the helicopter cannot fly.

5. VALEMOUNT: Guests ski in the vast Cariboo Mountains, enjoying the range's variety of terrain, from long, steep tree runs to wide-open glaciers. The lodge, set in a valley just beyond the town of Valemount, is designed specifically for private groups of up to 10. The lodge's private groups enjoy the use of their own helicopter and two guides, allowing for a high degree of flexibility and freedom. Valemount Lodge was chosen by *Ski Magazine* as one of the world's "Five Most Luxe Ski Lodges."

6. NOMADS: This private Heli-Skiing trip is based at Halcyon Hot Springs Village & Spa between Revelstoke and Nakusp. From the amazing lakeside chalets your private group finds the best snow, roaming the spectacular runs of Galena, CMH K2 & Revelstoke areas.

BOOK IT.

CMH Heli-Skiing is the world's most comprehensive and spectacular wilderness skiing experience available to Heli-Skiers and snowboarders worldwide. And our Private Weeks sit at the very top of our offerings. Call today.
