## Guaranteed Vertical Metres

Your trip price also includes the guaranteed vertical metres listed below. Note: CMH calculates these metres based on actual skiing or snowboarding. We don't charge for "vertical lift" such as flights to and from the skiing. Additional vertical above the guarantee is charged at a rate of \$115 per 1,000 vertical metres (3,280 vertical feet). Heli-Skiers/Boarders are not charged for extra vertical unless they actually ski/board, which eliminates pressure on individuals to continue with their group.

## Refunds

CMH offers one of the most generous refund policies in the Heli-Ski industry. In the event your vertical metres guarantee isn't reached, we will refund you \$120 per 1,000 unskied vertical metres (3,280 vertical feet). Refunds are given only in the event of mechanical breakdown or poor weather that prevents flying.

An additional credit that must be left on account—applicable to future incidental lodge charges or future Heli-Skiing or Heli-Hiking trips – is provided if, for reasons of mechanical breakdown or poor weather, you have skied less than:

Only by skiing with a member of HeliCat Canada can you be assured of skiing with certified ski guides who follow a strict set of operating procedures.

# TRIP FEATURE INFORMATION

Trip codes shown under “Trip #” include the year, area, and week number. For example: 2013-CA03 is in the year 2013, in the Cariboos, on the third week of the season.

Other codes following the week denote:

## Family Weeks

These are designed for Heli-Skiing parents and their children. Parents are expected to ski with their kids, but when the kids get tired and return to the lodge, Mom and Dad can stay out to ski. Children 12 - 17 pay 50% of the adult price. If you have a child under 12 you feel is capable of Heli-Skiing, please call us to discuss. Please note, we are not able to offer New Guest Credits or Group Organizer's Credits on child prices.

## Helicopter Assisted Ski Touring

Ski Touring Trips for groups of up to 10 skiers are available throughout the winter at many of our amazing lodges.

## K2 Demo Days

Join the K2 team and be among the first to demo K2's 2013-14 skis! The reward for all your hard work is a free pair of skis once they are released in the fall of 2013.

## Next Generation

This week is open to any skier but if you have someone between the ages of 12-25 who wants to join you on your trip, they get to come up for 1/2 price for 1/2 of the guarantee. Parents of children between 12 and 19 (19 is the legal age of majority in BC) are expected to ski with their children. Please note, we are not able to offer New Guest Credits or Group Organizer's Credits on child prices.

## Nostalgia Week

A CMH tradition! This trip is open to all levels of skiers. Join us for great stories, hearty laughs, a few inside jokes and of course, unparalleled spring skiing.

## Pay As You Play

With the Pay As You Play program your initial cost covers accommodation, meals and services. Beyond that, you only pay for what you choose to ski — as much or as little as you want, and as conditions allow for. Trips come with no guaranteed footage, and you will be charged to ski at a rate of \$155/1,000 metres (3,280 vertical feet).

Please note: Generally, there will be several opportunities to return to the lodge throughout the day when the helicopter needs fuel, but we cannot offer skiers the option to fly out after every run; otherwise we could not accommodate those skiers who wish to continue skiing throughout the day.

## Powder 101 - The Intro

The Powder 101 group will be one group of 10 skiers. These trips are designed to introduce strong intermediate skiers to deep snow skiing and move them past the initial hurdles of skiing in wilderness terrain. This program is not for beginner skiers! You should be a newcomer to deep snow skiing and at least a strong intermediate skier. Powder 101 is also for those skiers that would like to ski with 2 guides.

## Powder 101 - Girls' School

It's been our experience that when it comes to supporting and encouraging one another, a tight group of female adventurers is living, skiing proof that sisterhood is powerful. An ideal environment for learning is exactly what you'll find when you sign up for this women-only version of Powder 101.

## Powder 203 - Big Trees

With this program, conducted amidst the world's finest old-growth-forest skiing terrain, you'll get hands-on instruction of a set of skills from line selection to turning technique that will have you slaying trees like Paul Bunyan.

## Powder 401 - Steep Shots

A program designed for advanced skiers who want to maximize their use of terrain, from steeps, to big open lines to glades, with the ability to trampoline from one snow mushroom to the next. If you want to learn how to get the most dynamic and fun skiing out of each run, this is the course for you. Helmets are mandatory on this trip.

## Powder 405 - Freeride Camp

This trip is designed to get you onto exciting and interesting terrain features where you can let those dogs run! Embracing this new way of skiing, the guiding team at CMH Revelstoke will introduce you to techniques and tips that will allow you to capitalize on ski technology and increase your ability to safely move through terrain in unique, creative, and exciting new ways. Helmets are mandatory on this trip.

## Powder 505 - The Steeps

This is designed to take you into the most challenging terrain available on any given day. As always, our goal is to keep you safe, but we will be looking for the lines that will give you the best chance to develop your skills along with expert coaching. The weeks are limited to 9 skiers/riders (which will be split into 2 groups), with 3 guides and a Bell 407 helicopter. Additional skiing above the guarantee is \$130/1,000 metres (3,280 vertical feet). Helmets are mandatory, and a complimentary Avalanche Flotation Device is provided.

## Powder 707 - The Masters

Powder 707 is offered on selected trips at different areas throughout the season, with a maximum of 10 guests and 2 guides. The main goal of the Masters program is to maximize the enjoyment of skiing focusing on the quality rather than quantity of skiing.

## Ski Fusion

This trip combines Heli-Skiing (4 days) and Ski Touring (3 days). The group will be limited to 10 guests and 2 guides. Your guides will assess the weather and ski conditions daily to decide which days will be touring and which days will be Heli-Skiing. Guaranteed vertical is 17,500 metres (57,000 feet).

## Small Group Program

Small groups means quick lifts and opportunities to ski challenging lines. These trips are based on a capacity of 30 skiers (3 groups of 5 skiers, 2 helicopters) in the Adamants, 10 skiers (2 groups of 5 skiers, 1 helicopter) in the Monashees and 15 skiers (3 groups of 5 skiers, 1 helicopter) at CMH K2. Additional skiing above the guarantee is \$130/1,000 metres (3,280 feet) and refunds are \$135/1,000 metres (3,280 feet).

## Women's Heli-Skiing

With all due respect to our friends with the XY chromosome, it is probably not a bad idea to forego the male presence while ripping powder. The overriding mission of this trip is awesome skiing and lots of fun.

## ADAMANTS

Travel 350 kilometres west of Banff and you'll find Adamant Lodge situated at the confluence of four major alpine valleys. It's named for the surrounding diamond-hard peaks, a sub-range of the Selkirks, where we do all our Adamants-based Heli-Skiing.

The Selkirks are famed for long glaciers, deep valleys, and rugged vistas. Classic tree skiing and huge, open glacier terrain await Adamants skiers. The challenging access to these mountains ensures that our abundant terrain remains untouched by all but CMH guides and guests.

Transportation to the Adamants is by motorcoach from Calgary to Golden and then helicopter from Golden to the lodge (weather pending).

## BOBBIE BURNS

Bobbie Burns offers some of the finest Heli-Skiing anywhere, with access to both the Purcell and Selkirk Mountains. The area hosts a rich selection of runs, both in the trees and in high, glaciated terrain. Skiing here is fast and challenging, suitable only for physically fit, well-experienced skiers who enjoy a faster pace.

Our 33 guests are divided into a maximum of 3 groups of 11 skiers each, allowing us to fly further afield for more time on the slopes. The area's valleys enfold several micro-climates, allowing us to find good skiing in virtually all conditions.

## BUGABOOS

Historic significance and modern comforts come together in the Bugaboos. Under Hans Gmoser, CMH began Heli-Ski operations there in 1965, and it remains our most established area.

Characterized by mighty granite spires, the Bugaboo Mountains offer immense variety in terrain, with plentiful ski runs both above and below tree line. Despite the draw of these world-renowned mountains, Bugaboo Lodge remains the sole base for skiing among these majestic peaks and glaciers.

## GALENA

Galena is best known for ultra-deep powder and varied, challenging tree skiing. All our Galena skiing is done in the Badshot Range of the Selkirks, offering abundant snow and rugged beauty.

The lodge's modular architecture is trimmed in logs and painted an earth brown. Simple but comfortable bedrooms at the ground level attach to a three-storey living area and kitchen. Three major valleys converge close to the lodge, providing access to skiable areas in most types of weather.

## MONASHEES

The mature and naturally well-spaced forests lining the Monashee range are responsible for its reputation among CMH guests as a tree skiers' paradise. Along with some of the best tree skiing on earth, the Monashees is also admired for its long, consistently steep-pitched runs.

The Monashees offers perhaps the most challenging skiing of any of our areas, and is suitable only for experienced skiers who normally ski in the fastest group in other CMH areas.

## REVELSTOKE

With access to both the Monashees and the Selkirks, Revelstoke is defined by deep snow, big, open alpine and glacier terrain, and tree skiing equal to the best of any other CMH area. Its great size and quick accessibility by vans and helicopters allow us to find good skiing even in inclement weather.

Revelstoke differs from other CMH lodges in that accommodations are at the Regent Hotel, set in one of British Columbia's hottest new winter destinations. In 2008, the newly expanded Revelstoke Mountain Resort opened - this once small-town ski area is now a world-class mountain resort, boasting over 5,500 vertical feet of skiing and an historical annual snowfall of 40 - 60 feet (that's 1200 - 1800 cm). CMH guests are guaranteed skiing, even on those rare days when the helicopter cannot fly.

### Glossary/Terms

#### Calendar Year

January 1 through to December 31, including the summer Heli-Hiking season.

#### Heli-Ski Season

December 1 through to May 15.

#### Heli-Hiking Season

June 15 through to September 30.

#### New Booking

A completely new reservation (area or date) which is not associated to any existing booking.

### Please Note

Once a CMH space is booked and money is credited to that booking, the money becomes fully non-refundable. When a guest cancels that booking all the money becomes fully non-refundable. At 10 weeks prior to your trip all money is non-refundable.

Those funds are deemed to be cancellation fees at the time of the cancellation. Those cancellation fees can be converted into a credit solely for skiing or hiking on another trip in the calendar year. That means that the money can be applied to a less expensive trip and used towards the price of the trip only.

Any unused credit can be used towards another space in the calendar year or it will be taken as cancellation fees. The credit can also be moved to a more expensive trip in the calendar year, and any difference in price will be paid by the guest.

The credit cannot be used for extra metres, shop, bar, massage or future deposits, nor can it be returned as cash. The credit can only be used for the person with the booking, but that person can assign the credit, in writing, to another skier who is making a new booking with CMH. The credit cannot be assigned to any existing booking.

# 2013 PRIVATE WEEKS

The Ultimate Ski Experience

If Heli-Skiing is the ultimate ski experience, Private Weeks are very likely the ultimate way to enjoy that experience. Private groups have exclusive use of a helicopter and two guides and tremendous flexibility in setting their own pace and choosing the amount of skiing they want to do.

When CMH first offered Private Weeks, we had no idea how popular they would become. But the chance to enjoy the world's greatest skiing (and snowboarding) in privacy and with maximum versatility has proven a huge winner. We accommodate private groups of four to ten skiers throughout the season at McBride, Nomads, Valemount, Monashees and Revelstoke.

# PRIVATE WEEKS MCBRIDE

McBride, CMH's largest area, is located in the vast and wild northern Cariboo. Its rugged, steep terrain, huge glaciated plateaus, and mature, well-spaced forests offer a magnificent range of skiing opportunities. Impressive views of the Cariboo's spiky Premier Range and the Rockies' monarch, Mount Robson, dominate the area.

With only one private group of up to 10 skiers, McBride offers much mobility and the flexibility to find the snow and terrain best suited to the group's abilities and desires and the pace at which they want to ski.

Accommodations in McBride are at the North Country Lodge, where CMH leases a private facility complete with a private dining room, a comfortable lounge with wood-burning fireplace, a massage room, and whirlpool. All our rooms and amenities are in an enclosed structure exclusive to CMH guests. The North Country Lodge is located just off Highway #16 adjacent to the village of McBride.

Transportation to McBride is by chartered bus from Prince George to McBride. Guests are asked to fly direct to Prince George, BC via Vancouver, BC. We ask that you arrive in Prince George on the Friday evening prior to the Saturday start of your CMH trip. Upon arrival at the Prince George Airport, a shuttle driver will meet you and shuttle you to the Signature Sandman where you will overnight before being driven to McBride Lodge in the morning. Driving time from Prince George to McBride averages 2 hours and 30 minutes.

All 7-day trips include 40,000 vertical metres (131,000 vertical feet) of skiing guaranteed. Additional skiing is charged according to the number of skiers in the booked group\*.

# PRIVATE WEEKS NOMADS

Only CMH Heli-Skiing can offer private trips that span both the Selkirk and Monashee ranges, skis through three to six separate CMH Heli-Skiing areas and travels through seldom skied terrain. With exclusive use of the Nomads helicopter, you will experience freedom, exploration, exhilaration, fun and the original spirit of Heli-Skiing with experienced local guides from each area.

**Nomads North** offers unlimited flexibility in terms of trip length and skiing terrain. Your group (maximum of 4) joins the other guests at the Gothics lodge, but you head for the hills in your own private helicopter and two guides. Here's the nomad part: you roam freely through the Gothics area and beyond, to access the adjoining Monashee and Adamant terrain. This vast expanse of mountains, encompassing three of our already sizeable operating areas, provides endless choices and even the possibility of runs never skied before!

**Nomads South** is the same style of program, but based at Halcyon Hot Springs Resort between Revelstoke and Nakusp. From very comfortable accommodations in private lakeside chalets, and with great dining and a beautiful spa, your private group finds the best snow by roaming the spectacular runs of our Galena, CMH K2 and Revelstoke areas. Nomads South operates with a Bell 212 (with up to 9 people).

Transportation for Nomads is by helicopter from Kelowna.

In the event that a Bell 407 is not available for the trip, CMH will substitute a 212 at no extra charge

Additional skiing is charged according to the number of skiers in the booked group\*.

# PRIVATE WEEKS VALEMOUNT

Valemount is nestled in the sublime valley from which it takes its name, just outside the little town of Valemount. We designed Valemount specifically for private groups of up to 10. Its beautiful design, fine amenities, and secluded location – away from town but easily accessible by road – make it one of CMH’s most coveted places.

We ski in the vast Cariboos, enjoying the range’s wide variety of terrain, from long, steep, exhilarating tree runs to wide-open glaciers. The lodge’s private groups enjoy the use of their own helicopter and two guides, allowing for a high degree of flexibility. Since our Valemount guides are highly experienced instructors, Valemount is ideal for Heli-Skiing oldtimers and first-time deep snow skiers alike.

Weather permitting, transportation from Calgary is by private chartered plane. If the weather is poor we fly to an alternate location or use ground transportation. Valemount is located 520 kilometres northwest of Calgary and flight time averages 75 minutes.

Valemount prices are based on a **guaranteed number of flying hours**. The hours we include for each week are based on the historical averages flown for those weeks. You can ski as much as you want within these hours and you will not be charged for the amount you ski.

*Additional flying hours over the weekly guarantee will be charged at \$5,305/hour. Prices are in Canadian dollars and are subject to change. Taxes are not included.*

# PRIVATE WEEKS MONASHEES

The Monashees is considered by many to be the most challenging skiing of any of our areas. It is suitable only for experienced CMH Heli-Skiers who normally ski in the fastest group in other CMH areas. Between 60 and 90 percent of Monashees skiing is in a mature, naturally well-spaced forest. Along with some of the best tree skiing on earth, the Monashees is also admired for its long, consistently steep-pitched runs. Private groups with a maximum of 4 skiers, their own private Bell 407 helicopter, and two guides are offered throughout the entire season at the Monashee Lodge. These groups operate independently from the regular program.

Monashee Lodge is located on the shore of Revelstoke Lake, north of Mica Creek. Featuring all the CMH amenities complete with dining room, living room, fireplace, drying room, ski shop, indoor climbing wall, rooftop whirlpool and sauna.

Transportation to the Monashees is by charter bus from Calgary. Mica Creek is 560 kilometres west of Calgary and travelling time averages 7 hours. Transportation by private chartered plane may also be arranged at an additional cost, please contact our transportation department for information.

All 7-day trips include 40,000 vertical metres (131,000 vertical feet) of skiing guaranteed. Additional skiing is charged according to the number of skiers in the booked group\*.

# PRIVATE WEEKS REVELSTOKE

With access to both the Monashees and the Selkirks, Revelstoke is defined by deep snow, big, open alpine and glacier terrain, and tree skiing equal to the best of any other CMH area. Its great size and quick accessibility by vans and helicopters allow us to find good skiing even in inclement weather.

Private groups with a maximum of four skiers are also accommodated throughout the season at Revelstoke. These groups operate independently from our regular program, with their own private helicopter and two guides.

Revelstoke is one of British Columbia's oldest towns, and its history and charm are well preserved. We stay at the Regent Inn, in Revelstoke's historic centre. The Regent is a family-owned and operated hotel highly regarded for its excellent cuisine, fine accommodations, and friendly staff (and, just across the street, you'll find a handy health club). You have the opportunity to dine at your leisure, with a few friends, or as part of a larger group. With a full complement of facilities, plus the attractions of a quaint town, Revelstoke offers a well-rounded Heli-Ski vacation.

Transportation to Revelstoke is by charter bus from Calgary. The Town of Revelstoke is 425 kilometres west of Calgary and travelling time averages 5 hours.

All 7-day trips include 40,000 vertical metres (131,000 vertical feet) of skiing guaranteed. Additional skiing is charged according to the number of skiers in the booked group\*.

# DEPOSIT & CANCELLATION INFORMATION

CMH Heli-Skiing is the world's most comprehensive and spectacular wilderness skiing experience available to Heli-Skiers and Snowboarders worldwide.

1. The deposit for McBride, Nomads South (9 guests) and Valemount is \$50,000.00 and for Monashees, Nomads North, Nomads South (4 guests) and Revelstoke is \$15,000.00. All deposits are fully non-refundable without exception.
2. Deposits are transferable to another private week, if available, within the same season only. They cannot be transferred to another season, bookings in other areas for non-private weeks or to another private group booking as a credit to the final payment.
3. Final payments are non-refundable and are due 10 weeks prior to the trip. The deposit and cancellation policy for private group weeks is different from other CMH areas due to the following:
  - We must make significant commitments to our suppliers in order to operate a trip and we have a very limited number of weeks available for private groups.
  - We must ask for a significant commitment from those wishing to book a private week since we will have turned away others wanting the same week.

## McBride, Nomads, Monashee and Revelstoke refund policy

Each 7 day private group is guaranteed 40,000 vertical metres (131,000 vertical feet) of skiing. With two or more groups the guarantee is 30,500 vertical metres (100,000 vertical feet). For shorter trips the guarantee is pro-rated by the number of days.

If the group skis less than the guaranteed metres because of poor weather or mechanical breakdown, refunds will be given to each individual in the group on the basis of \$120 per 1,000 vertical metres of skiing when using a Bell 212 and \$160 per 1,000 vertical metres when using a Bell 407. If for reasons of poor weather or mechanical breakdown, the group cannot fly and does not reach 30,000 vertical metres (22,000 metres with two or more groups) a further credit of \$1,000.00 will be given to each person in the group. The credit has no cash value but may be used for any booking with CMH during the next two seasons.

There is no refund if the guarantee is not reached because a skier chooses not to ski or is physically unable due to lack of fitness or ability.

## Valemount refund policy

Valemount Lodge's guarantee is based on flying hours (see the Valemount page in the booklet). If the group flies less than the guaranteed hours because of poor weather or mechanical breakdown, refunds will be given to the group on the basis of \$5,520 per flying hour.

There is no refund if the guarantee is not reached because a skier chooses not to ski or is physically unable due to lack of fitness or ability.
