7:00 pm Dinner time each evening. Afterwards gather with your hiking companions and swap stories; later retire to your room and your cozy duvet. **(B, L, D)**

Our overall plan is to capture a morning sunrise, various different landscapes each day, and a sunset shoot. Our guide/photographer team provides us with as many photo opportunities as possible, in a time frame that allows us to fully explore the possibilities in each area. This program focuses on getting the right shots with little hiking.

To complement the field workshop, we'll have daily slide presentations demonstrating a variety of photographic topics such as lighting, composition, macro photography and much more.
