Nominated Stallion Rules

- A. Stallions must be re-nominated for each breeding year to participate.
- B. Stallion owners must fill out paperwork to nominate their stallions to be included into the specified breeding year and pay a \$500 nomination fee per stallion by October 1.

- D. Stallions will remain in the program unless AHAA is notified of any changes by October 1 preceding the breeding year.
- E. There is no limit to how many mares can be nominated into futurity to any one stallion.
- F. Stallion owners will be required to donate one breeding each year of nomination to the Scottsdale Signature Stallion Auction, which will be auctioned off at the following Scottsdale Arabian Horse Show.
- G. The breeding donated for each stallion will come with a live foal guarantee. This breeding can be carried over to future breeding years, but the nomination to the Auction class shall only be allowed for foals conceived in the year the breeding was purchased (some exceptions apply).
- H. Unpaid nominations, auction breeding's or delinquent funds owed to AHAA for any reason will immediately go back to the SSS Futurity Program to be resold. All decisions by AHAA BOD will be final.

Applicant wishing to carry over their auction breeding may only do so if the mare was bred and the breeding did not result in a pregnancy. Mare owner must submit a notarized vet's certificate/note stating mare was checked in foal but is no longer in foal (vets note must be notarized, year of breeding, stallion and mare names must be included). Stallion owner must submit a notarized letter stating the semen ship dates and record of breeding history for the breeding in question. All requests and notarized letters must be declared (received) by December 31 of SSS Auction purchase year stating that they would like to carry the Auction breeding over.

Auction Breeding Rules

- A. Only breedings purchased at the Scottsdale Signature Stallion Auction will be eligible to compete in the Scottsdale Signature Yearling Auction classes. Mares must be nominated into the auction class before December 31 of current year. There will be no fee charged for nomination into the auction class. Purchaser agrees to pay the bid price in full on this date, or on the terms provided in SSS Service breeding contract and to execute a promissory note for the remaining balance due. If Purchaser defaults in the payment of the balance due under the terms of this contract, Purchaser will lose all rights to the Breeding and nomination to the Scottsdale Signature Stallion program, and the AHAA BOD shall have the right to handle the situation as it deems fit, including selling the Breeding to a third party or completing the Purchaser's performance of contract by payment of the balance, if any, due hereunder the Arabian Horse Association of Arizona, and shall then be entitled to utilize said breeding without any further obligation to Purchaser. If the purchaser defaults on the auction breeding, purchaser is still obligated for full payment on the auction breeding even if the auction breeding is resold. Venue for any action respecting this Agreement shall be in Maricopa County, State of Arizona. If there is a lawsuit related to this Contract, the prevailing party shall be entitled to reasonable attorney's fees and costs incurred in such action.
- F. In the event the stallion is injured or dies and is unable to fulfill this agreement, the breeding deposit will be refunded without interest, unless there is frozen semen available. If the stallion is sold, leased, or relocated within the United States of America prior to the conclusion of the breeding season, the original stallion owner, not the Purchaser, will be responsible for increases of fees and costs in breeding to the stallion in excess of those fees set forth in the Stallion Owners Breeding Contract, including but not limited to boarding and foaling fees, etc., and/or the costs of shipping semen. If the stallion is relocated outside of the United States of America, the stallion owner at the time of nomination is responsible for fulfilling the breeding.
