

To School Administrators:

We would like to introduce ourselves and our program.

We are an on-site facility that provides educational services grades K through 12 at the HITS horse show grounds in Ocala, Florida.

HITS is a nationally acclaimed horse show venue with events in many areas of the country. Students come to HITS to compete in the top riding competitions in the nation. While pursuing their dreams and passion and demonstrating their accomplished skills, they sometimes need to use our Education Station to help with their school work. It is our goal to send the students home on the same page as their home school peers.

We provide a safe, quiet area for the students to continue with their school work. We have certified teachers in Elementary Education and in the core Middle School and High School subjects. We offer assistance and tutoring as needed, make sure that they stay on track and communicate with the home school through email, fax and if necessary phone. We take attendance and provide an accounting of the work covered to the home school. Tests and quizzes can be administered if provided by the home school. Students do need to come to us with their text books and the work to be covered. The work can be supplied weekly, or all at once.

Attached are the responsibilities that we hold the parents and students accountable for, what we provide and what we need from the home schools.

We welcome the opportunity to discuss this further, or to answer any questions you may have. Alexis Vito is the contact for the Ocala Education Station in the Corporate Office. Please call our Corporate Office at 845-246-8833 or email alexis@HITSShows.com and we can set up a phone conference if necessary.
