

POLITICS 2012 *OUR ENVIRONMENT, OUR CHOICE*

Endorsed Candidate for DuPage County Forest Preserve Districts

District 5: Dennis Clark, Democrat

Website: www.electdennisclark.com

Dennis Clark brings strong environmental background and credentials to the Forest preserve commission race. He has joined the board of directors of the Illinois Prairie Path, worked with the Sierra Club, River Prairie Group on the steering committee for the Moving Planet event, and participated in roles of responsibility for the Conservation Foundation, the RPG Water monitoring program, and the West Chicago Stewardship Group. Dennis has taken numerous classes at the Morton Arboretum and has completed certification as a woodland steward. This spring he will graduate as a certified naturalist. Just last year, he was appointed to a three-year term on the Illinois Nature Preserve Commission and will also be a representative on the DuPage Environmental Commission. Clark's background as a civil engineer and passion for water issues will be useful as the Forest Preserve District takes a greater role in flood control and clean water issues. Add to this a passion for clean, transparent government. Dennis makes an excellent candidate for Forest Preserve Commissioner.
