There are 6,469,818,677 people on the planet. Each one of us is a reason to end the war in Iraq and stop the next war before it happens. We are asking 1,000,000 people to give us their reason for wanting peace and opposing war. Tell George Bush your reason why the U.S. Troops should leave Iraq. Your message will be delivered to the White House on September 26, 2005.
