

TEAM NAME:

Group Members:

RAMPING IT UP! DEVELOPE, CHOOSE, and CREATE PHASE

1. Based on the materials given, draw 1 design for your ramp.
DRAWING ONE:

2. As a team, analyze each member's design and choose one idea to build and test.
3. Draw the final design for your group's ramp.
FINAL DRAWING:

4. How does the ramp's design help your team meet the project criteria under the given constraints?

5. List the materials needed to build your ramp.

6. Work in groups to build your ramp.
If you change anything from the original drawing, be sure to change your sketch!!!
