About the Plan

- Mission & Vision
- Resident Satisfaction Surveys
- 2003 Strategic Plan
- Progress Report

Ideas, Goals, Results.

Introduction

Miami-Dade County's Strategic Plan is the cornerstone of our results-oriented government. Budget decisions are based on the priorities identified through our strategic planning process. Each department develops a Business Plan that outlines how their key activities will support Strategic Plan priorities.

During the next few months, we will be asking for input from a variety of sources to help us refresh our Strategic Plan.

- > A countywide Resident Survey and focus groups will be conducted.
 - > See the [2008 Resident Satisfaction Survey](#)
- > Professional staff will be reviewing their operations to ensure that our Strategic Plan goals remain relevant.
 - > See [Business Plans](#)
- > Special Community Planning Teams (CPTs), composed of practitioners and experts from both inside and outside of government will provide feedback on each strategic area.

The [Strategic Plan](#) provides a roadmap for the upcoming years as we allocate resources, improve overall performance and ensure we are delivering results. This plan update will be coordinated by the [County Executive Office](#) and supported by the [Office of Strategic Business Management](#) (OSBM).

As we refresh the Strategic Plan, lessons learned and recommendations received over the past five years will be incorporated. One key objective is to develop clearer and more succinct goals and outcomes, while reducing the number of "layers" in our plan.

The result will be a more streamlined and straightforward document that will simplify department business plans and better support the budget process which allocates resources. The new plan will have better key performance indicators (KPIs) to help gauge the achievement of results that matter.

Strategic Areas

The Strategic Plan is divided into six service delivery areas, all of which support the overall County mission statement.

Use the navigation menu in the left column to learn more about the Strategic Area goals released in 2003.

USA Spending.gov was last updated on March 6, 2009.

Contracts data is up-to-date as of February 19, 2009 for all 24 CFO Act agencies.

Assistance (Grants/Other & Loans) data is up-to-date as of February 24, 2009 for 19 of 22 CFO Act agencies. Updates are currently pending for the following agencies: DHS, NRC and TREAS.

For more details, please [click here](#)

Welcome to USA Spending.gov - Where Americans Can See Where Their Money Goes

Have you ever wanted to find more information on government spending? Have you ever wondered where Federal contracting dollars and grant awards go? Or perhaps you would just like to know, as a citizen, what the Government is really doing with your money. The Federal Funding Accountability and Transparency Act of 2006 (Transparency Act) requires a single searchable website, accessible by the public for free that includes for each Federal award:

1. The name of the entity receiving the award;
2. The amount of the award;
3. Information on the award including transaction type, funding agency, etc;
4. The location of the entity receiving the award;
5. A unique identifier of the entity receiving the award.

Welcome to www.USASpending.gov, a relaunch of www.FederalSpending.gov, that provides citizens with easy access to Government contract, grant and other award data.

For data on procurement transactions, select the [Contracts](#) tab at the top left side of this page. For assistance transactions, select either [Grants/Other](#) or [Loans](#) under the Assistance tab at the top left of this page. You can easily switch back and forth as you search.

The table below provides a summary of the Federal spending information available on USA Spending.gov. For more information of the data available on this website, please select the [Data Quality](#) tab at the top of this page.

Contracts and Assistance Spending in Billions of Dollars¹

	FY 2000	FY 2001	FY 2002	FY 2003	FY 2004	FY 2005	FY 2006	FY 2007
Contracts	\$208.314	\$219.231	\$258.980	\$297.828	\$343.227	\$385.148	\$423.435	\$456.975
Grants	\$294.511	\$330.738	\$406.158	\$493.288	\$449.620	\$441.030	\$489.056	\$383.735
Loans ²	N/A	N/A	N/A	N/A	N/A	N/A	N/A	\$0.408
Insurance	\$431.320	\$492.207	\$556.586	\$567.211	\$603.890	\$653.229	\$771.275	\$2.265
Direct Payments (e.g. Social Security)	\$768.254	\$839.649	\$841.514	\$947.943	\$965.484	\$1,004.073	\$1,092.675	\$10.302
Other	\$2.816	\$2.675	\$0.233	\$0.691	\$0.412	\$0.391	\$3.990	\$58.685
Total	\$1,705.215	\$1,884.501	\$2,063.471	\$2,306.961	\$2,362.633	\$2,483.871	\$2,780.431	\$912.370

¹ The numbers in this table can change after each data load. Transactions included in a data load can include transactions from current and previous fiscal years.

² Dollar figures for Federal Loans in this table come from the FAADS PLUS data field: Original Subsidy Cost. The current file format did not include data fields to capture the Original Subsidy Cost and Face Value of a loan. The table will only display loans transactions for FY 2007 and onwards.

The data housed on USA Spending.gov is provided by Federal agencies. Please refer to the [Data Quality](#) site for information about the current status of data quality. USA Spending.gov is continuously developing ways to measure and improve the quality of data on the site.

INVESTING IN PUBLIC SAFETY

Edward Byrne Memorial Justice Assistance Grant (JAG) Program*

ESTIMATED STATE VS. LOCAL GOVERNMENT DISTRIBUTION OF FUNDS

On Friday, March 6, 2009, President Obama and Attorney General Holder announced the allocation of \$2 billion in funds from the American Recovery and Reinvestment Act to control crime and improve the criminal justice system.

LEARN MORE

* The JAG Program allows states and local governments to support a broad range of activities to prevent and control crime and improve the criminal justice system.

SOURCE: Department of Justice

Welcome to Recovery.gov

The American Recovery and Reinvestment Act is an unprecedented effort to jumpstart our economy, create or save millions of jobs, and put a down payment on addressing long-neglected challenges so our country can thrive in the 21st century. The Recovery and Reinvestment Act is an extraordinary response to a crisis unlike any since the Great Depression. With much at stake, the Act provides for unprecedented levels of transparency and accountability so that you will be able to know how, when, and where your tax dollars are being spent. Spearheaded by a new Recovery Board, this Act contains built-in measures to root out waste, inefficiency, and unnecessary spending. This website, Recovery.gov, will be the main vehicle to provide each and every citizen with the ability to monitor the progress of the recovery.

On Our Way: Read the Bill

The President recently signed the American Recovery and Reinvestment Act into law. [Read the full bill here.](#)

SHARE YOUR STORY

The economic crisis has touched all of us, regardless of the states where we live or the industries in which we work—whether it's health care or education, real estate or construction, technology or manufacturing. That's why the American Recovery and Reinvestment Act is designed to provide relief and reinvestment across the board.

We want to know how the economic crisis and this recovery program are affecting you. If you're an employer, are they affecting your thinking about your business or personal decisions? If you're a student, are they affecting your choice for your education? If you've been looking for work, how is your job-search changing?

In a few months, this site will allow you to preview extensive data that will enable you to measure our progress. But you don't have to wait to leave a comment—use the form below to share your Recovery story now.

Submit Your Proposal

If you are an individual seeking benefits for you or your family, please visit the Individuals page. Do not use the Submit Your Proposal link below; it is intended for organizations and their representatives only.

Submit Your Proposal

21,000 proposals have been submitted through this website as of 3/16/2009.

What Happens Next?

Those who have submitted proposals regarding projects which may meet eligibility requirements will receive an email indicating where, when, and how to apply.

Check back at this website for any new information available. Our goal is to make sure that all potential fund applicants are treated equally and fairly and that everyone eligible has a chance to apply for funds.

A Message from Governor Ted Strickland

Welcome to Ohio's virtual headquarters for information regarding the American Recovery and Reinvestment Act—also known as the federal stimulus bill.

President Barack Obama has signed legislation that will kick-start the national economy through investments in areas such as:

- Producing Clean and Efficient Energy in Ohio
- Investing in Science and Technology to Advance Ohio's Economy
- Modernizing our Roads, Bridges, Transit and Waterways
- Developing a 21st Century Education System
- Implementing Tax Cuts that Make Work Pay and Create Jobs
- Lowering Healthcare Costs
- Providing Assistance to Ohio Workers Hurt by the Economic Downturn
- Saving Public Sector Jobs and Protecting Vital Services for Ohioans

We must act strategically and boldly to take full advantage of this unique opportunity to make lasting investments in our state. And we must do so in a way that is accountable and transparent and meets the critical economic development priorities of our communities across the state.

This website is an interactive portal for entities to submit expressions of interest in federal stimulus dollars and to view general information about the federal stimulus. Stimulus grant and loan funds will ultimately be distributed to governments, business and other organizations, and not directly to individuals. We will provide additional information on the stimulus as it becomes available.

Thank you for your interest and for your support in continuing to build Ohio's economy. Working together, we will invest the federal stimulus resources wisely to ensure Ohio's continued economic growth.

Sincerely,
Ted Strickland

Oakland Crime Data from Police

New! CyberWatch Subscription Service

[Click here for more information](#)

Oakland Police Department

Welcome to the City of Oakland Police Department's community crime mapping web site.

The Oakland Police Department is providing crime information to the public through this site. You will be able to request crime data by proximity to an address or known location, such as a school. You will then be able to produce maps and/or reports from this information.

The crime icons are intended to indicate the block in which the crime allegedly occurred. The crime icons do not reflect the exact location of any particular crime. The data is available by crime type, time period, and specific geographic boundary. Geographic boundaries include council districts and police beats. The crime types available are arson, assault, alcohol, burglary, disturbing the peace, gambling, homicide, narcotics, prostitution, robbery, theft, and vandalism, occurring in the city over the past 90 days.

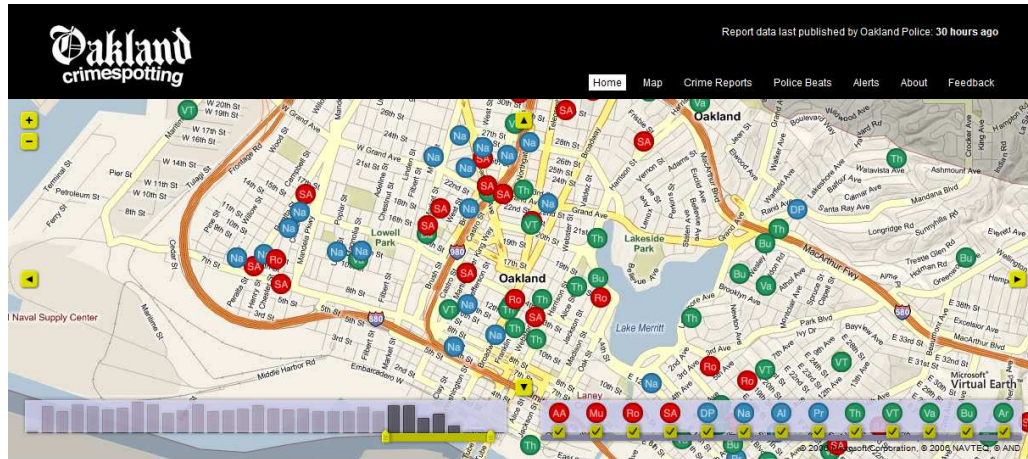

The City of Oakland intends that the information provided by this web site is accurate; however, errors sometimes occur. There are no implied or express warranties on the materials in this site; the materials that are provided will be subject to revision. Use this service at your own risk. This service does not reflect official crime index totals as reported to the FBI's Uniform Crime Reporting program. The listed crimes are subject to change for a variety of reasons, including late reporting, reclassification of some offenses and discovery that some offenses were unfounded.

I understand that the information from this site is for informational purposes only, for the betterment of our community. I also understand that due to both stacked incidents (those located at the same address) and some incidents of which did not geocode, the number of incidents identified in tables and reports may not be fully reflected in the map.

Please send comments or concerns to crimewatch@oaklandnet.com

"Scrape and Bake" Crime Data

Oakland Crimespotting is an interactive map of crimes in Oakland and a tool for understanding crime in cities.

If you hear sirens in your neighborhood, you should know why. Crimespotting makes this possible with interactive maps, [e-mail updates](#), and [RSS feeds](#) of crimes in areas that you care about.

We've found ourselves frustrated by the proprietary systems and long disclaimers that ultimately limit information available to the public. As citizens we have a right to public information. A clear understanding of our environment is essential to an informed citizenry.

Instead of simply knowing where a crime took place, we would like to investigate questions like: Is there more crime this week than last week? More this month than last? Do robberies tend to happen close to murders? We're interested in everything from complex questions of patterns and trends, to the most local of concerns on a block-by-block basis.

If the local papers didn't report a rash of car break-ins in your neighborhood, how would you know? The web opens up opportunities to find information without having to rely on which stories make it to the front page of the newspaper, or the lead story on the evening news. We need to be able to explore public information, to draw connections, and to see new possibilities for questioning. Crimespotting enables us to do more than search for the things we already know.

We believe that civic data should be exposed to the public in a more open way. With these maps, we hope to inspire local governments to use this data visualization model for the public release of many different kinds of data: tree plantings, new schools, applications for liquor licenses, and any other information that matters to people who live in neighborhoods.

This project is a work in progress; a way of discovering what kinds of questions we can ask. We hope that it will open up a space for even more questions, and provide some answers. We invite the public to use this data to become better informed about what's happening in their communities and to draw new conclusions of their own.

Oakland Crimespotting was designed and built by [Stamen Design's Michal Migurski](#), [Tom Carden](#), and [Eric Rodenbeck](#).

Key to map symbols

- AA Aggravated Assault
- Mu Murder
- Ro Robbery
- SA Simple Assault
- Ar Arson
- Bu Burglary
- Th Theft
- Va Vandalism
- VT Vehicle Theft
- Al Alcohol
- DP Disturbing the Peace
- Na Narcotics
- Pr Prostitution

Note: the names used here are based on Oakland's categorization of its crime statistics on the [CrimeWatch](#) website. We have additionally grouped them into violent crimes (red), property crimes (green), and "quality of life" crimes (blue).

City responds with its own e-alert tool.

CrimeView CyberWatch is a subscription service that provides automated email alerts of recent crime activity for a desired area of interest.

To subscribe to CyberWatch and begin receiving email alerts, please complete the information form to the right by following the steps outlined below.

Step 1: Notification Address

Enter the email address that the email alerts will be sent to.

Step 2: Location of Interest

Enter the address or intersection for the location that you are interested in.

Step 3: Crime Types

Check the box next to the crime types that you would like to be notified about.

Step 4: Verification

Click the Validate button to preview the requested location.

Reusing Local Gov/Other Data

The screenshot shows the EveryBlock Chicago interface. At the top, there's a navigation bar with "Browse: Public records · Articles · More · Explore: Neighborhoods" and a search box containing "Address, ZIP or neighborhood". Below this, a map of Chicago highlights the Humboldt Park neighborhood. The page title is "Humboldt Park" with nearby areas listed as "Ward 27", "Ward 26", "60622", and "60651".

The "Latest news in Humboldt Park" section has two tabs: "Timeline" (Latest news in the area) and "Overview" (Trends and breakdowns by category). There are also options for "Custom RSS feeds" and "E-mail alerts".

A search bar prompts the user to "Choose a type of information..." and "Go". Below the search bar is a map of Humboldt Park with red circular markers indicating crime incidents. A tooltip for a specific incident reads:

3700 block W. Hirsch St
Narcotics: Possession of cocaine
Place: Street. Reported at 8:15 p.m. on January 24, 2009.

The map also shows a "Crime" category filter and various street names like W North Ave, W Grand Ave, and W Division St.

If you'd rather browse information for a number of lakes, or can't remember a lake name, then use our [Recreation Compass](#) interactive mapping tool. With it, you can zoom in to the part of the state you're interested in and get information by just clicking in a lake. Other shortcuts are provided to help you get to a particular city, lake or park fast.

Limitations

Please note: not every lake in the state has been surveyed or depth sounded, you may not find the lake in which you are interested. Also, it takes several months before the most recent lake surveys are ready to post on the Web site. Those months are needed to analyze the surveys and update the lake database. We update the Lake Finder as soon as new maps and surveys are available. If you do find inconsistencies, please e-mail the Webmaster at wcbmaster@dnr.state.mn.us.

Commercial use of lake maps and data

The DNR retains the copyright on these lake maps. To use any of this information commercially, you must file a [Lake Map License Agreement form](#) with the [Division of Ecological Resources](#). Please download, fill out and send it to the following address.

Consulta Pública

Como funciona

A Assembleia Legislativa está analisando o Projeto de Lei (PL) 2.215/08, do governador, que cria o Plano Decenal de Educação de Minas Gerais. Depois de ser discutido pelas comissões da ALMG e aprovado pelo Plenário, o projeto será transformado na lei que vai estabelecer a política educacional do Estado para os próximos dez anos. Já com a tradição de ouvir os mais diversos segmentos da sociedade, a Assembleia quer ampliar a discussão também sobre esse assunto, que interfere diretamente na vida dos mineiros. Por isso, pela primeira vez, está promovendo uma Consulta Pública pela internet. De 17 de março a 12 de abril de 2009, todo cidadão poderá apresentar sugestões ao projeto.

A Consulta Pública é uma das ações do **Fórum Técnico Plano Decenal de Educação em Minas Gerais: Desafios da Política Educacional**, realizado pela Assembleia em parceria com a Secretaria de Estado de Educação e várias entidades da sociedade civil ligadas ao setor. As contribuições apresentadas na Consulta Pública serão discutidas nos Grupos de Trabalho da etapa final do Fórum Técnico, que acontece de 13 a 15 de maio, no Plenário, junto com as contribuições colhidas nos encontros realizados pelo interior. Depois de analisadas e aprovadas, as sugestões da Consulta Pública serão incluídas em um documento final a ser entregue ao presidente da Assembleia. Posteriormente, serão encaminhadas à Comissão de Educação, Ciência, Tecnologia e Informática da ALMG, que vai avaliar a pertinência de incluí-las no PL 2.215/08. [Leia mais](#)

Fórum Técnico para discussão do Plano tem próxima etapa em Aracuaí, dia 26

A próxima etapa do **Fórum Técnico Plano Decenal de Educação em Minas Gerais: Desafios da Política Educacional** acontece em Aracuaí, no próximo dia 26, primeira das etapas regionais que acontecerão também em Montes Claros (31/3), Governador Valadares (3/4) e Paracatu (7/4). Entidades dos movimentos sociais que apoiam a ALMG na realização do evento coordenarão encontros também em Divinópolis (15/4), Juiz de Fora (17/4), Varginha (22/4) e Uberlândia (24/4). A etapa final será em Belo Horizonte nos dias 13 a 15 de maio, ao fim de uma grande mobilização que vem reunindo mais de 20 entidades ligadas à educação, gestores municipais, estudantes, professores, pais, conselhos de educação, representantes de comunidades indígenas, quilombolas e do campo.

Um **debate público** promovido pela Comissão de Educação, Ciência, Tecnologia e Informática na sexta-feira 13, na Assembleia, abriu a discussão sobre a viabilidade, defeitos e virtudes do plano. [Leia mais](#) Os interessados poderão assistir às reprises do evento programadas pela TV Assembleia para os dias 28/3, às 8h30; 29/3, às 8 horas; 18/4, às 8h30; e 19/4, às 8 horas.

O **Plano Decenal de Educação**, contido **PL 2.215/08**, prioriza a melhoria da qualidade em todas as etapas e modalidades da educação, a promoção da equidade e a valorização dos profissionais da educação, com foco em **11 Temas**.

O projeto recebeu emenda na Comissão de Constituição e Justiça que estabelece avaliações periódicas, a cada dois anos, efetuadas pelo Executivo em articulação com a ALMG, municípios e sociedade. O projeto se encontra agora em fase de discussão e aprovação de parecer de mérito na Comissão de Educação, Ciência, Tecnologia e Informática, de onde segue para a Comissão de Fiscalização Financeira e Orçamentária, responsável pela análise de impacto financeiro. Aprovados nas três comissões, vai a Plenário para votação em dois turnos, com maioria simples. [Leia sobre a tramitação do projeto](#)

Shelly Myrland from Shoreview said on 4/2/2008

I have a child at Island Lake and one that graduated from MVHS. I think that the teachers and staff at Island Lake are excellent. I think the lunches need improvements and I'm afraid it looks like Chippewa may offer too many junk food selections. Earlier start for younger kids and later for older kids would be much better. A regular day of 8 to 3:30 for all ages would be best. I did not like by oldest daughter standing out for the bus at 6:45 in the a.m. while we were just barely having breakfast, nor getting out of school at 2. Overall we have had good experiences and would recommend the district to others.

Kristin Neafus from North Oaks said on 4/2/2008

So far we have been very satisfied with Turtle Lake, we have a 1st & 3rd grader. The high potential opportunities for upper grade levels are great and an important part of our decision to send our children to the Mounds View public schools. We are very concerned right now about the teacher position that will be eliminated for 4th grade next year, the class size will increase dramatically for our current 3rd grade students which is very troubling. We hope the district will reconsider this elimination so that TL can continue to offer excellent education and manageable class sizes. If the class size gets too big and education suffers, many excellent students may choose other educational options.

Jennifer Walls-Etuko from New Brighton said on 4/1/2008

As a parent of out of district children attending Bel Air and Highview, I am very proud of our family's decision on Moundsview School District for helping build our children's education.

We especially chose Moundsview because its general population of students is very "worldly-infused" with children from many different cultures. We specifically want our children to be educated in this real world environment! We feel it also offers them better opportunities for growing deeper understanding, tolerance, and innovation toward being more capable of working together with people from many different cultures now and in the future.

I too would like to see less cheese pizza and fried chicken patty-type lunches for our children. My children are often hungry later in the day because the nutritional value of these meals is so greatly lacking. More meals like chicken and rice dishes, etc? The playground apparatus at Bel Air is in need of replacement! We do not like the wood chips either!

Sherry Koetz from Little Canada said on 4/1/2008

Safety concerns? I'm surprised no one mentioned the 2 mile walking requirement or you pay for bus service. To make it fair across the board, all bus riding students outside the 2

Free Garden Waste Collection

Home Your Council List of ePetitions

Raised by: Daniel Goodger on 21 November 2008
Free garden waste collection for every household. Improve recycling and reduce landfill and encourage more recycling. A free weekly recycling collection of garden waste. Collection from April to November. Similar schemes operative in other Boroughs that supply a free green waste collection.
Closing date for signatures: 11 February 2009

Petition Details

Petition Title: Free Garden Waste Collection
Raised By: Daniel Goodger
Date Raised: 21 November 2008
Corresponding Issue: The Environment
Number of Signatures: 282

Petition Background Information

Scrap charges for future green garden waste collection from households. Composting is nature's way of recycling. By turning garden waste into compost less rubbish will end up in landfill, which means less greenhouse gases! Which is better for the environment and better for us! There are a great number of councils around the country supplying free green waste collections to help reduce landfill. Collecting a huge amounts of green waste such as: - Grass cuttings - Hedge dipping - Annual weeds - Leaves - Small branches - Small pruning. From the Kingston Council Web site of the present service - http://www.kingston.gov.uk/garden_waste.htm "If you are unable to compost garden waste at home you can take it to the Villiers Road Recycling Centre to be composted. The Council also provides a reusable, biodegradable jute bag for the collection of green garden waste. Residents who purchase the bags can place two of them out for collection per week. The bags will be emptied weekly on the same day as your refuse and/or recycling and returned for you to reuse." The reusable jute bags cost £35 per bag (maximum order: 2 bags). A reduced charge of £20 will be made to residents in receipt of State Retirement Pension and/or are registered disabled." The Council is about to review the garden waste collection. Reports suggest its likely to be based on a wheeled bin design, with some form of payment, yet to be fixed. Free Garden waste collection.
Closing Date for Signatures: 11 February 2009

Kickapedia Home

Welcome to the directory for the progressive Kickapoo Valley community in the rolling hills of southwest Wisconsin. This is a project of KickTime.org and its readers to tabulate and categorize the businesses, interesting places and resources available in this watershed. Anyone can contribute by making a Zoho login (Google and Yahoo logins also work.) Or maybe you just want some information about local food, or organizations. Either way...Enjoy!
