That rule applies to me as well. We will look at the possibility of extending it to coaches although I already know the push back we will get...from the coaches. We'll review it none the less. Thanks

Burns:

I was very sorry to hear about the recent airplane crash and loss of live . I just have one item of information for you to consider: When I was Chairman, the Board would not allow me to fly in single engine airplanes. When they get the cause sorted out you might consider if it makes sense to have tighter rules. We have had more than our share of airplane accidents.

Best Regards

Wayne Allen
