

has the numbers 1320 on it. The driveway approaches an east-facing double car, white overhead garage door. At the end of the driveway, to the southeast of the house, there is a tan metal shop building. The north side of the shop building has a white single car overhead door and a white walk-through door.

As probable cause for believing that said property may be found at the location aforesaid, I allege and state as follows:

On September 20, 2011, OSBI was requested by Mustang Police Chief Chuck Foley to investigate a shooting that occurred at 1320 West Rose Hill Drive, Mustang, Canadian County, Oklahoma. At 2207 hours, the Mustang Police Department received a 911 call from a female caller at the residence. The call was disconnected. A second 911 call was received at the Mustang Police Department at 2208 hours from the same caller. The caller, later identified as Rebecca Louise Bryan, said her husband had been shot.

Upon police officer arrival, the victim, identified as Keith Edward Bryan, was located on the couch in the living room of the residence. Keith Bryan had an apparent gunshot wound to his head. Keith Bryan was taken via ambulance to Oklahoma University Medical Center in Oklahoma City, Oklahoma where he later died.

Written consent to search premises was obtained from Rebecca Bryan. During the search, items were seized from inside the residence. The items seized from inside the clothes dryer included a Ruger LCP .380 caliber handgun with serial number 371-44517, a spent .380 Blazer shell casing, a throw blanket, and a glove. The front loading clothes dryer where the items were found was located in the utility room. The utility room was a separate room adjoining the kitchen and dining area.

Also seized was a .380 caliber full metal projectile. The projectile was recovered from the center cushion of the couch where Keith Bryan had been seated at the time he was shot. On September 21, 2011, the handgun, spent shell casing, and projectile were submitted to the OSBI Forensic Science Center, Firearms Section for analysis. An OSBI firearms examiner matched the projectile from the couch cushion to the Ruger LCP .380 auto with serial number 371-44517. The spent .380 Blazer shell casing found in the clothes dryer was also matched to the Ruger LCP .380 auto with serial number 371-44517.

On Friday, September 30, 2011, Rebecca Bryan was charged with one count of Murder in the First Degree in violation of 21 O.S. 701.7, in Canadian County, Oklahoma.

During the course of this investigation, it was learned that Rebecca Bryan had an extramarital affair with a man (hereinafter referred to as John) that began sometime in July 2009 and lasted until January 2010. After the affair was terminated by John, Bryan continued to periodically contact John and seek his company. One of the methods that Bryan used to contact John was e-mail. On September 20, 2011, at approximately 7:19 p.m., Bryan called John on his cell phone and after he answered the phone and Bryan identified herself, John terminated the call. John then received a text message and another telephone call from Bryan that was not answered. A voice mail message was left by Bryan for John and Bryan told John that she still loved him, that she was going to be inheriting a significant amount of money, and that she was thinking of buying a house near where John lives. John resides over two hundred miles away from the City of Mustang.

Wright knows that research regarding a move of this nature can be conducted utilizing a computer to search the internet. Website browser history and other files contained within the memory of computers and other devices, at Rebecca Bryan's residence, thought to have been used by Rebecca Bryan, would aid investigators in determining if research of this nature was conducted. Research of this nature may also be found in a printed document, or paper format, contained in a file as a result of internet research or written inquiry or correspondence regarding the inheritance and move. Evidence of this nature may also indicate other planning, contacts, and research conducted by Rebecca Bryan prior to, and following, the death of her husband, Keith Bryan. Also, since computers are also used to send e-mails, it is believed that Bryan's computer(s) might contain evidence of the e-mails that Bryan sent to John.

Rebecca Bryan was known to utilize a computer, internet capable devices, telephones, and cellular telephones at her residence, located at 1320 West Rose Hill Drive, Mustang, Canadian County, Oklahoma.

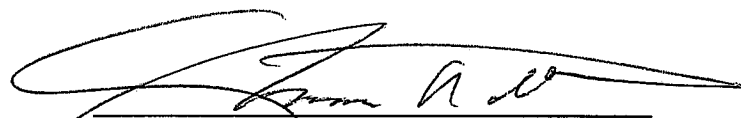

Based upon your affiant's knowledge, your affiant knows that searching and seizing information from computers and other devices often requires agents to seize the devices or computers to be searched later by a qualified computer expert in a laboratory or other controlled environment. Furthermore, your affiant requests permission to transport seized evidence outside of the County of Canadian for expert forensic analysis.

The items mentioned above would aid investigators in their ongoing homicide investigation, in determining Rebecca Bryan's activities prior to, and following the homicide of her husband, Keith Bryan.

The information contained in this Affidavit is based in part on information provided by other law enforcement officers. I have not included each and every fact known to me concerning this investigation.

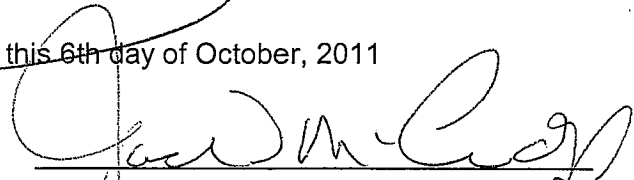

WHEREFORE, Affiant asks that a search warrant be issued according to law, directed to search for, apprehend and seize, the above-described items, if any there be and take possession of the property hereinbefore described and detain the same as provided by law, and make a written return thereof according to law.

FURTHER AFFIANT SAYETH NOT.
