Dear sister

this day I received thy exceptable letter
and was truly glad to hear from you and
can I inform thee that I am verrey well
in health and my Children likewise
Dear Sister I have had a very agreeable visit
from my Dearest husband since I wrote my
last letter to you which was very unexpected
to me for I thought that he was a floating
on the wide Ocean and the first I knew
he opened the door and come in and great was
my surprize the must think although twas
very agreeable he left the ship quick because
she was going a voige that he did not like
but left her on her own terms and gave
good satisfaction the whole time he had her
he was at home two weeks and left her a
week a go to day to go newyork to look out for a
nother ship he thought that he should not
be puzzled to get won as he had several promises
as soon as there was freight for them I
have not heard from him since he went down
so I cant tell any more Dear Sister I wish
you could see him I think you would be

all surprised for he is all most as large as Doct
Tolman and the ^{at least} same that ever he was
I could not prevail on him to write to any of you
for he said if you thought as much of
him as he did of you that was quite a rough
but charged me to write the first opportunity
and remember him to all the family and particu-
lar to father and mother

Sister I have concluded to come and spend
the winter with you as I have a great desire
to see you all once more and the thoughts of
sitting by a good fire is a great inducement
I must acknowledge for hear tis a very scarce
article the day before Robert left home
he paid twenty three shillings for a common
waggon load of wood so the must judge that
any more fire than what necessity calls for
must be scarce to return again to my coming
I dont know of any way at present for me
to get up and if you know of any way that
is coming down and can take me and my trass
pleas to send them hear as I expect to
pass my passage to any way that will take
the trouble of me.

but I don't want to come till Robert sails
and how long that will be I don't know
He was well pleased with ^{my} coming up and
told me if I was up there when he got in if
he lived to and could leave he would come
up and fetch me down Sister Phoebe and
family was very well yesterday

Cousin Matilda Doton was buried the day
no more at present I must bid the
farewell

from thy loving sister Anna Macy true
A.C.

P.S. Robert was 100 and 20 down weight
when he was at home

Dear Sister

Westchester 1st month 30th 1805.

In Return for thy kindness in writing to me. I take this opportunity to inform thee that I Received thy letter last first day in New York - (which was very acceptable) accompanied with one from Eunice and another from Phebe and was very happily employed in Reading News from New Britain but should be more so if I could be there. But think my inclination must submit to my business and Circumstances. I hardly think it likely that I shall come up untill Spring and then as early as I can I shall endeavor to see the happy land of Canaan - I saw a number of Gentlemen from Hudson in New York last first day but being in a hurry and they all in Companies of Strangers I had no Convenience of Conversation with any of them only learned from them before I Receiv'd the letters that Father and Eunice had arrived - I Expect that Eunice's arrival was very pleasing to you all and very much so to her self for she was uneasy about the North River's Shetling up some where before Father came - I should have been very glad to have seen her when father came but unfortunately was from home but think she was as glad to see him then as ever she was. I should be glad to write to Francis and Robert May but being busy and Receiving no letters from either of them that I must Desire thee to excuse the matter to them and put them in mind of writing and I will endeavor to find time to write to each of them soon as an opportunity presents - The mention in thy letter concerning my pen's being silent ^{but} I Desire to be excus'd as it was not for the want of a good will but a good Opportunity for the Channel of Correspondance was materially obstructed by the Sickness in New York. I conclude you will have some thing of a lonesome time this winter if Francis goes of as Abner Swain has ^{now} moved but must keep up good Spirits and cheer up Eunice's Spirits as much as possible and take good Care of her untill I come up - I must Refer thee to Eunice respecting my prospect in business

I Desire thee to give my love to Father Mother Mary Robert
and Anna Francis and Lois Susanah and True love and
Uncle Benjamin and Aunt Mabel. And all other
enquiring Friends and Relations though Cornelius and Mary
Should be enquirers them selves, please to wait for no
seremonies not turns but write all Opportunities and as
much news as thou can Recite. I am now going to
New York thou must Comend. As I should perhaps scribble
some more and beg leave to subscribe my self thy affectionate
well wishing Brother —

Dear Sister

I now take my pen to imbrace the with
a few lines and can inform the that we are
well and hope these lines will find you all
the same I had a letter from Robert
last week and he wrote me that he had
been confined to the house for two weeks
past with a very bad cold and as Surveer
Cough as he had in time of the imbargo but
was much better than he had been and
expected to sail in the
barge of a week for Charleston and from
there to some port in Europe but what one
it was yet undetermined
also he wrote me that he had heard from
one of the hulls by way of Latham Straton
that I had gone to Genesee and had wrote
on to me there and never knew to the contrary
until a few days past the note on to
Genesee the first of January and was in
hope the letter had come to some of you
before this time and if it has I want the
should let me know it the first opportunity
Dear Sister I have sold the Butter for
81 cents per pound and could a sold ten times
as much if I had a had it and took the money

I have laid it out cording to the best
of my judgment from what information I had
from Daniel I have got the a pound of ribben
which was three shilings per yard for I could

Respected Brother

This will inform thee that we are all well hoping that these may find you all well it has been a despoite time in this place and yet remains to be with the Epudemac complaint and it prevails much yet there is scarce a day but we here ^{death} of some of our neighbours Paul and John are to work with me we have boarded with the ~~men~~ that we are building for my wife and Mary have been down country all winter I herd from them last night they are well and will be up shortly I finished the Vessel that I was at to good satisfaction the owner sold her I am building another for the same man and have got her well forward I have got the timber and plank nearly ready for the one for my self of a good size and shall be able to complete her hull with the means I have got here I suppose that she will be rising sixty tons If that I live to get her finished I will show you a vessel worth while all her upper works will be Mubbery My hole Dependence is that money from Brower and Owen to get her rigged and If I don't get disappointed in that I shall be on with her In September I can have prate for her as soon as she is done If I have a chance to sell her I will sell and come and build again I can build Vessels here to a grate advantage Timber costs me nothing handy to the river I get a team at one dollar per day I get plank sand at dollar per hundred by the plank and get good hands at fifty ^{cents} per day and find them selves and are get bored at five dollars per month I wish that thee would take every step possible to collect that money from Brower if that be lost it will be of grate importance to me for if that I should be disappointed of that it being all the resources that I have for rigging and shels the hull would be totally lost for she is to be a vessel with a sealow in the middle which people here are not acquainted with but I think it will introduce the fashon here which will be a grate advantage to this Country the ~~cradation~~ be whole. The did not write to me whether or no thee took the note from Brower in my name or in thy own if in mine he may have some demands against me for to make an offset I wish that thee would look after that I feel anxious for that I don't get disappointed in this plan I will soon settle all my affairs that is just and place my self on shure ground again I want like wise that thee would look after my thing at West Farm

Copy of account
 of Stock at Port
 Montgomery

New York 12th mo 1st 1819

Friend Herman Vosburgh I want
thou shouldst have the goodness as respects my
affairs at Fort Montgomery to consult John Owens
as respects a partner if there should be any opportu-
nity of selling my part of the property as I feel
very delicate in coupling him with a partner without
his perfect approbation as to the man with whom he
would have to transact the business— My wish is to
sell the property if it will Command seven
hundred Dollars for my part there of as the
accounts stand respecting Owens additional stock
in consequence of his salary being paid to his account
of stock and if there can be a sale made of it
to a man perfectly satisfactory to Owens as a partner
Then I wish Cyrus Cornell to be paid out of the Sale
One hundred and Eighty Eight Dollars 188
John Owens to be paid ninety Dollars $\frac{1}{100}$ 90-~~1~~
Robert Walker Eleven Dollars and some cents 11-
and thy self Eighty five Dollars $\frac{15}{100}$ 85-15
making in all three hundred & twenty four $\frac{100}{100}$ 374-56
Dollars and fifty six cents—

And the Remainder that should come to me thou
may well judge will ever be acceptable any little
variation if grounded circumstances should
require it will be cordially dispensed with but
my Opinion is ^{that} the property is worth more than
that to any one that has abilities and capacity
to occupy it From thy Friend and well wisher

Elijah Cornell

Please to give me notice when
any thing is done respecting the Sale
as thou canst by writing and Directing a letter
to me in Dutchess County of Madison &
State of New York

Dear sister

being just returned
from Hudson and A Peary
not yet gotten down I thought that I
ought to inform thee that I found
my little ones all well and likewise
glad to see me Nehemiah Finch
is very sick we have had a visit
from sister Ann which ~~was~~ was very
agreeable and likewise the Company
of Daniel at Hudson and should
have been glad to have had him to come
home with me if it had been best
and as I requested Ann to take a pair
of sheetanchors for thee and she forgot
them I shall send them by

Amos Pearly as it was the
request of Dear P C that the should
have them so in much love ^{you all} to
I remain thy Brother Benj. Chase Jr.

P S, the reason that I have not
not ~~the~~ before is because that I
have not had an opportunity ~~to~~
but I often ~~that~~ think if you
were sensible of the trials that I
have had to remount I think that
some of you would write of me for I
have had but ~~of~~ one letter from any
of you in six month
