Copy of letter to Hon
A. Woodward,

Western Hotel Decr 7. 1822

Dear Sir

I have determined to have
the Shining & Whitening mach-
ine in your care to do the
best you can with. My first
wish is to sell one ~~and~~ ^{quarter} of the patent right
which I will sell for \$1000
cash with an agreement

on my part to apply enough
of the \$1000 to build a perfect
machine to test the prin-
ciple and utility of the patent.

If such a sale cannot be
made I would give any
manufacturer of leather
the right of using a ma-
chine in his establishment.
Who would at his own expen-
se have a perfect machine
made and put it in oper-
ation mannon best to test
the principles and utility of
the patent.

If you cannot succeed in
either of the above plans you
can see what can be done

and let me know, and I
will give you such fur-
ther instructions as may
be necessary.

When the machinery ar-
rives this will be your
authority for receiving it
of Mr Blunt as it is de-
oted to his care

Yours Respectfully

E Cornell

Dr G. Ithaca Aug 7, 1862

I have not been able to start
for Charlestown south as early
as I expected to when I left
Maine. I shall probably
start in about 10 days for
Charlestown. If you get im-
patient of waiting for me
and want the freight etc
and the amount that you
paid at Augusta settled
before I get there, I wish
you would sell the wagg-
on if you can to advantage
and take your pay out
of the proceeds and hold
the balance subject to my
directions. The way you cost
\$100 at Augusta I hope

Given Joseph Chandler Esq
Charleston S.C.

I hope you can sell it for enough
to cover cost and expenses to
Charleston.

I hope you are in the
enjoyment of better health
than when I last saw you.

Yours Respectfully
E. Cornell

for R. Wood Land \$1250

M. B. Garrison
says it will take 150
or 160 logs to get
out the pines tomorrow
take 3 days work.

R. Wood wants ^{over} \$1000.
The last lot got in N York
cost \$15. fm 1000. Get mid-
ling sized poles those that
look bright & green avoid
old & rusty poles. a medium
sized pole is from 3 ft to 1 1/2
in. thick in diameter 5 or 6 feet
long but length from 16 to
24 feet

Poles should not be cut
before they are ripe if so they
will shrink back side of the
joint to test them strike a
knife in the joint and ob-
serve how they split if easily
they are good. many poles on
the west. Poles cut green
get wormy in the joint
and turn朽烂

Dr Sir If you have made
the necessary inquiry in reference
to the above plow to satisfy you that
all is right and you wish to im-
-bark in the manufacture of
to supply the country in the
vicinity of Bremen etc through
your Agents there you may
do so by paying me one
dollar on each plow as a
commission for the right.
You can get patterns and a
sample plow as easily of
Mr Lincoln at Augusta
as from those and per-
haps more so. If you should
accompunction them I shall
probably want some sent
back to the States of Georgia

and Mr. Coroline I am now
on my way to Georgia if you
wish to write me please
address me at Augusta
