International review IZVESTIYA Sept 6 states that coming of peace brings new hope to all peoples. However, tasks of democracy are serious and responsible. Much attention and patience will be needed in order to establish democratic regime in Japan and bring to stern justice war criminals who are now manoeuvring and trying to hide beneath pseudo democratic phrases. Eradication roots Jap imperialism will be required for this. Along with this, strengthening democratic system in countries Asiatic mainland, first instance China, will play decisive role. That particularly Chiang Mao conservations are attracting attention whole world public.
