Attached are photostats of a statement voluntarily submitted by Kupper, a director of I.G. Farbenindustrie to Mr. Neissbrodt in connection with the investigation of I.G. Farben currently conducted by the Foreign Exchange and Blocking Branch of the Finance Division. I thought this statement would be of interest to you and possibly to some other agencies such as the War Crimes Commission.

You may rest assured that we are attempting, as fast as possible, to obtain additional evidence in substantiation of the general subject of this statement.
