OFFICE OF U. S. CHIEF OF COUNSEL  
APO 403 U. S. ARMY

16 October 1945

MEMORANDUM FOR: Mr. Justice Jackson

SUBJECT : Defendants' List of Documents

1. Supplementing the notice concerning establishment of an Information Center for defendants in Room 54 of the building, and in connection with the requirement to furnish a list of documents for your consideration to be delivered to such Information Center on or before 22 October, it is my understanding that Colonel Taylor has obtained an extension of time and he feels reasonably certain that even the preliminary list will not be required before next Monday, 22 October 1945.

2. In order to assemble all recommended lists of documents, it is suggested that each officer charged with the responsibility of preparing such a list file his list with Lt. Barrett in the Central Files (Document Room 305) not later than Saturday, 20 October, at 1200 hours, in order that Lt. Barrett may assemble such lists, check for duplication, and forward to you, or your designated representatives, for final approval and consolidation before submission to the defendants.
