Age-friendly is *not* about old people.

AGE-FRIENDLY = GOOD FOR EVERYONE

Plan for the needs of an aging population and we automatically check off the needs of all constituents.

"Winning communities in the future will be the ones that invest in creating great places to live, work, learn, and play at every age. Charlottesville Area Alliance is the right idea at the right time."

Matt Thornhill
Founder & President, Boomer Project & Generations*Matter*

Partners

Advocates, leaders, contributors, and stakeholders in the community serving or advising the senior population.

Steering Committee

Composed 13 members, with core of "lead organizations."

Work Groups

Five standing work groups align with Alliance goals.

Support the process of becoming an age-friendly community!

1 - provide representation on the Alliance

2 - support agencies that work with seniors

3 - sign the WHO document to reflect this commitment
