

“A Prince will spring from the Devil’s seed.”

“The story of a thousand years
holds not a word of peace.”

“Night winds whispering
Moonlight shimmering
Water rippling
Starlight flickering”

“The deceiver will always find some-
one ready to be deceived.”

“I gaze upon your corpse. No
ghost shall trouble me now.”

“His rule is only part complete and fortune
turns the tide of man.”

“So captive and confined
Submissive and resigned.”

“Leaving, never looking back upon all we have known,
we’ll follow the path to the land that will be our home.”

“We lift the veil that dims our eyes.
We lift the clouds from dark and deadly skies.”

“Each change always leaves a
toothing stone for the next.”
