# INSTRUMENTATION

WELL-TEMPERED WARM-UPS, VOLUME 2 is scored in a traditional SATB format. A part for timpani (with occasional suspended cymbal) is included, and orchestra bells or chimes may play the upper line in the flute book. The conductor's book shows all of the parts in a reduced form, and includes the percussion line. The keyboard book includes chord symbols for guitar, and may also be used by electric bass.

The distribution of parts is as follows:

	WOODWINDS	BRASS	STRINGS
SOPRANO	Flute 1 (8va) Oboe Clarinet 1	Trumpet 1	Violin 1
ALTO	Flute 2 (8va) Clarinet 2 Alto Sax 1	Trumpet 2 Horn 1	Violin 2 Viola 1
TENOR	Alto Sax 2 Tenor Sax	Horn 2 Trombone 1 Baritone 1	Viola 2 Cello 1
BASS	Bass Clarinet Bassoon	Trombone 2 Baritone 2 Tuba (8va basso)	Cello 2 String Bass

The violin parts may be played an octave higher, at the discretion of the conductor. Bari sax may play the Trombone 2 part by reading the music as in treble clef and adding three sharps to the key signature.

# Well-Tempered Warm-ups, Vol. 2

Hymn-Chorales for Band, Orchestra, or Instrumental Ensemble

in all 12 Major Keys, with 6 minor keys included

*compiled and arranged by David S. Winkler*

If you've already used WELL-TEMPERED WARM-UPS, you know what a valuable resource it is for helping players to become more familiar with difficult keys and improve their blend and intonation.

Now, you can supplement the first volume with this second one. As in the first book, a scale and chorale are presented for each key. The chorales are based on hymn tunes such as "Praise My Soul, the King of Heaven," "Jesu, Joy of Man's Desiring," and "Built on the Rock the Church Doth Stand." (Note: the minor keys included in Volume 2 are those which were omitted from the first collection).

In addition to the music, the text to the first stanza of the hymn is included at the bottom of each page. The books are attractively spiral-bound and designed to last.

"If you have not yet used WELL-TEMPERED WARM-UPS with your group, I encourage you to consider doing so. You will be surprised at the difference that just five minutes of warm-up time at the beginning of each rehearsal will make in the sound of your ensemble." - DW
