Just got all this great advise about my date with Ruth from my mom. I suspect this is because she doesn't currently have a love life of her own, so she's getting over-interested in mine.

She told me, "make sure your shoes are clean" because girls always notice shoes first. That cant be right. Girls don't begin dates by looking at your feet, do they? Cleaned my shoes just in case though.

Mom then told to let Ruth choose the movie-I would have done that anyway- and make sure i pay for everything and not get carried away...Blah,Blah.

Barney called with advise too. First off he reminded me to take mints to keep my breath fresh. Then he told me i could use his never-fail chat-up line which goes like this: "i was going to wait till the end of the date to kiss you, but your just so beautiful i dont think i can." I have written it down on a card just in case my brain falls out tonight.

Finally he said just thought he'd mention the fact that when i talk to girls apparently i wobble my head i said, sort of sarcastically, "thanks for letting me know. I'll try to keep my head under control tonight."
