

QUINN

You're getting a nose job?

RACHEL

I'm...considering having a minor procedure to repair my deviated septum.

SANTANA

So, a nose job.

RACHEL

Look, I-I would never change my appearance for vanity, but, I mean, the doctor said that it could possibly improve my talent.

SANTANA

Hold up. Could we all just get real here for a second? I hear that Rachel's got a bit of a schnoz. I mean, I wouldn't know because, like Medusa, I try to avoid eye contact with her. But can we all just stop lying about how there aren't things that we wouldn't change about ourselves? I mean, I'm sure that Sam's been at the doctor's office and rifled through pamphlets on mouth reduction. I'll bet Artie's thought about getting his legs removed since he's not really using them anyways. And I'm definitely sure that Tina's looked into getting an eye de-slanting.

TINA

That's extraordinarily racist.

SANTANA

I'm keepin' it real.

TINA

Sorry Santana, I love myself and would never change a thing.

SANTANA

Look, maybe Rachel's fine with having an enormous beak. Maybe she needs it to crack hard seeds. All I'm saying is that if you look in the mirror and you don't like what you see, you should change it.
