Kathy,

It is with great pleasure that I recommend Kids College and Matter of Facts. Both programs are great, Teachers and students would not let us be without these programs. They have improved student performance greatly. These programs are very reliable, they are always up and running.

Kathy is a pleasure to work with you and your people, you always go the extra mile. Any time we need anything you are always there and ready to help. I appreciate everything you do for us.

Thanks,
HAVE A GREAT DAY!!!
Don
