YOUR PHOTOCAKE SYSTEM CAN NOW SPEAK TO CUSTOMERS

The new Screen Saver functionality allows your PhotoCake system to become a sales tool. Here's how to use your PhotoCake monitor to show your customers the many cake design options available using PhotoCake.

set up

From the PhotoCake home screen, select "Settings".

- 1 Select "System Settings"
- 2 Select "Slide Show"
- 3 Select "Slide Show Manager"

manage slides

4 Add a slide

The system comes loaded with the slides shown.

5 Add a photo

Use existing photos or create slides in a photo editing program to combine text, backgrounds and images. Use the dimensions: 1020 px x 768 px. Save as jpgs.

Select "Add Photo" and select from your saved photos, thumb drive, DVD and/or memory card.

Select the "Green Checkmark" to add the photo.

6 Add an image

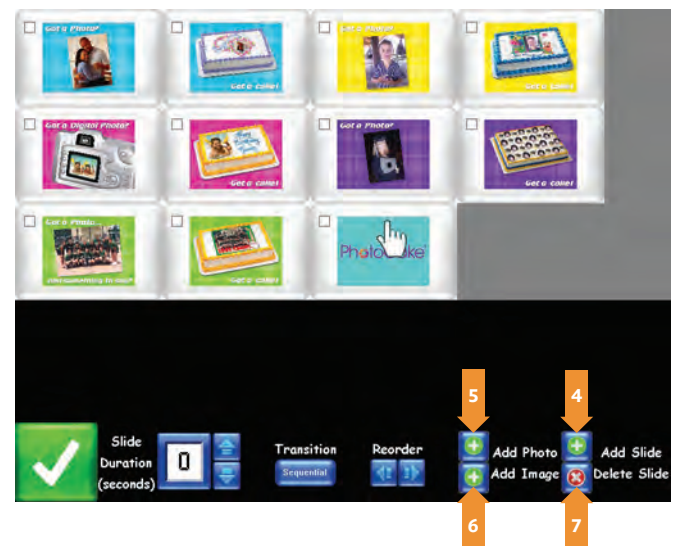

Select "Add Image" and choose a generic image from the Image Library.

Select the "Green Checkmark" to add the image.

7 Remove a slide

Select the slide to be removed.

Select "Delete Slide".

polish the show

8 Set timing

Select the slide duration in seconds for the time between transitions from one image to next.

9 Transitions

Select the Transition effect for images to fade into the next one. You can select Sequential, Left, Right, Top, Bottom, Twirl and Fade.

10 Reorder

Select a slide and move forward or backward in the sequence.

11 Save

Select the "Green Checkmark" to save the changes.

customers will love the COLLAGES YOU CREATE

Now you can print multiple
photographs on one sheet
of edible paper.

Simply print and apply to cake

Add image strips for extra flair

Decorate the cake to
tell their story

make a collage

How It Works...

1 Start the Collage

From the PhotoCake home-screen click on "Photo".

Collages can only be created using customer provided photos/images.

2 Select Edible Paper

Select the correct type of topping.

3 Add the First Photo

Click "Get the Photo". Select location of photos.

Crop the image, if necessary.

Click "Edit the Topping"

4 Add a Photo

Click the button underneath the "Photo" label to add an additional image.

5 Edit the Collage

- Add another image to the collage
- Remove an image from the collage
- Move image up in order (place an image on top of another one)
- Move image down in order (place image beneath another one)
- Add text.

6 Print the Collage

save a project

How It Works...

1 Save a Job

On the "Print" screen click "Save Job".

Licensed images and frames cannot be saved.

Name the job and click the green check mark.

2 Access a Saved Job

On the home screen, click "Saved Job".

Click the job you want to reprint.

3 Delete a Saved Job

On the home screen, click "Settings".

Select "System Settings".

Click "Delete Saved Jobs".

Select job to delete and confirm by clicking "Yes".

save time with PHOTOCAKE® DECOSSET® BACKGROUNDS

PhotoCake® DecoSet® Background Features:

- Dimensional, unique, licensed artwork

For optimal print quality,

it is necessary to use our extended size edible paper (#6521, #52601, #5262, #8837) that extends to the edges of a ¼ sheet cake, and eliminates the extra white space.

If you have any questions, please call PhotoCake® Technical Support at 1-800-644-1228.

**Let consumers know you
offer these cake designs.**

Order pages for your The Magic of Cakes® (TMOC) book. Available at no charge.

Never power the PhotoCake System down from the Power Strip.
Always power the PhotoCake System off by selecting the
“Shut Down” button located on left side of the Screen.

General Maintenance & Tech Tips

- Clean the scanner glass and underside of the scanner lid with a mild detergent applied to a lint-free cloth once a month.
DO NOT SPRAY ANY LIQUIDS DIRECTLY ONTO THE SCANNER.
- After giving the system a command, wait for the system to respond before entering a new command. You can stall the system by giving it too many commands to process.
- Be patient when browsing for images from a CD/DVD or memory card. There will be a slight delay from when you press the scroll button until you see the system respond.

Printer & Media Tips

Edible Paper Seems Too Soft

- Let paper sit out at room temperature for 15–20 minutes.
- Then place paper in freezer for 30 seconds.

Printer Will Not Print

- Make sure the front door on the printer is open and the output tray is attached before sending a print job.

The Power Light Flashes Orange — Error Codes

When an error occurs, the alarm light flashes orange.

The number of orange flashes indicates the cause of the problem.

Two Orange Flashes — Out of Paper

- If no paper is loaded in the auto sheet feeder, or if the paper is not loaded correctly, set the paper correctly and press the Resume button (⏮) on the printer to continue printing.

Three Orange Flashes — Paper Jam or Paper Feed Error

- If edible paper has jammed in the printer, carefully remove the jam and press the Resume button (⏮) to continue printing.

Four Orange Flashes —

Cartridge Inside of Printer is Out of Ink

- Replace the empty tank and press the Resume button (⏮) to continue printing.

Edible Paper Will Not Feed into the Printer

- Look for any obstructions in the paper feed slot on the back of the printer.
- Open the printer lid and clean off all of the excess ink on the rollers.
- The light on the printer should be solid green before starting to print.

Regular Maintenance

- Perform color test on the printer upon starting the system up for the first time each day. Make sure all cartridges are functioning properly. If colors are not printing on the sheet and/or if there are broken lines within the color or black grids, perform a print head cleaning.
- It is recommended that you replace your printhead, at minimum, every 6 months, depending upon usage.

Nunca apague el sistema desconectando el cordón de corriente.
Siempre apague el Sistema de PhotoCake oprimiendo el botón ‘Shut Down’ de la Pantalla Táctil.

Información General de Mantenimiento y Consejos Técnicos

- Limpie el vidrio del escáner y la parte de debajo de la tapa del escáner una vez al mes usando un detergente suave y un trapo que no tenga pelusa. **NO ROCIE NINGUN LÍQUIDO DIRECTO AL ESCANER.**
- Después de dar una orden o comando al sistema, espere a que le responda antes de dar otra orden nueva. Usted puede atascar el sistema cuando le da muchas órdenes a procesar.
- Tenga paciencia cuando esté buscando imágenes de un CD/ DVD o de una tarjeta de memoria, cuando usted toque las flechas de los lados usted se va a dar cuenta que el sistema va a demorar en responder.

Consejos para la Impresora y Hoja Comestible

La Hoja Comestible Está Muy Blanda

- Coloque la hoja en temperatura ambiente por 15–20 minutos.
- Coloque la hoja en el congelador por 30 segundos.

La Impresora No Imprime

- Asegúrese que la puertecilla de enfrente de la impresora esté abierta y la bandeja de plástico esté adherida a la impresora antes que le mande la señal de imprimir.

La Luz del Botón de Encendido esta parpadeando anaranjado — Código de Errores

- Cuando un error ocurre, la luz de alarma parpadea naranja. La cantidad de parpadeos indican la causa del problema.

Cuando Parpadea Dos Veces — No Tiene Hojas Para Imprimir

- Si no hay papel/hoja comestible en la bandeja, o si el papel/ hoja comestible está colocado incorrectamente, coloque el papel/hoja comestible correctamente y toque el botón “Resume” (⏮) para que la impresora continúe imprimiendo.

Tres parpadeos naranja indican –Papel Atascado o Error de Alimentación de Hoja

- Si la hoja comestible está atascada en la impresora, cuidadosamente remueva lo que está atascado y toque el botón “Resume” (⏮) para que continúe imprimiendo.

Cuando Parpadea Cuatro Veces — El Cartucho de la Impresora está Vacío

- Reemplace el cartucho vacío y toque el botón “Resume” (⏮) para que continúe imprimiendo.

La Hoja Comestible No Entra en la Impresora

- Busque cualquier obstáculo en la bandeja ubicado en la parte de atrás de la impresora.
- Abra el compartimiento de la impresora y limpie todo exceso de tinta en los rodillos.
- La luz de la impresora debe de ser verde solido antes de empezar a imprimir.

Mantenimiento de Rutina

- Ejecute la prueba de colores “Color Test” cada vez que prenda el sistema por primera vez en el día. Asegúrese que todos los cartuchos estén funcionando correctamente. Si los colores no imprimen en la hoja y/o si aparecen líneas entre los colores o líneas líneas quebradas entre las líneas cuadrículadas negras, limpie el cabezal usando la opción “Print Head Cleaning”.
