

Professional graphic designer/web-developer services

Professional graphic designer/web-developer with more than 7 years of experience.

High quality and unique design for your:

- the corporate style [brands and slogans, logos, business cards, accessories];
- advertising [flyers, posters, banners, wallpapers, screensavers, packing, advertising modules for publishing];
- web-design;
- flash-animation;
- web-development [Flash, Flex, ActionScript, PHP, HTML, CSS];
- 3D graphics.

I use following tools:

- Adobe Photoshop and Fireworks for raster graphic;
- Adobe Flash and Illustrator for vector graphic;
- Adobe Acrobat and EC Software Help & Manual for PDF, CHM, HLP generation;
- Axialis IconWorkshop and Professional Screen Saver Producer for icons, screensavers, presentations;
- Adobe Flex Builder/Eclipse;
- NewTek LightWave 3D.

You can see my current projects: [www.frmoi.eu](http://www.frmoi.eu) [design, flash, development].

Some of my works you can see here: <http://www.coroflot.com/GeneMonroe>

Or download here: <http://www.frmoi.eu/webmaster/images.zip>

Current version of CV: <http://www.frmoi.eu/webmaster/cv.zip>

I can do the searching optimisation of Your web-site for Google, etc. [first step of web-site promotion].

I have the base information about WAN and OS Unix, and know, how work a big web project on level protocols, caches, firewalls and so on. I can use web-server Apache [SSI, httpd.conf, .htaccess, .htpasswd].

I know PC hardware including server-designed hardware and can assemble industrial computer with preinstalled OS FreeBSD. I can assemble and support [upgrate, repair and so on] PC-based computers under Windows OS family.

Flexible approach, competitive rates, always meet the deadlines. My main working principles are high quality of the work and its timely delivery to the customer.

I speak english and spanish.
