

# RESUME

## OBJECTIVE

To succeed as a graphic designer, where my creative thinking, design, writing, illustration, and computer skills will help creatively solve problems and impact the world around me.

## TECHNICAL EXPERIENCE AND SKILLS

- |             |  |
|-------------|--|
| QuarkXPress | • Extreme dedication to my profession.                                     |
| Illustrator | • Working with new material or information to grasp its implications.      |
| Word        | • Work within a deadline and meet the deadline accordingly.                |
| PageMaker   | • Use my talents to their full range of potential.                         |
| Photoshop   | • Ease of communication and understanding of client needs and demands.     |
| InDesign    | • Efficiency with PC/IBM and Mac platforms.                                |
| Director    | • Ability to creatively direct and manage several projects simultaneously. |
| Dreamweaver |  |
| Flash       |  |

## CREATIVE EXPERIENCE (Most recent listed first)

### Think<sup>TV</sup> – Art Director

Projects Included: Design and implementation of all print aspects of Think<sup>TV</sup>. This includes special event materials, curriculum kits, newspaper ads, signage, on-air graphics, flyers, brochures, posters, direct-mail, invitations, and DVD/CD covers for material produced on-location.
