

**The Episcopal Diocese of Kentucky has teamed up with ourchurchvideos.com (OCV) to provide your church access to any of their 3 ministry critical communication tools - and for a very special price.**

The service options below makes OCV's services even more affordable and obtainable.

**ourchurchvideos.com**

**live**  
Video Streaming

**OCV ML**  
Media Library

**f**  
Fanpage Customization

Pick 1 service for only \$69/month!  
Pick 2 services for only \$89/month!  
Get all 3 services for only \$99/month! (\$260/month value!)

1. **Live Video Streaming** allows you to video stream your worship services live, over the Internet, and on your website or facebook fan page. You can utilize this tool to reach home bound, those away on vacation or business, and those that are looking to visit your church. Many churches have looked into this in the past but it has been cost prohibitive, OCV makes it affordable.
2. Use the "**Media Library**" to archive sermons and other videos from your church so that members and nonmembers can come back time and time again to experience everything your church has to offer. Your Media library become a custom, youtube-like video collection system. Not only can your staff upload worship services, but so can members of your church. The media library resides on your church website and members can upload video, audio and pictures to help collect the many different messages from around the church. Don't worry, all content has to be approved before it shows up.
3. **OCV Social Facebook Fanpage Customization** is a tool that several churches and church organizations are very pleased about. This communication tool allows your church or organization to fully utilize the viral capability of facebook and makes your facebook fanpage unique with a website like facebook app built specifically for your page. Visit [www.facebook.com/wwfcog](http://www.facebook.com/wwfcog), on the left side of the page. With over 50% of ALL church members actively using facebook, it is time for your church to fully utilize this wonderful networking tool to reach members and those interested in the activities of your church.
