

## Stephen Ministry

Confidentiality is the Operative Word for this important ministry.

All **Stephen Ministers** are specially trained lay people who can listen to you without judging, pray with and for you, or just be there when life throws you a curve ball . . .

The **Stephen Ministries** were founded by a Pastor and Clinical Psychologist who understood the importance of quality, one-on-one Christian care for people experiencing a crisis in their lives. More than 9,000 congregations from 100 different Christian denominations offer the discreet, caring services of **Stephen Ministers**.

To learn more about how they can help you, speak to the **Stephen Minister** on duty in the Narthex each Sunday. They are waiting to talk to *you*.
