#### UNDERSTANDING THE APPRECIATIVE WAY:

**"Jesus didn't come that we might have less death,  
he came that we might have life."**

Too often we spend our time engaged in change processes that, at best, are stop-gap measures to delay death. What the church needs today is not change but transformation - a new way of seeing and being in the world.

The **Appreciative Way** is an intentional and strategic way of engaging in transformation by discovering and growing what is life-giving to the congregation.
