Subject: Important CPG Webinar on the Clergy Pension Plan Revisions

Dear Colleagues:

The Church Pension Group (CPG) is hosting live, 90-minute webinars to help us understand the upcoming revisions to the Clergy Pension Plan that will go into effect in January 2018.

The revisions maintain the overall value of benefits provided today and offer greater flexibility, consistency, and simplicity. The new Clergy Pension Plan is responsive to the changing needs of the Church, is equitable and balanced in its delivery of benefits to all participants, and is easier for participants to understand and for the Church Pension Group to administer.

This webinar is a great chance to learn what's changing and how you might be affected. Please register to attend, especially if you'll be retiring this year or in 2018.

All webinars begin at 2PM ET. There is no fee for this event. Please choose the date that works best for you and click on the link to register:
