

January 27, 2010

Dear Kaboom,

Our school, Queen Elizabeth, would like to build a playground. We have a big yard but only 1 climber for our whole school.

We would like to have a playground so everyone could have a place to play. If we have more

equipment students could  
stop arguing over the  
climber.

Playing outside keeps us  
healthy and we can take  
turns when we play.

Please help us build our  
playground.
