AGENDA

DOWNTOWN DEVELOPMENT AUTHORITY

DDA

Board Members:

Mayor Rosalynn Bliss • Kayem Dunn • Jermale Eddie • Dr. Wendy Falb Jane Gietzen • Brian Harris • Diana Sieger • Jim Talen • Rick Winn

Wednesday, September 12, 2018 8:00 a.m. Meeting 29 Pearl Street, NW Suite #1

12. Public Comment (9:30)

14. Adjournment

13. Board Member Discussion (9:40)

1. Call to order

2.	Approve Meeting Minutes from August 8, 2018 (8:01) (enclosure)	Motion	Harris
3.	Accept Financial Statements from August 31, 2018 (8:04) (enclosure)	Motion	Wallace
4.	Downtown Tree Planting Agreement (8:10) (enclosure)	Motion	Wong
5.	Lyon Square Asset Management Plan (8:20) (enclosure)	Motion	Kelly
6.	Development Support Request: 10 Ionia Avenue (8:30) (enclosure)	Motion	Kelly
7.	Downtown Enhancement Grant Request: 12 Weston Avenue (8:40) (enclosure)	Motion	Kelly
8.	PILOT Request: 72 Sheldon Boulevard (8:50) (enclosure)	Motion	Banchoff
9.	Downtown Neighbor Network Update (9:00) (enclosure)	Info Item	Buller
10.	Visitor Parking Public Information Initiative Update (9:10)	Info Item	Guy
11.	President & CEO Report (9:20)	Info Item	Kelly

MEETING OF THE DOWNTOWN DEVELOPMENT AUTHORITY

August 8, 2018

1. <u>Call to Order</u> – The meeting was called to order at 8:02am

2. <u>Attendance</u>

<u>Present</u>: Kayem Dunn, Jermale Eddie, Jane Gietzen, Brian Harris, Diana Sieger, Jim Talen, Rick Winn, Mayor Rosalynn Bliss

Absent: Dr. Wendy Falb

Others Present: Tim Kelly (DDA Executive Director), Flor Valera (Administrative Assistant), Jana Wallace (DDA Treasurer), Dick Wendt (DGRI Legal Counsel), Stephanie Wong, Mark Miller, Annamarie Buller, Jennie Schumacher, Gabi Schumacher, Andy Guy, Megan Catcho, Kimberly Van Driel (DGRI Staff), Bill Wenk, Tim Marshall, Richard Bishop, Trevor Bossworth, Diedre Deering, Shaun Biel, Ehren Wynder and others.

3. Approve Meeting Minutes from June 13, 2018

Motion: Kayem Dunn, supported by Jane Gietzen, moved approval of the minutes from the June 13, 2018. Motion carried unanimously.

4. <u>Accept Financial Statements from June 30, 2018</u>

Jana Wallace introduced the financial statements for the fiscal year ended June 30, 2018. Ms. Wallace said there is not much to report as there are pending calculations for year-end entries, and noted that the final statements will be presented after they have been audited.

Motion: Jane Gietzen, supported by Mayor Rosalynn Bliss, moved to approve Statement D: Schedule of June 30, 2018 Expenditures as recommended. Motion carried unanimously.

5. Block By Block Contract Amendment

Tim Kelly said this request is to approve a 3rd Contract Amendment with Mydatt Services Inc. dba Block by Block to increase wages for the Downtown Ambassador for FY2019. Mr. Kelly said the \$.50 raise with help with the retention and keep wages for the program competitive with similar jobs across the region. Mr. Kelly added that the DGRI Board of Advisors will consider a similar increase in wages for the Clean Team portion of the contract at its September 4th meeting. Jane Gietzen asked if these were full time jobs with benefits. Mr. Kelly responded that some are full time jobs with full benefits. Rick Winn asked what the starting salary is. Mr. Kelly said the starting salary is \$11 dollars an hour.

Motion: Rick Winn, supported by Jane Gietzen, moved to approve the resolution authorizing the DDA Chair to execute a 3rd Amendment to the Agreement with Mydatt Services, Inc. dba Block by Block to increase wages for the Downtown Ambassadors for FY2019. Motion carried unanimously.

6. <u>Downtown Enhancement Grant Request:351 Summer Avenue</u>

Tim Kelly introduced the request for a Downtown Enhancement Grant (DEG) for 351 Summer Avenue. Mr. Kelly said the owner is requesting reimbursement for the renovation of the existing vacant building to help accommodate a new furniture store. Mr. Kelly gave an overview of the proposed improvements and project cost and added that the work is expected to begin fall 2018.

Motion: Kayem Dunn, supported by Brian Harris, moved to approve a Downtown Enhancement Grant request in an amount not to exceed \$25,000, or 50 percent of the project costs (whichever is lower) for the renovation at 351 Summer Avenue.

7. Calder <u>Plaza Phase I Improvements</u>

Stephanie Wong introduced a request to fund the initial permanent improvements for Calder Plaza. Ms. Wong reminded the Board that DGRI, along with the City and Kent County adopted the master plan for Calder Plaza in February 2017. The temporary improvements were approved in April 2018, which included the purchase of movable furniture, hammocks, and games. Ms. Wong gave an overview of the phase I permanent improvements that include: landscape bed improvements, an outdoor stage with covering, and a café/food service building component. Ms. Wong explained that a request for qualifications (RFQ) was issued and distributed nationally in June by the City of Grand Rapids. The selected firm was Progressive AE and the contract is for design and bidding services. Mayor Rosalynn Bliss asked if the project will be completed before the 50th year celebration. Ms. Wong responded no, but the goal is to have a ground breaking event in time for the anniversary. Ms. Wong proceeded to give an overview of the total construction cost and noted that funding for the services are allotted in the FY19 budget under Priority Plan LTI Parks Design. Kayem Dunn asked where funding would come from outside of the DDA's responsibility. Mayor Bliss said the City has discussed funding for its share of the cost and hopes the County would come in as partners to contribute as well.

Motion: Kayem Dunn, supported by Jane Gietzen, moved to approve the recommendation to authorize the Executive Director to enter into a contract with Progressive AE for an amount not to exceed \$213,180 to develop Design and Bid Services for Calder Plaza Redesign- Phase I Improvements. Motion carried unanimously.

8. Holiday Lighting Contract Authorization

Annamarie Buller gave an update on the current Holiday Décor that is to display during the holiday season. She explained that the reinstallation of current displays and some additional lighting to adorn Downtown were included in the current FY19 budget. Ms. Buller noted that additional décor is planned for Rosa Parks Circle, Louis Campau, North Monroe, Pearl Steer and Ah-Nab-Awen Park. Ms. Buller said DGRI solicited quotes form three firms that specialize in outdoor holiday decorations; Christmas Décor by DeVries was determined the best option. Jim Talen asked if they were the cheapest. Ms. Buller said yes and added that their services are within the program's timeframe. Jermale Eddie asked if the lights could be use year round and if there was a way to control the colors of the lights during special holiday events, such as Fourth of July. Ms. Buller responded that is something that could be considered down the road.

Motion: Rick Winn, supported by Kayem Dunn, moved to authorize the expenditure of up to \$60,000 to Christmas Décor by DeVries for the provision, installation, take- down, and storage of holiday decorations. Motion carried unanimously.

9. Downtown Streetspace Guidelines Update

Tim Kelly introduced Mark Miller, as the new Managing Director of Planning and Design for Downtown Grand Rapids Inc. The Board welcomed Mr. Miller, who proceeded to give an update on the current draft for the Downtown Streetscapes Guidelines. Mr. Miller said the goal was to have the final draft completed by April, but explained that interesting observations were identified during the engagement process that lead to the modification of the document. Mr. Miller explained that the project idea went from simply thinking about building functional streets to understanding how to build beautiful streetspaces that promote pedestrian experience and put people first. Mr. Miller noted that the quidelines are intended to quide public and private investment decision for the physical improvements of downtown and added that it's important to understand this, as often times the DDA funds some of these improvements. Mr. Miller gave a brief overview of the different engagement projects, which included field observations, digital surveys, steering committee meetings, project demonstration on Fulton Street, and engagement with high school students from Innovation Central. Student were asked to conduct audits of downtown streetspaces to learn how they feel about the streets as one of the biggest issues is getting students to come downtown. One interesting observation noted by students, was as simple as not having a place to plug their phones. Mr. Miller said in July DGRI met with various departments of the City to review the guidelines, and added DGRI is expecting their feedback by the end of the week. Mr. Miller said some of the suggestions gathered through the engagement process were better wayfinding signs, slower traffic, more lighting, and safe crosswalks/street crossings. Mr. Miller explained that the streetscape's quidelines framework is intended to put people first, create inviting spaces, and build enduring places for sustainability to ensure that the investment is meaningful and long-term. Mr. Miller said it's important to think about rebalancing the streetspace and learning to ask new questions during the design process, as rebalancing ensures that the pedestrian is considered the "design vehicle" for all projects and will help create a people-first streetspace. Mr. Miller gave an overview of some prototypes of Flex Zone opportunities and Pedestrian Zone elements. He added that Flex Zones have the potential to add people space in the form of curb extensions, bus bulbs, bike facilities, and wider pedestrian zones. Mr. Miller concluded by saying that DGRI is planning to meet with the Design team and the Steering Committee in August and the hope is to have a public draft by September 2018. Brian Harris asked cost implications associated with these quidelines. Mr. Miller said that will depend on which street improvement we are working on at the time.

10. River Design Guidelines and Asset Management Plan

Tim Kelly introduced the lead consultant on the project, Bill Wenk from Wenk Associates, to give an update on the current work with the River Design Guidelines and the Asset Management Plan. Mr. Wenk said the presentation includes updates on the following project components: information on public engagement, Grand River corridor design quidelines, strategic asset management plan, and an overview of the six (6) different opportunity sites. Mr. Wenk introduced Richard Bishop, from Grand Rapids White Water, to discuss the current status of the in-river water restoration of the rapids. Mr. Bishop explained the permitting process and said there is a formal Section 7 of the Endangered Species Act (ESA) consultation request set in motion and the advantage is that this will allow for all parties involved to stay on schedule. Mr. Bishop said the construction process will be broken down in two (2) Phases: Phase 1 which would begin between Bridge Street and Fulton Street and Phase 2 would then take place between Ann and Leonard Streets where an adjustable hydraulic structure will need to be built before the Sixth Street Dam can be removed. In terms of schedule, Mr. Bishop said some critical dates include submitting the final Biological Assessment to the National Resources Conservation Service (NRCS) on September 4th, where they will have two weeks to review it before submitting it to the United States Fish and Wildlife Service (USFWS). Mr. Bishop said the USFWS will then have 90 days to make any revision and issue a Biological Opinion by January 28, 2019. He added that if everything works based on the projected schedule, a permit will be issued to start the work in the river by July 2019. Brian Harris asked if the process would need to start over if issues are found during the biological assessment. Mr. Bishop responded the goal is to have any issues resolved during the 90 days assessment, if any concerns come up, the USFWS will notify them and have those issues resolved before a final Biological Opinion is issued. Mr. Bishop gave an overview of all the funding sources and named the agencies who have committed to support this project. Rick Winn asked when the actual work will begin. Mr. Bishop said once the permits come forward, the goal is to start work in July. The Board thanked Mr. Bishop for his update. Mr. Wenk proceeded to give an overview of the public outreach process and shared some of the recommendations that people would like for the River Corridor such as landscaping improvements, more programming, and better accessibility. Mr. Wenk explained that the Design Guidelines are organized by Corridor-Wide Guidelines, which provide consistency, identity, and connectivity for the entire corridor, and Site Type and Character Guidelines which recognize and celebrate the diversity and uniqueness, history, and potentials of the corridor. The first component of the Grand River Corridor Design Guidelines provides design quidelines for all the future river trail and river edge improvements along the river corridor. Mr. Wenk said the second subject area of the River Design Guidelines outlines recommendations based on four (4) site types found along the corridor that represent broad categories of private and public use lining the river. These include Natural Riverfront parks, Industrial Redevelopment Areas, Public River front Parks, and Urban River Front Parks. Mr. Wenk noted that each site type is then divided into eleven (11) character areas that reflect changes in the land use, river edge types and development density. Mr. Wenk said the Natural Riverfront Parks include four (4) character areas and the intent is to incorporate a network of trails; provide more diverse opportunities for environmental education; and expand opportunities for river access. Industrial Redevelopment areas include three (3) areas north and south of downtown that are more industrial and are part of public-private partnerships. The design intent is to diversify the experience at the river edge by providing overlooks, outdoor seating, and river access. Public Riverfront Parks include two (2) character areas and the design intent is to expand and enhance these existing recreational parks to become even more important cultural, recreational, and leisure destinations for Grand Rapids. Urban Riverfront Parks includes two (2) character areas and the design intent is to make them become the primary destinations on the river for boating competitions, and large, civic, and entertainment festivals and events. Mr. Wenk said these sites will also be a daily destination for downtown office workers, resident, and visitors to relax and enjoy the river. Mr. Went gave an overview of the Material Guidelines and added that these guidelines are intended to inform design decisions with recommendations for commonly-used and tested design materials. Mr. Wenk explained the selected materials for the Corridor-Wide components which include lighting, railing, welcome mats, litter and recycling receptacles. The materials recommend by Site Type include site walls, terrace, screening and paving/surfacing for trails, gathering areas, and boardwalks. Mr. Wenk asked the Board if they have any questions, the Board responded no.

Mr. Wenk introduced Tim Marshall, principal and owner of ETM Associates, to discuss how the future improvement recommendations outlined in the Design Guidelines should be managed and maintained for the long-term success. Mr. Marshall said the Strategic Asset Management Plan (SAMP) is intended to be a long-range planning document for the City and its partners to guide the maintenance and management of assets in the Grand River Corridor. Its goal is to help identify the levels of service for each character area, maintenance forecast and potential management strategies. Mr. Marshall said there are four (4) proposed Levels of Service (LOS) for the Grand River Corridor: Downtown areas are considered high use; urban areas are considered well-used; high profile natural areas are consistent with some use; and natural reserve areas are considered remote less used areas. Mr. Marshall gave an overview of the maintenance forecast methodology and the life cycle projections. He added that maintenance needs were identified for each type of landscape area based on the level of use, potential flooding, and seasons. He added that these were used as the basis for estimating the annual maintenance hours and cost at the recommended levels of service. Mr. Marshall added that while the

Asset Management Plant (SAMP) uses the anticipated life expectancy for planning purposes, the ultimate decision to replace an asset should be based on its observed condition and not the modeled lifespan. Mr. Marshall went over the management strategies outlined in the Asset Management plan and presented the Plan-Do-Check-Act Method, which can help facilitate continuous improvements and help reveal trends over time to inform future maintenance practices and material choices. He added that integrating this Strategic Asset Management Plan into City Practices, financial planning, and budgeting can serve as the first step towards creating a robust management program that can be used to allocate appropriate funding for maintenance. Mr. Marshall concluded his presentation by sharing the next steps which include developing maintenance estimates for the Opportunity Sites and incorporating Lyon's Square into the scope. Mr. Wenk presented the conceptual designs for each of the six (6) Opportunity Sites which include the Grand Rapids Public Museum, Fish Ladder Park Site, North Monroe Site, Coldbrook and Canal Street Boat Launch, Water Department Storage Unit, and the Leonard to Ann Street Trail. He added that maintenance needs for the features unique to each opportunity site will be included in a future draft.

11. President & CEO Report

DDA (6/13/18)

- Adopted FY19 Budget
- Approved MOU for DASH North Services
- Authorized Support for GRPS Museum School
- Approved a Retail Innovation/Incubator Support Grant
- Authorized Funding for a Visitor Parking Public Information Initiative
- Authorized Support for Weston Street Reconstruction
- Authorize Funding for Grandville Ave Gateway
- Approved Downtown Enhancement Grants for Little Bird and MeXo
- Received a Movies on Monroe Presentation

DID (5/16/18)

- Approved Financial Statements through 4/30/18
- Received Update on Spring and Summer Plantings and the Clean Team
- Recommended FY19 Budget to the City Commission

MNTIFA (6/13/18)

- Adopted FY19 Budget
- Approved MOU for DASH North Services

DGRI (6/28/18)

- Received an update on Start Garden Initiatives
- Reviewed FY19 Performance Management Objectives

GR>> Highlights

Goal 1 - Reestablish the Grand River as the draw to the City and Region

- Riverfront Trail Design Guidelines
 - o Draft Guidelines and Asset Management Plan Under Review
 - Finalizing Fish Ladder Design
 - Consultant Return Trip in August with presentations to DDA (8/8) and City Commission (8/14)
 - o Next Steps and Upcoming Outreach:

- o Booth at River Fest (6/23)
- o Neighborhood Leadership Meeting (6/28)
- Riverfront Trail Economic Impact Study
 - o Contracted Grand Valley State University to conduct analysis
 - o Met with GVSU project team week of 6/25
 - o Preliminary findings in Summer 2018
- Lyon Square Opportunity Site
 - o Construction documents being developed for Phase 1 (Uplands)
 - o Coordination ongoing with surrounding stakeholders
 - o Budget discussion with City on 6/12
- Ah-Nab-Awen / Indian Mounds Park Enhancements
 - o Construction Ongoing
 - o Changes include flood protection improvements, 15-foot trail section, enhanced public seating and new lighting from Pearl Street to Gillett Bridge
 - Estimated Completion in August 2018

Goal 2 - Develop a true Downtown neighborhood home to a diverse population

- Downtown Neighbor Network
 - o Planning committee finalized mission, vision and goals at June meeting
 - o Recommendations will be presented to Committee in July
 - Network Board/Committee seated in the fall
- Development News
 - o Celebrated ground breaking of the Canopy Hotel that is part of the Studio Park development
 - o Participating in steel beam "placement ceremony" for 150 Ottawa
 - o 449 Bridge Street received MDEQ Brownfield Grant
 - o Coordinating with City on 10 Ionia project

Goal 3 - Implement a 21st century mobility strategy

- Bus Shelter Enhancements
 - o Held Meeting with Mobile GR and Rapid staff to outline project funding and schedule
 - o Goal is to deploy new Downtown shelters before next winter
- Pedestrian Safety Enhancements
 - o Improvements complete on Division Avenue
 - o Keeler Building Areaway reinforcement under construction
 - o Michigan Street crossing designs being finalized and the project will be bid fall 2018
- Division Avenue Bike Lane
 - o Construction complete
 - o Survey distributed
- Downtown Streetspace Guidelines
 - o GR Forward Goal 3 Alliance reviewed draft in May
 - o Meetings with various City departments being scheduled to review recommendations
 - Presentation to the DDA Board August 2018

Goal 4 - Grow more & better jobs & ensure continued vitality of the local economy

- Recruit a major office tenant to Downtown
 - o Working with City and Right Place to develop a more concerted and intentional recruitment strategy to attract larger office tenants Downtown
- Foster ground-floor businesses to diversify the mix of Downtown retail offerings
 - o Grant approved for Tamales Mary and Move Systems by DDA on 6/13
 - o Working with Studio C! to support diverse offerings as part of their tenant mix

Goal 5 - Reinvest in public space, culture & inclusive programming

- VandenBerg Plaza/Calder Plaza Improvements
- o Short-term activation underway including food trucks and various entertainment options
- o Additional furniture deployed
- o Request for Qualifications issued to design the proposed pavilion at SE corner of plaza
- o Consultant selection at DDA 8/8
- o June 2019 is the 50th anniversary of the plaza's opening in 1968 and a key organizing point for a celebratory moment

Food Trucks

- o Extension of pilot ordinance approved by City Commission May 2018
- o Final report and recommendations to occur January 2019

• Public Realm Improvements

- o Spring plantings completed
- o Cigarette urns being deployed in four additional locations in June 2018
- o Pilot recycling program being deployed on Monroe Center in June 2018
- o Tree plantings with FOGRP completed
- o Michigan/Ottawa off ramp improvements being designed
- Explore opportunities to beautify public plaza at Van Andel Arena
 - o Developing preliminary conceptual designs
 - o Exploring partnership/funding opportunities for FY2019

• Division Avenue Safety and Cleanliness Improvements

- o Lighting
 - DDA authorized funding in May 2018
 - City completing design and identifying funding
- o Public Restrooms
 - City and DGRI working with Heartside Quality of Life committee to finalize design and operation of new public facilities for Cherry / Commerce and Weston / Commerce parking ramps
 - City and DGRI partnering to develop a sustainable facility management protocol for the new facilities.

Public Art

- o Collaborating with UICA Exit Space to paint riverfront mural down the stairwell near the Grand Rapids Public Museum. Painting underway
- o Exploring mural opportunities on MDOT wall behind MSU Research Center

Goal 6 - Retain & attract families, talent & job providers with high quality public schools

- Grand Rapids Public Museum School (54 Jefferson)
 - o Renovation of 54 Jefferson in progress and looking great
 - o DDA approved support of pocket park at June 13 meeting
 - The building will reopen as a high school in September 2018. Ribbon cutting 8/15.

14. <u>Adjournment</u>

The meeting adjourned at 9:57am

Agenda Item 3. September 12, 2018 DDA Meeting

DATE: September 7, 2018

TO: Brian Harris

Chairman

FROM: Jana M. Wallace

Downtown Development Authority Treasurer

SUBJECT: FY2019 Interim Financial Statements as of August 31, 2018

Attached are the Authority's interim financial statements for the first two months of its fiscal year ending June 30, 2019. The attached statements include:

Statement A: Balance Sheet

Statement B: Comparison of FY2019 Budget vs Actual Results

Statement C: Statement of Project Expenditures

Statement D: Schedule of July and August, 2018 Expenditures Statement E: DDA Series 2017 Bond Proceeds Statements

These are the first set of FY2019 financial statements being submitted for the Authority's review. Per Commission Talen's request on September 9, 2015, here is the list of FY2018 projects which have been removed from the FY2019 version of Statement C:

African-American Museum and Archives Space Rental Support – Completed

Areaway Fill Program (ARIP) - Replaced with Downtown Enhancement Grants

Bridge Street Streetscape Improvements - Completed

Building Re-use Incentive Program (BRIP) – Replaced with Downtown Enhancement Grants

Street Trees Maintenance Program - Replaced with Downtown Tree Plantings

Streetscape/Riverwalk Projects TBD – Replaced with Sheldon Blvd – Weston to Cherry Street

Streetscape Improvement Incentive Program – Replaced with Downtown Enhancement Grants

Veterans Park Capital Improvements - Completed

On Statement A there is a negative "Pooled Cash and Investments" ("Cash") balance for the Debt Increment Fund. Cash will return to a positive balance when tax increment revenues resulting from the July 1, 2018 levy are distributed by the City Treasurer in September.

Please contact me at 616-456-4514 or jwallace@grcity.us if you have any questions.

MEMORANDUM

DOWNTOWN DEVELOPMENT AUTHORITY

Agenda Item #4

September 12, 2018 DDA Meeting

DATE: September 7, 2018

TO: Downtown Development Authority

FROM: Tim Kelly, AICP

President and CEO

SUBJECT: Downtown Tree Planting and Canopy Analysis Authorization

GR Forward (Plan) established a goal of doubling the Downtown tree canopy from 5 percent to 10 percent. To

accomplish this, DGRI intends to complete at least 200 Downtown tree plantings each year to achieve the canopy goal by 2025. As outlined in the table below, since approval of the Plan in December 2015 more than 930 trees have been planted in Downtown.

Year	# of Trees Planted
2016	357
2017	378
2018	201
TOTAL	936

For fall 2018, 50 new trees are proposed be planted through a partnership with Friends of Grand Rapids Parks (FGRP). The trees will be planted primarily by volunteers as part of three community planting events. In addition to the plantings, as previously requested by the DDA Board part of the agreement with FGRP will include an update to the GIS inventory to understand the current condition of existing trees. The analysis will also make recommendations for additional plantings, including necessary removals of dead or hazardous trees. Watering and maintenance of the newly planted trees will also be covered.

To complete this work toward an important community goal, authorization is requested for an amount not to exceed \$50,000. If approved, funding will be provided out of the Downtown Tree Planting line item in the DDA's FY2019 LTI budget.

Recommendation: Authorize an amount not to exceed \$50,000 for Friends of Grand Rapids Parks to complete fall 2018 Downtown tree plantings, complete an update and analysis of existing trees and recommendations for future plantings, and provide watering and maintenance services of new plantings.

Downtown Grand Rapids Inc. Tree Planting, Research & Maintenace Proposal

Prepared for:

Downtown Grand Rapids Inc.

Prepared by:

Friends of Grand Rapids Parks

Friends of GR Parks Organization Overview

Introduction

This document is intended to serve as a proposal from Friends of Grand Rapids Parks (FGRP) to provide young tree care and urban canopy work to Downtown Grand Rapids Inc. (DGRI). In this document you will find background information on FGRP, details about previous projects conducted by FGRP for DGRI, and a proposal for urban forest canopy improvement work by FGRP for DGRI in the Downton District Corridor for spring of 2018.

The document also contains a detailed project timeline as well as a cost breakdown per project milestone. A signature line is provided at the end of this document to signify acceptance of this proposal.

Friends of Grand Rapids Parks Information

Friends of Grand Rapids Parks is an independent, citizen led, nonprofit enterprise founded in 2008, working closely with but separate from the City, with the mission to empower people to cultivate vibrant parks, trees, and green spaces in Grand Rapids. We believe that vibrant parks and public spaces are essential to support the community's economic health, competitiveness, and cultural well-being. We understand that a healthy urban canopy a long-term commitment, and are committed to help achieve the city's goal of a 40% urban tree canopy in Grand Rapids through the work of the Urban Forest Project. The need for these efforts is especially apparent in the DGRI corridor where existing infrastructure is limiting to a flourishing canopy.

Our project lead is a participating member of the International Society of Arboriculture (both Midwestern and Michigan Chapters) and is sworn to uphold the standards set by these entities for urban forest project planning, management, and execution.

Past Projects

In May of 2018 FGRP planted 83 trees in the DGRI corridor and has continued regular watering and monitoring of the trees through the hot summer months (June through September). FGRP has also partnered with DGRI to provide chairs at a rental rate of \$2/chair for public attending bi-weekly Movies on Monroe events at Monroe Park throughout the summer of 2018.

Proposed Project

Project Phase	Description	Cost	Timeline
GIS Inventory	GIS inventory of current tree assets as well as potential planting spaces. Deliverables include access to all resulting data, a report of findings, and physical and online maps of potential planting locations (including locations of necessary removal of current dead or hazardous trees).	\$20,000 (materials, transportation, equipment, and 2 months of work for 2 FGRP staff)	October through November 2018
Tree Planting & Community Engagement	(1) Planting of 50 trees in public and/or private spaces broken into 3 events) (2) Notification and engagement of residents, private property owners, and other stakeholders in tree planting events as well as continued care of downtown urban trees.	\$17,250	October 2018
Tree Watering and Maintenance	Watering of all trees planted in the Downtown District by FGRP in the last 2 years, and maintenance of water bags, tree stakes, and other miscellaneous needs.	\$3,000 for fall (maintenance materials including stakes, water bags, etc., and 2 months of work) \$7,000 for summer/fall watering 110 trees	October through November (until air temp. falls below 40 degrees) Then watering of all 80 2018 spring trees plus 30-50 2018 fall trees

Potential Planting Locations in Public Spaces for Fall 2018

Address	Street	Note	# Trees	Size
941	Monroe Ave NW	Canal Park (parking lot island)	1	L
647	Monroe Ave NW	Stumps in 6th St Park and Canal Park	2	L

Canal Park Stump Replacement and Parking Island Planting

Address	Street	Note	# Trees	Size
600	Monroe	Island by Brassworks Building -multiple missing trees	3	L

Address	Street	Note	# Trees	Size
215	Lyon St NE	(Multiple locations along north and west sides of GRCC track)	8-12	M & L

All other planting will occur on private property. Friends of Grand Rapids Parks asks that Downtown Grand Rapids Inc. assist in contacting potential private businesses and landowners who may be interested in applying for a tree planting on private property.

Terms

Total Project Cost: \$47,250

Payment Terms:

All three projects to be billed separately with 50% due upfront and 50% due upon completion of the projects.

MEMORANDUM

DOWNTOWN DEVELOPMENT AUTHORITY

DATE: September 7, 2018

TO: Downtown Development Authority

FROM: Tim Kelly, AICP

President and CEO

SUBJECT: Lyon Square Asset Management Plan

Agenda Item #5 September 12, 2018 DDA Meeting

On April 11, 2018, the Downtown Development Authority (DDA) Board authorized funding to complete final design documents for Lyon Square. This final design phase is anticipated to take approximately 6 months, and will include completion of construction documents, specifications and an opinion of probable costs to aid in the development of a construction funding strategy. The approved scope of work also includes services associated with the bidding of the project for construction.

With a ground breaking anticipated for 2019, the Board has requested a better understanding of the overall costs to maintain the proposed improvements. As with other forthcoming River Corridor investments, significant public and private funds are going to be utilized to complete the project, and it is important to understand what it will cost and who is responsible for maintaining it once complete.

To help clarify the maintenance requirements, staff recommends approving the DDA's share of the attached scope of work with ETM Associates (ETM) for an amount not to exceed \$16,500. The remainder of the cost will be covered by the City of Grand Rapids Parks Department. ETM is the consultant completing the strategic asset management plan for the River for All Guidelines and has extensive experience completing similar plans for public assets throughout the country. If approved, funding will be provided via the Downtown Planning line item in the DDA's FY2019 LTI budget. Work is anticipated to conclude within 8 weeks, which will be prior to any construction authorizations are needed.

Recommendation: Authorize an amount not to exceed \$16,500 for a scope of work with ETM Associates to complete an asset management plan for Lyon Square.

August 23, 2018

Tim Kelly President & CEO Downtown Grand Rapids Inc 29 Pearl NW, Suite 1 Grand Rapids, MI 49503

RE: Lyon Square/Plaza, Upland - O+M Task + Cost Analysis

Dear Tim:

Thank you for the opportunity to provide a scope and fee for developing a O+M task and cost analysis Lyon Square and Upland Public Park. We understand that the site is divided into these two distinct scopes:

- Upland a public park currently in Final Design
- Lyons Street Plaza + Forecourt a hardscape urban plaza currently in SD phase

Our recommended scope of services for each area is a follows:

- 1) Upland Public Park currently in FD phase, ETM will provide O+M analysis of tasks and costs for FD drawings
- 2) Lyons Street/Plaza + Forecourt Plaza currently SD phase finished. ETM will provide O+M tasks and cost analysis for SD, PD and FD phases.

ETM will prepare O+M task and cost analysis for each distinct project area as well for overall site.

We will provide written report for each phased submission. I am including 2 trips to Grand Rapids which will only be invoiced if trips actually occur. Attached, please find a fee proposal.

Thank you for the opportunity to submit a proposal. We look forward to working with you and your colleagues on this exciting project. If you have any questions or need additional information, please feel free to contact me either by email, tim@etmassociatesllc.com, or by phone at 732.572.6626.

Sincerely,

E. Timothy Marshall

MEMORANDUM

DOWNTOWN DEVELOPMENT AUTHORITY

DATE: September 7, 2018

TO: Downtown Development Authority

FROM: Tim Kelly, AICP

President & CEO

SUBJECT: Development Support for 10 Ionia Avenue

Agenda Item #6 September 12, 2018 DDA Meeting

Hinman Company (Developer) is requesting utilization of the Downtown Development Authority's (DDA) Development Support Program (Program) to reimburse eligible expenses associated with the new construction of their project at 10 Ionia Avenue.

Construction of the project is planned to begin in early 2019 and be complete in 18 months. Total development costs are approximately \$36 million and once complete the project will deliver a new 146 room Marriot Residence Inn with ground floor retail. In total the Project is expected to create 143 new jobs.

To assist in project development the Developer is requesting reimbursement of 75 percent of the tax increment revenues generated over 15 years to pay for eligible DDA activities, which are estimated at \$1,238,001. The reimbursement period is required to extend beyond the standard 10 years allowed by the Program to meet the proportionality requirements established by the Michigan Economic Development Corporation.

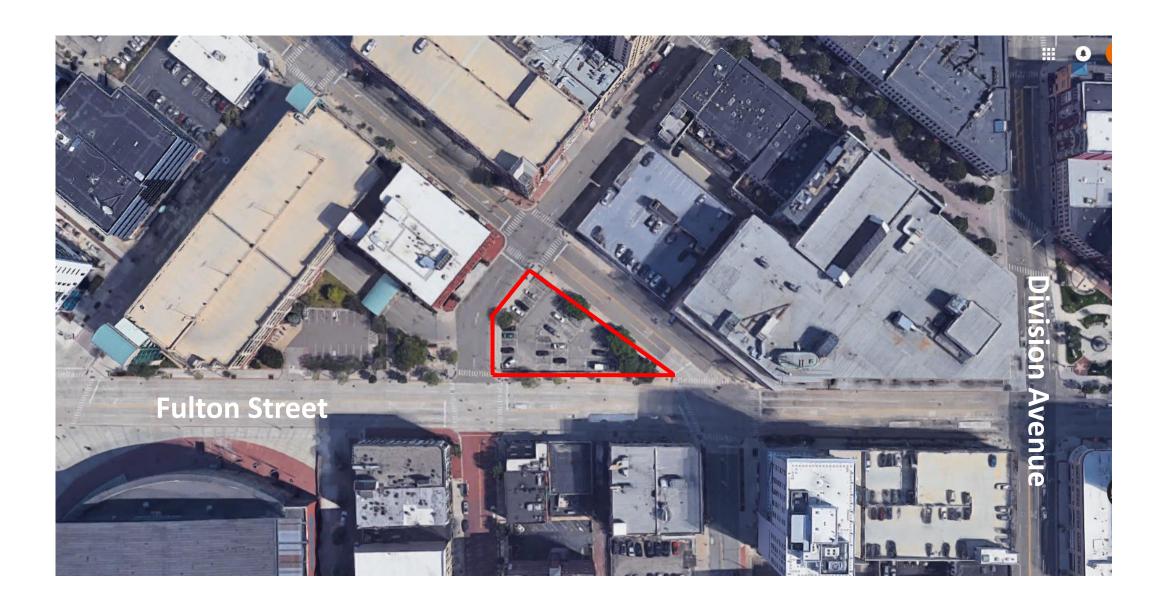

As with other developments within its boundary, the DDA is entitled to capture both local and school tax increments from this project. However, by law, it can only capture enough school increment to pay debt service on the Arena bonds which increment revenues are pledged as the only security for the bonds. Since these bonds are reaching their maturity and there are sufficient funds in an established debt service reserve fund to pay the remaining bond debt the DDA can forgo the capture of school tax increment revenues and defer the collection to the Brownfield Redevelopment Authority (BRA). The BRA will hear a request on the project at its September 19 meeting.

If approved, the Program funds will be used to reimburse expenditures to improve public infrastructure including sidewalks, snowmelt, street furniture, and landscaping. There will also be improvements associated with bringing the Project into compliance with the American with Disabilities Act, including new doors, ramps, and an elevator.

The proposed Project provides an opportunity to develop a vacant parcel and deliver additional hotel space to Downtown, both important elements in growing the City's tax base and in generating greater vibrancy. It will also further activate Fulton Street with ground floor retail. Last, given the number of eligible activities proposed in the public right-of-way, Downtown Grand Rapids Inc. has participated in making recommendations to the streetscape design to ensure that the DDA's investment implements recommendations from the forthcoming Streetspace Guidelines and helps to drive community goals for activated and inviting public spaces.

Recommendation:

Approve and authorize the execution of a development and reimbursement agreement pursuant to the DDA Development Support Program approved as to content by the Executive Director and as to form by legal counsel for reimbursement of DDA eligible expense of not to exceed \$1,238,000 from non-school tax increment revenues for a period of not to exceed 15 years.

MEMORANDUM

DOWNTOWN DEVELOPMENT AUTHORITY

DATE: September 7, 2018

TO: Downtown Development Authority

FROM: Tim Kelly, AICP

President & CEO

SUBJECT: Downtown Enhancement Grant – 12 Weston

Agenda Item #7 September 12, 2018 DDA Meeting

Division and Weston, LLC is applying for a Downtown Enhancement Grant (DEG) for their project at 12 Weston Street SW. The proposed project is a three-story development that will include two upper floors with 22 units of market rate apartments, and 2,200 square feet of ground floor retail on Division Avenue.

Total project costs are estimated at \$3.2 million, and to assist in the development the Developer is seeking a DEG in an amount not to exceed \$35,000. If approved, funds will be utilized for DDA eligible activities, including barrier free improvements, filling of an existing areaway, and streetscape improvements. Approval of a Brownfield Plan through the City of Grand Rapids Brownfield Redevelopment Authority will also be sought.

Prior to this request, in March 2015 the DDA approved Development Support as well as an Areaway and Streetscape Grant to support the \$23 million redevelopment of the site. The proposed project was a new 12-story, 150,000 square feet office tower, with first-floor commercial retail space. Following approval, the development team was unable to identify interested tenants and as such the project was not viable. While the office density and additional investment would have been a welcome addition to the Downtown market, the revised project will add additional residential density to a vacant site, and will further activate the Division Avenue Corridor, both of which are primary goals for Downtown as established in GR Forward.

Recommendation: Approve the Downtown Enhancement Grant in an amount not to exceed \$35,000 to support the redevelopment of 12 Weston Street SW.

DATE: September 5, 2018

TO: Tim Kelly, President and CEO

Downtown Grand Rapids, Inc.

FROM: Erin Banchoff, Community Development Manager

Community Development Department

SUBJECT: Tax Exemption and Payment in Lieu of Taxes Request within

Downtown Development Authority Boundary – Ferguson Apartments

EB

(72 Sheldon Boulevard)

The Dwelling Place of Grand Rapids Nonprofit Housing Corporation (Dwelling Place) seeks tax exemption and Payment in Lieu of Taxes (PILOT) for the Ferguson Apartments project located within the Downtown Development Authority boundary at 72 Sheldon Boulevard, SE. This six-story building was renovated and converted to housing in 2002 using Low Income Housing Tax Credits (LIHTC), Historic Tax Credits, and other funding. The project currently provides 119 affordable rental units. A PILOT, set to expire in 2032, is in place for the project and its current owner, the Ferguson Apartments Limited Dividend Housing Association Limited Partnership (Ferguson Apartments LDHA LP).

To facilitate needed capital improvements, the development financing is being restructured. The transaction will result in a change in property ownership. The new ownership entity will be the Ferguson Apartments Limited Dividend Housing Association Limited Liability Company (Ferguson Apartments LDHA LLC). The development will be refinanced with 4% LIHTC sale proceeds, and an existing McKinney-Vento rental assistance contract will be converted to Section 8 project-based rental assistance (PBRA) through the U.S. Department of Housing and Urban Development's (HUD) Rental Assistance Demonstration (RAD) program. Acquiring a PILOT for the duration of the new assistance will enable the owner to continue to provide affordable housing.

All 119 units (116 studio and 3 one-bedroom) are designated as affordable rental units and will be rented under the rent and income restrictions of the LIHTC program. The 100 units supported with PBRA will be available for rent to households with income at or below 50% of the area median income. The remaining units will be available to households with income at or below 80% of the area median income. The first floor contains 13,274 square feet of commercial space that will continue to be occupied by Grand Valley State University's nursing clinic and another nonprofit organization to be identified.

The current project was deemed as transitional housing for the purpose of the PILOT ordinance, and the service charge was waived as allowed by ordinance. While the owner will continue to ensure tenants are supported with appropriate services, the project will no longer be considered transitional housing once restructuring is complete. If the pending

PILOT request is approved, the project will pay annually: 1) a 1% service change based on annual rent receipts for the units occupied by low-income households and their prorated share of land and improvements, and 2) the monetary equivalent of a 2% service charge into the City's Affordable Housing Fund. The tax exemption and PILOT will remain in place for the life of the qualifying federal- or state-aided mortgage, not anticipated to exceed 45 years.

The Community Development Department plans to request City Commission authorization for tax exemption and PILOT at its September 18, 2018 meeting. If you have any questions, I can be reached at 456-4249.

MEMORANDUM

DOWNTOWN DEVELOPMENT AUTHORITY

DATE: September 7, 2018

TO: Downtown Development Authority

FROM: Annamarie Buller

Stakeholder Engagement Specialist

SUBJECT: Downtown Neighbor Network Overview

Agenda Item #9 September 12, 2018 DDA Meeting

Citizens' play an important role in the health and spirit of a community. With a steadily growing population of people living Downtown, residents increasingly seek new and additional opportunities to connect with neighbors, share information, discuss key issues and build community across Downtown. This movement among interested residential stakeholders- both homeowners and renters is relatively new in Downtown, as the "neighborhood" has essentially served as a 9-to-5 business district with few residents since the mid- 1900s. Today the neighborhood counts greater than 5,000 residents- a populations that is anticipated to double in the next decade.

In recognition of the growing resident population, GR Forward recommends establishing a Downtown Resident Council to support the steadily growing population of people living Downtown. The Downtown Resident Network began in 2015 as an informal initiative Downtown Grand Rapids Inc. organizes in close collaboration with emerging Downtown resident leaders. The goal is to provide a forum for socializing, learning, organizing and ultimately deeper citizen engagement in the work of building a high-quality downtown. Quarterly events, new business previews and focus groups have helped connect residents not only with each other but also with issues and projects affecting Downtown. Connecting residents was a great start but there was still the question of the formation of a neighborhood group and what form that group would take. To help answer that question, in November of 2017 DGRI engaged Steve Faber from Byrum and Fisk and recruited 13 Downtown and near Downtown residents to form an ad-hoc Downtown Resident Steering Committee to decide whether a more formal organization would be the best way to represent downtown neighbors.

Research and data was collected including a downtown resident survey, scan of current residential organizations, and focus groups with the existing neighborhood associations. The recommendation of the committee is outlined in the attached summary document. As proposed, a Downtown Neighbor Network (DNN) would serve as an affinity group that would be housed inside Downtown Grand Rapids for approximately two years with the goal of working collaboratively with Downtown Residents and the near neighborhoods to support current residents and the growing residential population. In

August DGRI began sharing this proposal with the community to invite feedback and provide assistance in finalizing the recommendation.

We aim to convene a DNN Leadership Committee this fall and begin meeting in early 2019. With your feedback and comments gathered through our engagement we hope to finalize this recommendation in the months ahead.

Downtown Resident Steering Committee

Downtown Neighbor Network Recommendation (DRAFT) 8/31/18

1. Background:

The GR Forward Downtown and River Activation Plan identified the goal to create a downtown neighborhood that is home to a diverse population. To that end, DGRI looks to support initiatives that improve downtown living for existing residents and attract new downtown residents in order to foster civic engagement and strengthen community ties downtown. GR Forward specifically identifies the opportunity to establish a downtown resident council (attachment A- GR forward sections). In early 2018, an ad-hoc Downtown Resident Steering Committee was formed to explore the creation of a stand alone organization that would represent downtown neighbors.

The Downtown Resident Steering Committee (attachment B- Steering Committee Roster) was constituted to represent various viewpoints and perspectives on the unique challenges and opportunities of living in or near downtown Grand Rapids (attachment C- process timeline). Although DGRI convened the group, it was made explicit that there was not a predetermined outcome and that the group had the authority to determine if there was need or desire for a downtown neighborhood group and what form that group might take. The group began with an extensive "data dive" to better understand who was living in downtown, what groups currently (or potentially) exist in and near downtown, what concerns residents have, how is downtown changing, and what type of organization might be the best fit to represent the unique voice of downtown living.

2. Process:

- a) Research and Data:
 - i. Resident survey (attachment d)
 - ii. Housing analysis (attachment e)
 - iii. Scan of organizations and associations (attachment f)
 - iv. Focus group discussion with existing neighborhoods (attachment g)
- b) Scenario Planning: No growth, slow growth, high growth (attachment h)
- c) Structure Pros/Cons: Nonprofit vs Joint Venture

3. DNN Structure:

An affinity group/ network that for people that identify as downtown resident but may already be in a neighborhood

Downtown Neighbor Network vs. Downtown Resident Network name change

The DNN has blurred boundaries to be more inclusive

Working collaboratively with DGRI and near neighborhoods

4. Mission/Vison/Guiding Principles:

Mission:

The DNN exists to foster a community of downtown neighbors that are connected, informed and empowered to improve downtown living.

Vision:

The DNN envisions a neighborhood that is vibrant and culturally diverse, active, safe and full of opportunity and experiences unique to downtown living.

Guiding Principles:

Accessible & Inclusive – We desire to be a network that is open to all neighbors

Empowering – We desire to be a network that supports downtown neighbors and provides an avenue to advance their interests

Collaborative - We desire to be a network that brings people and groups together across boundaries

Equitable – We desire to be a network that is intentional about listening to our neighbors and elevating the voices of those who have been historically marginalized.

Unique – We desire to be a network that embraces the peculiarities of living downtown and shares that perspective with the broader community

Key Programs:

Improved communications and greater awareness

- Communication share information relevant to living downtown
 - o Identify neighbors that want to join the Downtown Neighborhood Network
 - o Outreach to building owners and property managers
 - o Implement a communication tool that allows for information to be pushed out
 - o Implement a communication tool that allows for information to be pulled in/feedback
 - o Look for opportunities to tell the stories of downtown neighbors
 - o Develop a brand and marketing materials for DNN

Increased participation in events, surveys and committees

- Events organize events that bring downtown neighbors together
 - o 4-6 events a year
 - o Event opportunities for education and welcoming new neighbors
 - o Feature Downtown and near neighborhood assets
 - o Recruitment events to grow the DNN

Increased opportunities to inform policy and projects impacting

- Advocacy provide opportunity for downtown residents to speak into and influence decisions that impact their quality of life
 - o Conduct an annual survey of downtown neighbors to identify trends and issues
 - o Develop tools to help neighbors organize and navigate systems
 - o Provide opportunities for issues to "bubble up" that need action

Governance Structure:

The proposal is that the DNN will live within DGRI for at least two years. The DNN is most aligned to help the Goal 2 Alliance achieve their outcomes, however, there is a desire for the DNN to exist outside the hierarchy of being under any specific committee. This will give the DNN a level of autonomy and recognize that the voice of downtown neighbors is valuable to all DGRI committees.

- o Alliance Representation
- o Resources/Funds & Budget recommendations
- o Decision-making
- Who will be advisors?
 - o Live in or near downtown
 - o Renter/owner
 - o Embody values
 - o Full Diversity
- How will they be determined?
 - o Ratio ownership/renter, multi-unit, geographic diversity
 - o Chair or Co-Chairs
 - o Staggered terms

Partnerships:

- DGRI: roles of DGRI and DNN staffing and direction
- Neighborhood Associations interaction with near neighborhoods
- City of Grand Rapids

Timeline:

- Year One Milestones
 - o Formation of DNN leadership
 - o Resident Survey
 - o Bring communication tools online
 - o Outreach
 - o Events
 - o Branding
- Year Two Milestones
 - o Evaluate
 - o Recruitment
 - o Outreach
 - o Events
 - o Issue advocacy
