AGENDA

GOAL 2
ALLIANCE

Board Members:

Monica App • Regina Bradley • Chardonnay Henderson • Devin Holston • Nicole Kosheba • Daniel Kvamme • Latasha Lipscomb • Kisha McPherson • Angie Morales • Nipun Nath • Dave Nitkiewicz • Jenn Schaub • Latrishia Sosebee • Noele Stith • Aaron Terpstra • Joshua Verhulst •

__________________________________________________________________________________________________

October 31, 2018
3:30p – 5:00p
29 Pearl Street, NW Suite #1

1. Call to Order

2. Approval of Minutes – April 17, 2018 and July 17, 2018

3. Downtown Neighbor Network Update

4. Heartside Quality of Life Process Update
   • Investments planned for Heartside
   • Heartside Public Restroom
   • Working Group Goals Review
   • GR Forward Alignment

5. Parks updates for 2019

6. Committee Member Discussion

7. Discussion about meeting in November or December, next scheduled meeting – January 15, 2019

8. Public Comment

9. Adjournment
Goal 2 Alliance
April 17, 2018

1. **Call to order:** Tim Kelly called the meeting to order at 3:38pm

2. **Members Present:** Daniel Kvmme, Monica App, Joshua Verhulst, Aaron Terpstra, Regina Bradley, Latrisha Sosebee, Jenn Schaub, Latesha Lipscomb

   **Members Absent:** Dave, Nitkiewicz, Chardonnay Henderson, Devin Holston, Nicole Kosheba, Kisha McPherson, Angie Morales, Nipun Nath, Noele Stith

   **Others Present:** Tim Kelly, Annamarie Buller, Flor Valera (DGRI Staff), Officer Bryan Grooms, Officer Brandon Romero

3. **Approval of Minutes- January 16, 2018**
   
   Motion: Jenn Schaub, supported by Daniel Kvmme, moved approval of the minutes from the January 16, 2018 meeting as presented. Motion carried unanimously.

4. **FY19 Budget Update**
   
   Mr. Kelly gave an overview of the budget that will be presented to the DDA in May. The Alliance took a moment to review and discussed the list of projects. Ms. Sosebee asked how the budget process works. Mr. Kelly explained the budget process. Mr. Buller said there is a continued effort in identifying affordable housing development in Downtown and added that DGRI is committed to updating the existing Downtown census to better understand the changing dynamics. Ms. Buller explained that the resident engagement programs is also setting funds aside to bring speakers and create events in Downtown which are key to the organizational goals. Mr. Kelly mentioned the Heartside Public restrooms and highlighted that DGRI is working in with City of Grand Rapids to explore restroom solutions. Ms. App asked
who will be responsible for staffing the restrooms. Mr. Kelly responded that conversations regarding the responsibility were underway since DDA tax money cannot go towards the maintenance of these facilities. Mr. Kelly asked the Alliance if any changes needed to be made to the budget. The Alliance responded no; the budget was recommended to go before the DDA Board.

5. Heartside Quality of Life Process
Ms. Buller gave a presentation on the Heartside Quality of Life Process. Ms. Buller explained that conversations began after a letter was written to the Mayor and City Commission addressing important infrastructure improvements needed on Division Avenue. Some of the major issues in her presentation included pedestrian safety, parking signage, lighting improvements and increasing police presence. The City of Grand Rapids, DGRI, Dwelling Place and others came together to begin a planning process to address the Quality of Life issues in Heartside. Ms. Buller said Lateasha Lipscomb was hired to facilitate a series of listening sessions in the community. To this day, 203 people have participated in a total of 14 sessions targeting different groups in the neighborhood. As a culmination of the process to date, the data was shared back with the community in a two day event. Ms. Schaub added that the intention was to connect residents to resources and ask residents to prioritize what issues were the highest priority for the neighborhood. Ms. Lipscomb gave a quick highlight of the Neighbor Knowledge Exchange, saying that was a great event that attracted twenty-two (22) agencies to participate and provided information to the community. Ms. Schaud commented that the event was focused on building resident engagement to encourage residents to take action. From the voting at the event, 7 working groups were created to address the issues given the greatest priority by the community. Ms. Lipscomb gave an overview of the seven (7) working groups and shared the upcoming meeting dates for each. Ms. Buller thanked both Ms. Schaub and Ms. Lipscomb for sharing that information with the Alliance. Ms. Buller continued by sharing some of the projects DGRI is collaborating, which include public restrooms, areas of improvements, neighborhood building and activation. Ms. Buller said sites were identified for the Heartside restrooms and the designs from the City are still pending. Ms. Buller said the Alliance will continue to receive updates as this project continues.

6. Downtown Resident Organization Update
Ms. Buller gave an update on the Downtown Resident Organization Steering Committee, explaining that a survey went out in February 2018, whose goal was to gather information to help guide the efforts of the Steering Committee in identifying the need for a resident organization and to indicate what some of its functions should be. Ms. Buller reported that 300 Downtown Residents completed the survey. Ms. Buller added that the estimated current number of residents living in Downtown is nearly 6,000. Ms. Buller took a moment to share
with the Alliance some of the questions that were asked in the survey. Overall, the main issues impacting Downtown continue to be lack of enough parking spaces, affordable housing and grocery stores in the proximity. Ms. Buller said the data collected helped to reinforce the need for an organization to represent residents. The survey also helped to inform the steering committee on who lives downtown and other priorities and preferences of Downtown. The Downtown Resident Steering Committee was able to connect with nearby Downtown Neighborhoods and Business groups that represent resident voices to discuss possible collaborations and the process for the steering committee. Ms. Buller took a moment to invite the Alliance to the 4th Annual Mix, Mingle and Share event on May 25th at the BOB and said that on May 3rd the committee would reconvene to continue the process of finalizing the structure for a Downtown Resident Organization and begin mission and vision conversations. Mr. Kelly thanked Ms. Buller for her presentation.

7. **Open Alliance Member Discussion**  
   Officer Bryan Grooms asked when the Heartside Restrooms would be ready for public use. Ms. Buller responded that parking services was working on the design for these facilities and was aiming for the time around or shortly after Art Prize. Ms. App asked if updates would be provided to keep the Alliance informed on the projects previously discussed. Ms. Buller said she would provide monthly updates on the Resident organization, restrooms and Heartside Neighborhood.

8. **Next Meeting – July 17, 2018**

9. **Public Comment**  
   None

10. **Adjournment**  
    Mr. Kelly adjourned the meeting at 5:00 pm

Minutes taken by:  
Flor Valera  
Administrative Assistant  
Downtown Grand Rapids Inc.
1. **Call to order:** Annamarie Buller called the meeting to order at 3:25pm.

2. **Members Present:** Monica App, Regina Bradley, Daniel Kvanme, Latesha Lipscomb, Dave Nitkiewicz, Jenn Schaub, Latrisha Sosebee, Aaron Terpstra, Joshua Verhulst

   **Members Absent:** Chardonnay Henderson, Nicole Kosheba, Kisha McPherson, Angie Morales, Nipun Nath, Noele Stith, Devin Holston

   **Others Present:** Annamarie Buller, Rachel George, Stephanie Wong, Mark Miller, Gabi Schumacher (DGRI Staff), Officer Bryan Grooms, Officer Rich Atha

3. **Approval of Minutes- April 17, 2018**
   Postponed to October 31, 2018 meeting due to a formatting error.

4. **FY19 Budget Update**
   Annamarie Buller gave an overview of the budget, with a focus on affordable housing support, amendment of the development programs, resident engagement programs, and Heartside public restrooms. Monica App said she wants to make sure that this group is providing the help and support to Downtown Grand Rapids Inc. and the Board of Advisors the way that they should be, and understanding next steps for these committees. Ms. Buller said that the next steps for committees, such as the Steering Committee, are something that has not been addressed in meetings so far. Ms. App asked if these groups or committees meet more frequently. Ms. Buller replied that the Neighbor Network Group is going to need to meet on a monthly basis to get organized, and that the Public Restroom work will be monthly. Ms. Buller said that they may also want to flush out current programs and see if they are accomplishing
their goals and determine how they are spending their money. Ms. Buller stated that one thing that will be discussed in the next meeting is purchasing new software called “Neighborland” with the money in resident engagement programs, which may be a great way to do surveys, newsletters, and may be a solution for Alliance communication.

5. Heartside Quality of Life Process
Ms. Buller reminded everyone of the Life Work group schedule and gave a brief overview of the Heartside Quality of Life process. Ms. Buller said that there will be a report available in October 2018 of all the working group’s recommendations.

Ms. Buller introduced Latesha Lipscomb to present the Neighborhood Building and Activation recommendations. Ms. Lipscomb gave an overview of the four goals that the working group has been working on thus far. Ms. Lipscomb described the goals for the working group as: creating a formal structure for the Heartside Neighborhood Association, constructing a yearly calendar, focusing on positive stories about Heartside Neighborhood, and the creating an outreach plan. Ms. Lipscomb asked if there were any questions. Ms. Buller added that National Night Out is another part of this work group and described what the event is. Jenn Schaub stated that the Neighborhood Association work group has been doing additional work in the meetings that play off what this work group is doing. Ms. Lipscomb said that she has found with all work groups that some goals and recommendations overlap. Ms. Lipscomb concluded by saying that the group will hear more about activation in the Heartside neighborhood.

Ms. Schaub discussed the Areas of Improvement Working Group. Ms. Schaub stated that she and Ms. Lipscomb are currently working on overlap in their final analysis for the presentation in October. Ms. Schaub stated that this work group is focused on a couple of different areas, which include defining appropriate behavior for the spaces, considering programs to address behavioral issues, and figuring out how to engage the owner of Lucky’s and what the recommendation would be for a change in how Lucky’s engages with the neighborhood. Ms. Schaub said that there is currently a meeting set up with Lucky’s owner, and the conversation will be focused on the availability of inexpensive alcohol and how this fuels the activity on Lucky’s corner. Dave Nitkiewicz asked about if the business or building owner should be at the meetings. Ms. Schaub responded that they are still working on this, and are currently trying to get to the bottom of whether or not this is a separate business. Mr. Nitkiewicz asked if there is a way to broaden the conversation to make it more of an educational experience for the owner. Ms. Schaub responded that the intention of the meeting is to do soft touch, and having community participate. Aaron Terpstra asked if there
was a financial incentive, since Lucky’s is making money off of the cheap alcohol. Ms. Schaub responded that they are floating the idea about limiting the sale of alcohol, but Lucky’s has not been receptive to this idea. Officer Bryan Grooms stated that he had a similar conversation with Zellar’s Party Store in the past, and believes that this idea is a hard sell because people do not want to give up their income. Mr. Nitkiewicz asked if there was a way to have a positive spin on this idea with a community partner incentive, or if there was a way at a State level to make Lucky’s make a change. Officer Rich Atha said that it might be best if the police do not attend the first meeting with Lucky’s, so that there is more a positive impression. Ms. Schaub stated that Lucky’s is aware that the conversation is happening as they were invited to attend a panel discussion about the areas of improvement, but they did not attend the follow-up conversation so they may not be tracking with everything going on. Ms. Schaub concluded by stating that residents are concerned about safety when going to and from Lucky’s store, and that the reality is that it is not a safe corner and real change needs to be made.

Ms. Buller gave an overview for the Heartside Public Restrooms. Ms. Buller stated that a public restroom partnership with Mobile GR has been identified and locations have been selected in two parking ramps near South Division Avenue. The locations are Cherry and Commerce, and Weston and Commerce. Ms. Buller said that negotiation of Downtown Grand Rapids Inc. and Mobile GR’s roles are still in process. Ms. Buller said that the Heartside Quality of Life work group is also going to be continuing to meet to help oversee how the restrooms are rolled out and promoted. Ms. Buller stated that they are still working out the measures of success for the following goals: baseline measurement for public urination and defecation, encourage the provision of additional restrooms where gaps have been identified, pilot a Friendly Restroom program, explore expanded public options in parks, and support the development of public restrooms in parking ramps located at Weston and Cherry. Latrisha Sosebee reminded the group that there is not a stop sign or crosswalk at Cherry and Commerce, and that there is a danger about drawing people to this area if there is not a safe place to cross. Ms. Buller responded that this is a good thing to consider.

6. Downtown Resident Organization Update
Ms. Buller gave an update on the Downtown Steering Committee and the Downtown Resident Survey. Ms. Buller explained that the following steps in the process after the survey included scenario planning, a scan of organizations and associations, and focus group discussion with existing neighborhoods. Ms. Buller explained that as a result, they are looking at changing the structure of the Downtown Residents Network to include an Affinity Group for those who identify as a Downtown Resident, but live in a nearby neighborhood, as well as a name change to Downtown Neighbor Network. Ms. Buller explained the name change from
“Downtown Resident Network” to “Downtown Neighbor Network”, as a change to be more inclusive. Ms. Buller said that the rebrand also includes an updated mission, vision and guiding principles which are still in draft form. Ms. Buller took a moment to explain the network’s key programs, which include communication, events, and advocacy. Ms. Buller further explained that the Downtown Neighbor Network is not separate from Downtown Grand Rapids Inc., but a committee of Downtown Grand Rapids Inc. that will be collaborating with near neighborhoods. Ms. Buller said that the Downtown Resident Steering Committee will continue to meet in August and September to provide feedback on the plan and work out details before committee recruitment. Ms. Buller said that they will be meeting with each of the near neighborhood networks, DDA, DID, Neighborhood Association Collaborative, DGRI Board of Advisors, and the City Commission to be officially accepted as the Downtown Neighbor Network. Ms. App asked if it need to be officially approved and accepted. Ms. Buller replied that she does not think it does because it is a committee of Downtown Grand Rapids Inc. and not a board. Ms. Buller reminded the group of events coming up which includes the Bridge Street Market Preview and Downtown Neighbor Network Update. Ms. Buller asked if there were any questions. Ms. App asked if this was going to be an ongoing part of the Goal 2 Alliance to oversee, or if it moves on to be a bigger part of Downtown Grand Rapids Inc. Ms. Buller responded that this is an unanswered question at this point and is something that needs to be figured out as the Goal 2 Alliance has been overseeing it up until now. Ms. App asked for confirmation that under Goal 2, the current spinoffs include the Downtown Steering Committee, Event Planning Committee, and the Public Restroom work group. Ms. Buller agreed, but said that the Public Restroom work group is a separate group. Ms. App asked if there were any other sub-committees or work groups that are directly under Goal 2. Ms. Buller responded that the only other one is Affordable Housing.

7. Open Alliance Member Discussion
Ms. App said that it might be helpful to receive updates from all the working groups or committees and have it be an item in future agendas. Ms. App emphasized that it would be great to include what this Alliance needs to understand, offer feedback on, or anything else that needs to happen in regards to the other Alliances. Ms. Buller said that it would be helpful to review what the responsibility of a committee member is, and what funds they are responsible for. Ms. App asked if they were responsible for making recommendations to the Board of Advisors or the DDA for the budget. Ms. Buller said that Alliance Goal 2 did this in the spring, but it is true that we may not always be the first ones to know about opportunities to make recommendations, so there is some responsibility there. Ms. Buller added that it is always a good idea to do a review of the background and purpose of Alliance Goal 2. Ms. Buller asked the group what would be helpful to keep everyone updated and in the loop. The
group took a moment to discuss options about how to stay updated. Gabi Schumacher said that right now all of this information is on the website of Downtown Grand Rapids Inc., but maybe a webpage could be created for just the Alliances to keep all the information in one spot.

8. **Next Meeting – October 16, 2018**

9. **Public Comment**
   None

10. **Adjournment**
    Ms. Buller adjourned the meeting at 4:50pm.

Minutes taken by:
Rachel George
Administrative Assistant
Downtown Grand Rapids Inc.
1. Background:

The GR Forward Downtown and River Activation Plan identified the goal to create a downtown neighborhood that is home to a diverse population. To that end, DGRI looks to support initiatives that improve downtown living for existing residents and attract new downtown residents in order to foster civic engagement and strengthen community ties downtown. GR Forward specifically identifies the opportunity to establish a downtown resident council. In early 2018, an ad-hoc Downtown Resident Steering Committee was formed to explore the creation of a stand alone organization that would represent downtown neighbors.

The Downtown Resident Steering Committee was constituted to represent various viewpoints and perspectives on the unique challenges and opportunities of living in or near downtown Grand Rapids. Although DGRI convened the group, it was made explicit that there was not a predetermined outcome and that the group had the authority to determine if there was need or desire for a downtown neighborhood group and what form that group might take. The group began with an extensive “data dive” to better understand who was living in downtown, what groups currently (or potentially) exist in and near downtown, what concerns residents have, how is downtown changing, and what type of organization might be the best fit to represent the unique voice of downtown living.

2. Process:

   a) Recruitment of Steve Faber, Byrum and Fisk to facilitate the independent process for the Downtown Resident Steering Committee, supported by DGRI Stakeholder Engagement Specialist Annamarie Buller
   b) Research and Data:
      i. Resident survey
      ii. Housing analysis
      iii. Scan of organizations and associations
      iv. Focus group discussion with existing neighborhoods (November 2017, April 2018)
   c) Scenario Planning: No growth, slow growth, high growth
   d) Structure Pros/Cons: Nonprofit vs Joint Venture
   e) Heartside residents reorganizing the Heartside Neighborhood Association (HNA) propose expansion.
   f) Downtown Resident Steering Committee Recommendations Engagement

3. Mission/Vision/Guiding Principles:

   **Mission:**

   The DNN exists to foster a community of downtown neighbors that are connected, informed and empowered to improve downtown living.

   **Vision:**

   The DNN envisions a neighborhood that is vibrant and culturally diverse, active, safe and full of opportunity and experiences unique to downtown living.
Guiding Principles:

Accessible & Inclusive – We desire to be a network that is open to all neighbors

Empowering – We desire to be a network that supports downtown neighbors and provides an avenue to advance collective interests

Collaborative – We desire to be a network that brings people and groups together across boundaries

Equitable – We desire to be a network that is intentional about listening to our neighbors and elevating the voices of those who have been historically marginalized

Unique – We desire to be a network that embraces the peculiarities of living downtown and convey that perspective with the broader community

Key Programs:

Improved communications and greater awareness

- Communication - share information relevant to living downtown
  - Identify neighbors who want to join the Downtown Neighborhood Network
  - Outreach to building owners and property managers
  - Implement a communication tool that allows for information to be pushed out
  - Implement a communication tool that allows for information to be pulled in/ feedback
  - Find opportunities to tell the stories of downtown neighbors
  - Develop a brand and marketing materials for DNN

Increased participation in events, surveys and committees

- Events – organize events that bring downtown neighbors together
  - 4-6 events a year
  - Event opportunities for education and welcoming new neighbors
  - Feature Downtown and near neighborhood assets
  - Recruitment events to grow the DNN

Increased opportunities to inform policy and projects impacting

- Advocacy – provide opportunity for downtown neighbors to speak into and influence decisions that impact their quality of life
  - Conduct an annual survey of downtown neighbors to identify trends and issues
  - Develop tools to help neighbors organize and navigate systems
  - Provide a space for issues/opportunities to “bubble up” that need action

DNN Structure:
Downtown Resident Steering Committee
Downtown Neighbor Network Recommendation
9/5/2019

- An affinity group/network for people who identify as downtown neighbors but may already be in a neighborhood
- Downtown Resident Network name change to Downtown Neighbor Network
- The DNN has blurred boundaries to be more inclusive- including Downtown and adjacent neighborhoods in its boundaries
- Work collaboratively with DGRI and near neighborhoods

Governance Structure: the Downtown Neighbor Network Advisory

The proposal is that the DNN Advisory will live within DGRI for at least two years. The DNN Advisory is most aligned to help the DGRI’s Goal 2 Alliance achieve their outcomes, however, there is a desire for the DNN to exist outside the hierarchy of being under any specific committee. This will give the DNN Advisory a level of autonomy and recognize that the voice of downtown neighbors is valuable to all DGRI committees. The DNN Advisory may establish ad hoc committees to direct their work as need.

DGRI Alliance Representation:
The DNN Advisory will present to each Goal Alliance annually (winter each year)

- The DNN’s Advisory Committee members will:
  - Live in or in a near neighborhood that is Downtown adjacent
  - Live in a multi-unit building
  - Be a mix of renters/owners
  - Embody values of the DNN
  - Represent full diversity

- The DNN Advisory Committee Recruitment process:
  - September 2018-Outreach to property owners to solicit residents to apply
  - November 1- DNN Event to announce structure and recruit board members
  - October 2018-Online application/ paper application for engagement events
  - November 21-Deadline for applications due by Thanksgiving

- The DNN Advisory Committee will be determined by:
  - Staff of DGRI
  - Members of the Downtown Resident Steering Committee
  - Representatives from the DGRI Goal Alliances

Partnerships:
- DGRI to provide staffing and direction
- Neighborhood Associations – interaction with near neighborhoods
- City of Grand Rapids
Downtown Resident Steering Committee
Downtown Neighbor Network Recommendation
9/5/2019

Timeline:
Year One Milestones- October 2018- October 2019

Fall 2018
- Final engagement with near neighborhoods, City Commissioners, Committee and Chair recruitment, DGRI Board Approval
- Data enhancement
  - Outreach target downtown properties, condo leadership and property management each month

Winter 2019
- Selection of DNN Advisory
- DNN Announcement and Recruitment Event
- January 2019-First convening of the DNN Advisory
- January / February 2019-Focus on Board Governance for DNN
- January/ February 2019-Update and overview, planning with the 5 DGRI Alliances
- Bring communication tools online
  - First monthly newsletter with announcement of first meeting
- Downtown/ Near Downtown Resident Survey updated and deployed

Spring 2019
- Identify project opportunities shaped by the survey and issues identified throughout the year, look to budgeting and planning for 2020
- Events
  - Decision to continue to convene DRN Events Committee or reorganize
  - Building previews, education events, speakers etc.
  - Set remaining events for the year
  - Mix, Mingle and Share 2019 date tentatively set-April 10, 2019

Year Two Milestones- October 2019- October 2020

Fall 2019
- Evaluate year 1 progress
- Data enhancement
  - Outreach target downtown properties, condo leadership and property management each month
- November 2019 Event/Recruitment next wave of committee members

Winter 2020
- December 2019-Selection of new DNN Advisory members
- January 2020-First convening of the new DNN Advisory/ Strategic Planning
- January/ February 2020-Update and overview, planning with the 5 DGRI Alliances
- February/ March 2020- Downtown/ Near Downtown Survey updated and deployed
- Events 4-6 per year
- Issue advocacy, project implementation

Spring 2020
- Mix, Mingle and Share with your Downtown Neighbors
- Begin evaluation and make recommendation for the future of the DNN Advisory in 2021
### Public Restroom Workgroup

#### 1. Conduct a baseline measurement of public urination/defecation or other measures that can be used to quantitatively measure the impact of restroom-related improvements in Heartside.
   - **SHORT TERM** - Partner with Degage’s Good Neighbor Program, City of Grand Rapids Police, Mobile GR (Parking Ramps in Heartside), Parks Department (Heartside/ Downtown Parks), City of Grand Rapids 311 and Downtown Ambassadors to collect and compile relevant data for the Heartside Neighborhood.
   - **SHORT TERM** - Encourage the start of data collection by the above partners based on the established criteria. (Where public urination/defecation/vomit has happened, time it has occurred).
   - **LONG TERM** – Provide an annual report of available data to determine success in meeting established goals.
