Garware eyes 2,000 Hyosung sales in '11

Mumbai: Pune-based Garware Motors targets a sale of 2,000 Hyosung superbikes this year and expand its dealership to 15 pan-India in the next three-months, a top company official said.

The company, along with South Korea's S&T Motors, had launched two Hyosung branded premium bikes in the country earlier in the week.

"We are targeting a sale of 2,000 bikes this year. We are in the midst of expanding our dealerships -- we at present have five which we plan to increase to 15 in the next three-months," Garware Motors' managing director, Diya Garware, said on Thursday.

The superbikes are priced between ₹4.97 lakh and ₹5.96 lakh (ex-showroom, Mumbai), she said.

The company plans to open five dealerships in Hyderabad, Cochin, Chennai, Ahmedabad & Chandigarh, within next two-months.

This is the second entry for the Hyosung brand in India. - PTI
