

Get Students **ONboard**[™] for **AP[®] Biology** Success The perfect summer assignment!

What is **ONboard**?

Often used as a summer assignment, *ONboard* provides Advanced Placement[®] course preparation, which helps students develop a foundation of background knowledge and skills they can build upon before class begins.

Designed for maximum flexibility

ONboard for AP Biology is a series of interactive online modules that provide a flexible pathway to preparedness. The combination of videos, animations, and interactive elements accommodates a variety of learning styles and keeps students engaged.

ONboard modules can be assigned by school districts or teachers or completed independently by motivated students before their courses begin.

Expert advisory boards

ONboard for AP Biology was developed through extensive research conducted by a carefully selected team of AP teachers with experience as AP Test Development Committee Members, AP Institute Leaders, College Board Consultants, AP Question Writers, Table Leaders and Readers.

AP Biology

Table of Contents

//CODiE//

Pre-Test

Introduction to ONboard for AP Biology

MODULE 1:

Biology Big Ideas

- Introduction to the Four Big Ideas
- Big Idea: Evolution
- Big Idea: Energy and Molecular Building Blocks
- Big Idea: Information Storage, Transmission, and Response
- Big Idea: Interdependent Relationships

MODULE 2:

Experimental Design

- Introduction to Experimental Design
- Science Practices
- Hypothesis
- Variables
- Controlled Experiments
- Replicates and Validation

MODULE 3:

Math Skills

- Metric System
- Percentages
- Solving Equations
- Slope

MODULE 4:

Graphing and Data Analysis

- Organizing and Presenting Data
- Types of Graphs
- Graphs: Setting Up, Labeling Units, Variables
- Graphs: Data Collection
- Graphs: Trend Lines

MODULE 5:

Chemistry Foundations

- Basics of Atomic Structure
- Types of Chemical Bonds
- Electronegativity
- Redox Reactions
- Basic Biochemistry
- Water and pH
