Components

Student Edition: Trusted authorship communicates the theory and application of sociology principles in understandable, age-appropriate language. The student edition is built around the educational philosophy of Understanding by Design® and Essential Questions.

Student Learning Center: The Student Learning Center is the gateway for students to plan, study, get assignments, save work, watch videos and engage in class discussions. The Student Learning Center is a whole new level of interactivity for student engagement.

Teacher Edition: The new edition is a clear pathway through the content that optimizes class time and minimizes preparation time with the lesson plans, activities, and assessment based on the research of Jay McTighe, co-author of Understanding by Design®. The print and digital components are clearly integrated at point of use. Differentiation is integrated into the lesson plans.

Teacher Lesson Center: Everything you expect in one place—a one-stop teacher center that has everything you need for planning, teaching, presenting and assessing in a ready-to-go format or completely customizable. The Networks Resource Library built into the Teacher Lesson Center includes hundreds of searchable additional online resources that teachers can add to their lesson plans or activate for student assignments.

Chapter Tests and Lesson Quizzes: Printed booklet for the Chapter Tests (Form A and Form B) and Lesson Quizzes include all the editable tests available in McGraw-Hill eAssessment online. Use the printed format to preview online test questions or print for paper and pencil tests. Chapter tests include traditional and document-based question tests.
