2021 Highland Divide Chardonnay

WINEENTHUSIAST

94

This big but well- balanced wine offers crisp green apples, ripe golden apples and fragrant pastry shop spices backed by energizing acidity. It's well-structured and worth aging for the midterm. Best from 2026. —J.G. Aug 2023

The 2021 Chardonnay Highland Divide is gorgeous. Creamy and beautifully layered, the Highland Divide is especially notable in this vintage. Time in the glass brings out the wine's gorgeous textural richness and intensity. This is one of the stand outs in the range, especially for the money.
