

2022 DUMOL HIGHLAND DIVIDE PINOT NOIR

This wine blends fruit from three high-density parcels that are of vineyard designate quality to create the richest and most textural of our Spring release pinot noirs.

Impressions

Each vintage we make a qualitative selection from our Green Valley Estate Pinot vineyards six months after the harvest. We quantify three tiers of quality from each vineyard. The first tier, the most structured lots, produce our Estate designates - DuMOL Estate, Bressay, and MacIntyre. The third tier is a core component of our restaurant cuvée - Wester Reach. The second selection is the origin of this wine - Highland Divide. These are some of our finest Estate vineyard parcels that produce a slightly earlier-drinking style, so you can enjoy the wine soon after release and get a sense of vintage style and quality before we offer you the designates in August.

The new 2022 release is classic Green Valley DuMOL Pinot and shows a lovely balance between fresh berry fruits, savory woody terroir signatures, vibrant lifting acidity, and a round base of tannins from grapes grown on lean hillside soils. There's beautiful flow to the wine from the first entry to lingering aftertaste.

Dark raspberry and black cherry sit alongside violet, orange zest and red apple aromas. There's deep inner fruit power in the wine which is immediately generous and round. Briary/mossy notes add intrigue. The palate is medium-bodied, supple and sleek with good mineral poise and a snappy vibrant finish. Lingering notes of currant and hibiscus fill the mouth. Drink between mid-2024 and 2030.

Vineyard & Winemaking Details
