## WATER WITCH

Red Blend | Red Mountain | 2014

### Winemaking Notes

In 2012, we partnered with Quintessence Vineyards to plant a 13.6 acre block on the south slope of Red Mountain. No expense was spared in the design and development of the site. We worked hand-in-hand with the Quintessence Vineyard team to transform the 13.6 acre site into a world-class vineyard through site selection, variety and clone selection, and vine density and orientation. This team effort culminated in the reintroduction of one of the original wines in the Mark Ryan lineup: Water Witch. After carefully selecting the top performing blocks in the 13.6 acre vineyard, we are very excited with the results. Great care is taken in the cellar to gently handle the must, which is never pumped and is punched down twice a day to create gentle extraction. Once fermentation is complete, the wine is lightly pressed to barrel where it will age for 21 months in 100% new French oak.

### Tasting Notes

#### (92-93) Points

“Coming from a 14-acre parcel in the Quintessence vineyard on Red Mountain that was planted per Mark and Mike’s specifications, the 2014 Water Witch Red Blend functions as the estate’s red blend and comes from young vines (at the moment anyways). It has classic Red Mountain minerality as well as lots of smoked earth, dark fruits and licorice aromas, medium to full-bodied richness and beautiful purity.”
