Additional Benefits This Year

Content Capture of all CE Sessions!

Bonus CE in Your Room (or on the Terrace!)

All NPSS CE speaker presentations will be recorded and their audio synchronized to their power point slides, which will then be available over the internet after NPSS for attendees to view and receive CE credit. This content capture is an additional benefit, included in your registration fee, and will mean that you no longer have to choose between competing concurrent sessions, as you will have access to everything after the symposium! Content capture will also provide you a review of the sessions that you did attend for reinforcement. There will also be an opportunity for full registrants to receive several bonus CE hours for reading articles on their own time at NPSS (CE In Your Room or maybe the terrace!). Your registration fee will give you the opportunity to earn 40.75 if you elect to attend all sessions while at NPSS and also utilize the content capture to virtually attend all other concurrent sessions after NPSS. Full registration also includes additional contact hours for the CE in Your Room (a possible total of 42.75), making NPSS full registration a tremendous value for any Nurse Practitioner.

Featured Speakers

Jan Towers, PhD, NP-C, CRNP, FAANP, FAAN, Director of Health Policy for the American Academy of Nurse Practitioners, will present an update on national NP and healthcare policy issues.

Wendy Wright, MS, RN, ARNP, FNP, FAANP, practice and education expert, will join us again this year to present on coronary artery disease and acute labs.
