

**IF IT'S NOT A
POLY-DOLLY®,
IT'S PROBABLY
JUST A
WHEELBARROW.™**

HANDLING IS A CINCH. POLY-DOLLY®

A U-shaped barrel platform and double looped strap make for easy loading. A lightweight design, kick plate, and rolled-grip handles make for easy tipping. Large 10" wheels and ergonomic design make transport easy and trouble free.

The common dolly has been rattling around industrial plants for 200 years virtually unchanged in design and function. It has been a good tool, but not efficient enough. Poly-Dolly®, the multi-functional two wheel dispensing station, takes the dolly out of the Industrial Revolution and into the 21st Century.

With Poly-Dolly®, mobile dispensing is no longer a cumbersome, risky business. It transports 55-gallon drums with ease, tilts to become an efficient self-dispensing station, and acts as its own secondary containment unit. By reducing unnecessary and dangerous drum handling, Poly-Dolly® protects workers, improves efficiency, and helps improve profits.

Made of long-lasting tough polyethylene, Poly-Dolly® is strong enough to withstand daily bumps and scuffs and will not rust or corrode. That is why companies are saying: "Goodbye dolly. Hello Poly-Dolly®."

Drain hole into sump area (hidden in this view) is elevated 1-1/2" above dispensing well for major spills

Tough polyethylene construction; will not rust or corrode

Rolls easily through 36" doorways

Holds up to 600 lb

A lightweight, 126 lb

Durable buckle & strap add security and stability.

Transports and dispenses up to 55-gallon drums

Drain plug simplifies removal of contents from sump

Extra large, easy roll 10" polyolefin wheels

PATENTED ENCLOSED SUMP

POLY-DOLLY® ATD

Need an even more rugged dolly for outdoor terrain? Poly-Dolly® is available as an All-Terrain Dolly® or can easily be converted into one with our Poly-Dolly Conversion Kit.

Forkliftable from rear

Integrally-molded handle for extra strength

Rolled-grip handle makes lifting easy

POLY-DOLLY®

Part #	Description	Dimensions L x W x H in. (cm)	Weight lb. (kg)	Spill Cap. gal. (L)	Load Cap. lb. (kg)
