

MEDIA ADVISORY

2017 Escape from Alcatraz Triathlon Swim Portion Officially Cancelled

Due to a small craft advisory and heavy wind conditions, the city of San Francisco Police Department Marine Division, and the Escape from Alcatraz Triathlon race officials have decided to officially cancel the swim portion of the 2017 Escape from Alcatraz Triathlon race today. The safety of the participants is the top priority. Due to this advisory, the smaller safety support vessels, including kayaks and paddleboards, necessary to support the swimmers cannot be in the water safely. The race will continue with a modified course, which will include an 18-mile bike ride and an 8-mile run with a start time of approximately 8:30 a.m., at Marina Green.
