STATEMENT FROM ATTORNEY BRENT COON REGARDING SETTLEMENT WITH BP IN TEXAS CITY REFINERY EXPLOSION CASES

“Today we formally announced to Judge Criss that we had settled four injury lawsuits against BP related to the 2005 explosion at BP’s Texas City refinery. We are pleased with the terms of the settlements and we thank our clients for persevering through this very difficult period in their lives.

“We will remain vigilant in pursuing justice for other victims of this tragedy. And along with Eva Rowe, we remain committed to advocating for greater accountability within, and oversight of the petrochemical industry to ensure that a catastrophe like the one in Texas City does not happen again.”
