Dear Sir or Madam:

The Project On Government Oversight (POGO) has updated its Federal Contractor Misconduct Database (http://www.contractormisconduct.org/), a compilation of information from public resources regarding government contractors, including CGI Group. I have enclosed the findings relevant to your company, and I am seeking verification of this data.

Any response would be greatly appreciated, as the accuracy of this information is in the best interest of all parties. Out of fairness to CGI Group, please be assured that any response received by POGO will be posted on the website along with the data. Please note that the database includes pending instances, but these are kept separate from resolved instances and are not included in the totals.

If you have any questions, I can be reached at (202) 347-1122. Thank you for your time and consideration.

Sincerely,
