You Could be Affected by Proposed Class Action Settlements.

*A Federal Court authorized this Notice. This is not a solicitation from a lawyer.*

LLC, Affinia Group Inc., Cummins Filtration Inc., Donaldson Company, Inc. and Baldwin Filters, Inc. (collectively, “Defendants”). LLC, Affinia Group Inc., Cummins Filtration Inc., Donaldson Company, Inc., or Baldwin Filters, Inc. paid a higher price than otherwise would have been the case in a competitive market.

**This Notice has been issued to inform you:**

The **Later Settling Defendants** have agreed to pay \$8,450,000.00 to the Direct Purchasers.

Each group of the Settling Defendants have asserted a number of defenses to Plaintiffs’ claims and deny any liability, but have settled to avoid the cost and burden of further litigation and trial. Further details relating to the Proposed Settlements can be obtained by contacting the settlement administrator, as described below in Section 24.

**TO DETERMINE WHETHER YOU ARE AFFECTED BY ANY OF THE PROPOSED SETTLEMENTS REACHED IN THIS CASE, PLEASE READ THIS NOTICE CAREFULLY.** Your rights and options – **and deadlines for exercising them** – are explained in this Notice.

**BASIC INFORMATION**

**1. Why did I get this notice package?**

You or your company may have purchased Light Duty Aftermarket Filters directly from one of the Defendants in the United States from March 1, 1999 to March 8, 2012. This Notice explains the lawsuit, the Proposed Settlements, and your legal rights.

**2. What is this lawsuit about?**

The case is pending in the United States District Court for the Northern District of Illinois and is known as *In re Aftermarket Filters Antitrust Litigation*, Case No. 1:08-cv-04883, MDL No. 1957.

The lawsuit claims that the Defendants conspired to illegally fix, raise, maintain, and/or stabilize prices and allocate customers for Light Duty Aftermarket Filters purchased in the United States in violation of Section 1 of the Sherman Act. The lawsuit claims that the Defendants engaged in this illegal activity from March 1, 1999 to March 8, 2012, and that during this time period, any person or entity that purchased Light Duty Aftermarket Filters directly from any Defendant paid a higher price than they otherwise would have paid in a competitive market. The lawsuit seeks to recover three times the actual damages that Plaintiffs allege the Defendants' conduct caused, as well as injunctive relief, attorneys' fees and costs.

A potential witness in the litigation pleaded guilty to making a false statement to the government based on the fabrication of a document purporting to be evidence of price-fixing among certain Defendants. This individual was convicted and sentenced to 24 months in prison and fined \$30,000. Both the Settling Defendants and Non-Settling Defendants deny Plaintiffs' allegations and deny that they engaged in any illegal activity. Plaintiffs are continuing to prosecute the action against the Non-Settling Defendants.

For purposes of these settlements, the Court has certified a Direct Purchaser Settlement Class as defined in Section 6 below.

**3. Who are the Defendants?**

The Defendants are:

Champion Laboratories, Inc.,  
Purolator Products NA, LLC,  
Purolator Products Company, LLC,  
ArvinMeritor, Inc.,  
Honeywell International,

Wix Filtration Corp. LLC,  
Affinia Group Inc.,  
Cummins Filtration Inc.,  
Donaldson Company, Inc., and  
Baldwin Filters, Inc.

To be a member of the Direct Purchaser Settlement Class you must have purchased Light Duty Aftermarket Filters directly from one of these companies in the United States from March 1, 1999 to March 8, 2012.

#### 4. Why is this a class action?

In a class action, one or more people or entities called Class Representatives (in this case Central Warehouse Sales Corporation, Neptune Warehouse Distributors, Inc., William C Bruene d/b/a Lone Star Lube, and A&L Systems Inc.) sue on behalf of people or entities who have similar claims. All of these people and entities are settlement class members and make up the Proposed Direct Purchaser Settlement Class. One court resolves the issues for all class members, except for those who exclude themselves from the class. U.S. District Judge Robert W. Gettleman is in charge of this class action.

#### 5. Why are there Proposed Settlements?

The Defendants have denied any wrongdoing in this case, and the Court did not decide in favor of the Plaintiffs or the Defendants. Instead, Plaintiffs and the Settling Defendants agreed to the Proposed Settlements. That way, the Settling Defendants avoid the cost and burdens of further litigation and a trial. The Class Representatives and Class Counsel think the Proposed Settlements are best for all proposed class members.

Only seven of the Defendants have agreed to settle the litigation. The Non-Settling Defendants have not agreed to settle, so the litigation is continuing against them. Additional money may become available in the future as a result of additional settlements and/or a trial, but there is no guarantee this will happen.

The Settlements described in this Notice were reached through arm's length negotiation between counsel for the parties and included a full day mediation session with a Magistrate Judge. The factors taken into consideration by the parties in agreeing to the Settlements were: (a) the risks and benefits of litigation, including: the potential outcome of dispositive motions, class certification issues, proving the amount of damages, and the fact that additional Defendants will remain in the litigation if these Settlements are finally approved; (b) the continued commitment of attorneys' fees and expenses to pursue litigation against the Settling Defendants; and (c) the criminal prosecution, conviction and imprisonment of a key witness for falsifying a document important to Plaintiffs' case.

#### **WHO IS AFFECTED BY THE PROPOSED SETTLEMENTS?**

To see if you are affected by these Proposed Settlements, you first have to determine if you are a settlement class member.

#### 6. How do I know if I am part of the Proposed Settlements?

Any person or business that fits the following description is affected by the Proposed Settlements and therefore a member of all of the Direct Purchaser Settlement Class, defined as:

*All persons and entities, excluding original equipment manufacturers, that from March 1, 1999 to March 8, 2012, purchased Light Duty Aftermarket Filters directly from Defendants in the United States. Excluded from the Class are Defendants, any parent, subsidiary, or affiliate of Defendants, and all governmental entities.*

Aftermarket Filters is defined as light duty (*i.e.*, automotive and light truck) oil, air and fuel filters for sale in the aftermarket (*i.e.*, the market for replacement filters).

For purposes of determining whether you are affected by the Proposed Settlements and therefore a member of the Direct Purchaser Settlement Class, it does not matter from which Defendant you purchased Aftermarket Filters, so long as you purchased directly from at least one Defendant from March 1, 1999 to March 8, 2012.

**RECEIPT OF THIS NOTICE DOES NOT NECESSARILY MEAN THAT YOU ARE A MEMBER OF THE SETTLEMENT CLASS OR WILL RECEIVE PROCEEDS FROM ANY OF THE PROPOSED SETTLEMENTS.**

#### 7. I'm still not sure if I'm included.

If you are still not sure whether you are a class member, you can ask for free help. See Section 24 below.

## WHAT THE PROPOSED SETTLEMENTS MEAN TO YOU

### 8. What do the Proposed Settlements provide?

Under the **Baldwin Filters, Inc. Settlement**, Baldwin Filters, Inc. has agreed to pay \$406,250.00. That amount will not be reduced in the event that class members exclude themselves from the class.

Under the **Cummins Filtration Inc. Settlement**, Cummins Filtration Inc. has agreed to pay \$406,250.00. That amount will not be reduced in the event that class members exclude themselves from the class.

Under the **Donaldson Company, Inc. Settlement**, Donaldson Company, Inc. has agreed to pay \$406,250.00. That amount will not be reduced in the event that class members exclude themselves from the class.

The **Later Settling Defendants' Settlements** provide for payment of \$8,450,000.00 to the Direct Purchaser Settlement, of which (a) **Affinia Group, Inc.** and/or **Wix Filtration Corp. LLC** has agreed to pay \$1,300,000.00; (b) **Honeywell International Inc.** has agreed to pay \$2,112,500.00; and (c) **Champion Laboratories Inc.** has agreed to pay \$5,037,500.00. These amounts will not be reduced in the event that class members exclude themselves from the class.

In exchange for these settlement amounts, Direct Purchaser Settlement Class members give up all legal rights to sue the Settling Defendants for the released claims, which include any and all claims, demands, actions, suits, and causes of action for any kind of relief whatsoever and liabilities of any nature whatsoever that the Direct Purchaser Settlement Class members ever had, now have, or hereafter can, shall, or may have against the Settling Defendants, whether known or unknown, relating in any way to any conduct prior to the date of the Proposed Settlements arising under or relating to any federal, state, or common law, or the law of any nation or domestic or foreign governmental entity which relate to or arise out of any alleged unlawful conspiracy to fix, raise, maintain or stabilize prices and allocate customers for Aftermarket Filters, or any other allegedly collusive, conspiratorial or aiding and abetting practice between or among manufacturers with respect to the sale of Aftermarket Filters, including but not limited to, any conduct that relates in any way to the facts, occurrences, transactions, other matters alleged in the class action, or that could have been asserted in the class action under federal or state statutory, regulatory or common law antitrust, unfair competition, unfair practices, price discrimination, unitary pricing, fraudulent misrepresentation, trade practice or civil conspiracy laws. The settlement agreements, which are part of the Court documents in this case precisely describe the legal claims that you give up if you stay in the class.

## DISTRIBUTION OF THE SETTLEMENT PROCEEDS

### 9. How will the funds from the settlements be distributed?

Settlement funds will be distributed only after the Court has granted final approval to the Proposed Settlements. The funds from the Proposed Settlements have been and will continue to be held in interest-bearing accounts.

You should retain all documents that substantiate the purchases of the Aftermarket Filters that you made during the Class Period from each of the Defendants. At a later time, Class Counsel will ask the Court to approve a proposed Plan of Distribution and Allocation of the Settlement Fund. If you do not exclude yourself from the Class and the Court approves that Plan, you will be entitled to file a claim to share in the Settlement Fund.

If you change your address, or if this Notice was not mailed to your correct address, you should immediately provide your correct address to: *In re Aftermarket Filters Antitrust Litigation* Settlement Administrator, c/o KCC Class Action Services, P.O. Box 43086, Providence, RI 02940-3086. If Class Counsel does not have your correct address, you may not receive the Claim Form or other important documents in this litigation.

### 10. How do I receive payment from one or more of future settlements or judgments?

To obtain funds from any of the Proposed Settlements, you will need to complete and submit the Claim Form that will be provided at a later date. Even though there are a number of settlements, you will only need to submit one Claim Form. Any member of the Settlement Classes that does not complete and timely return the Claim Form within the time period specified will not be entitled to share in any settlement proceeds.

**WARNING: There are companies that may contact you upon learning of a pending class action distribution and offer to help you file your Claim Form in exchange for a share of the money that you may ultimately recover or for other compensation. Please be advised that you do not need to use these companies. Assistance is available from the Settlement Administrator at no cost to you.**

### **EXCLUDING YOURSELF FROM THE PROPOSED SETTLEMENTS**

If you don't want to be included in the Proposed Settlements, but you want to keep the right to sue or continue to sue the Defendants, on your own, about the legal issues in this case, then you must take steps to remove yourself from the class. This is called excluding yourself or "opting out" of the class.

#### **11. How do I get out of the Proposed Settlements?**

To exclude yourself from one or more of the Proposed Settlements, you must send a letter saying that you want to be excluded from the class. The letter must include the following information:

- A statement that you want to be excluded from the class.
- Which of the following Proposed Settlements you want to be excluded from: **the Baldwin Filters, Inc. Settlement, the Cummins Filtration Inc. Settlement, the Donaldson Company, Inc. Settlement, the Champion Laboratories, Inc., Honeywell International, Wix Filtration Corp. LLC, and/or Affinia Group Inc. Settlements. Your request for exclusion may not be effective unless you specify from which Proposed Settlement(s) you are seeking exclusion.**
- The case name: *In re Aftermarket Filters Antitrust Litigation*, Case No. 1:08-cv-04883, MDL No. 1957.
- Your name, address, telephone number, and your signature.
- All trade names or business names and addresses you or your business have used, as well as the names of any subsidiaries or affiliates of your business that also are requesting to be excluded from the class.

Your letter must be **postmarked by August 3, 2012** and sent to:

*In re Aftermarket Filters Antitrust Litigation* Settlement Administrator  
Case No. 1:08-cv-04883, MDL No. 1957  
c/o KCC Class Action Services  
P.O. Box 43086, Providence, RI 02940-3086

If you ask to be excluded from any of the Proposed Settlements, you will not get any potential payments from the settlements from which you exclude yourself, and you cannot object to those particular settlements. You may be able to sue (or continue to sue) the Settling Defendants from whose settlement you asked to be excluded in the future.

#### **12. Can I remain as part of the class for one of the Proposed Settlements and exclude myself from others?**

Yes. Because there are separate Proposed Settlements (**the Baldwin Filters, Inc. Settlement, Cummins Filtration Inc. Settlement, Donaldson Company, Inc. Settlement, the Champion Laboratories, Inc. Settlement, the Honeywell International Settlement, the Wix Filtration Corp. LLC Settlement, and the Affinia Group Inc. Settlement**), you will need to decide, for each of the Proposed Settlements, whether to exclude yourself from the class, or whether to remain in the class for any or all of them.

#### **13. If I do not exclude myself, can I sue the Settling Defendants later?**

No. Unless you exclude yourself, you give up any right to sue the Settling Defendants for the claims that the Proposed Settlements resolve. If you have a pending lawsuit against the Settling Defendants involving the issues in this case, speak to your own lawyer in that case immediately. It may be necessary for you to exclude yourself from the class in order to continue your own lawsuit.

#### **14. If I exclude myself, can I get money from the Proposed Settlements?**

No. If you decide to exclude yourself, you will not be eligible to request money from the Proposed Settlements. If you exclude yourself from some, but not all, of the Proposed Settlements, in the future you may be eligible to request payment from the Proposed Settlements for which you remain in the class.

## THE LAWYERS REPRESENTING YOU AS A CLASS MEMBER

### 15. Do I have a lawyer in this case?

The Court has appointed Michael J. Freed of Freed Kanner London & Millen, LLC, Roberta D. Liebenberg of Fine Kaplan & Black, R.P.C., and Bernard Persky of Labaton Sucharow LLP to represent the class. These lawyers are called Class Counsel. You will not be charged for these lawyers. If you want to be represented by your own lawyer, you may hire one at your own expense.

### 16. How will the lawyers be paid?

To date, Class Counsel have not been paid any attorneys' fees. In compensation for their time and risk in prosecuting the litigation on a wholly contingent fee basis, Class Counsel will petition the Court at a later date for an award from the settlement funds of attorneys' fees. Class Counsel will also seek reimbursement of litigation expenses incurred, including costs expended in providing Notice to the Class and in administering the settlement funds. While Class Counsel do not intend to file a motion for payment of attorneys' fees at this time, they have committed to request an award of attorneys' fees that will not exceed thirty percent (30%) of the total amount of the settlements. Class Counsel also may petition the Court to provide incentive awards to Class Representatives in an amount not to exceed \$5,000 each.

Any fees, expenses, and incentive awards approved by the Court will be paid out of the settlement funds.

### ANY OBJECTION TO THE PROPOSED SETTLEMENTS, FUTURE ATTORNEYS' FEES, FUTURE REIMBURSEMENT OF LITIGATION EXPENSES, AND FUTURE INCENTIVE AWARD REQUESTS

### 17. How do I tell the Court that I don't like the Proposed Settlements or expense requests?

If you are a class member, you can object to the Proposed Settlements. You may also object to Class Counsel's future request for payment of attorneys' fees, reimbursement of litigation expenses, and incentive award requests. You can give reasons why you think the Court should not approve one or all of the Proposed Settlements, attorneys' fees, expenses requests, or incentive award requests. The Court will consider your views. To object, you must send a letter that includes the following:

- A statement saying what you object to: one or more of the Proposed Settlements, attorneys' fees, the request for reimbursement of litigation expenses, and/or incentive award requests. If you object to fewer than all of the Proposed Settlements, you must specify to which one(s) you object.
- The case name: *In re Aftermarket Filters Antitrust Litigation*, Case No. 1:08-cv-04883, MDL No. 1957.
- Your name, address, telephone number, and your signature.
- The reasons you object to the Proposed Settlement(s) and/or other requests.
- Proof of your membership in the class, such as invoices showing that you satisfy the definition in Question 6.

Your objection must identify this case and case number and must be filed with the Court at the following address, **postmarked by August 3, 2012:**

### 18. What is the difference between objecting and excluding?

Objecting is simply telling the Court that you do not like something about the Proposed Settlements. If you exclude yourself, you have no basis to object because the Proposed Settlements no longer affect you.

### THE COURT'S FAIRNESS HEARING

The Court will hold a hearing to decide whether to approve the Proposed Settlements and the request for litigation expenses. You may attend, but you are not required to do so. If you attend, you may ask to speak, but you don't have to participate.

### 19. When and where will the Court decide whether to approve the Proposed Settlements?

The Court will hold a Fairness Hearing at 10:00 a.m. on October 4, 2012, in Courtroom 1703 at the United States Courthouse, 219 South Dearborn Street, Chicago, IL 60604. At this hearing the Court will consider whether the Proposed Settlements are fair, reasonable, and adequate and whether to approve the request for litigation expenses. If there are objections, the Court will consider them. Judge Gettleman will listen to people who have asked to speak at the hearing (see Question 21). After the hearing, the Court will decide whether to approve the Proposed Settlements.

The Court may change the time and date of the Fairness Hearing and the courtroom where the hearing will take place. Notice of any change will be posted at the courthouse or on the Court's website.

### 20. Do I have to come to the hearing?

No. Class Counsel will answer questions Judge Gettleman may have. But you are welcome to come at your own expense. If you send an objection, you don't have to come to Court to talk about it. As long as you mailed your written objection on time, the Court will consider it. You may also pay your own lawyer to attend, but it's not necessary.

### 21. May I speak at the hearing?

You may ask the Court for permission to speak at the Fairness Hearing. To do so, you must send a letter stating the following:

- "Notice of Intention to Appear in *In re Aftermarket Filters Antitrust Litigation*, Case No. 1:08-cv-04883, MDL No. 1957."
- The position you will take on the Proposed Settlements and your reasons.
- Your name, address, telephone number, and your signature.
- Proof of your membership in the class, such as invoices showing that you satisfy the definition in Question 6.

Your Notice of Intention to Appear must identify this case and case number and must be filed with the Court at the following address, **postmarked by August 3, 2012**:

Clerk of Court  
United States District Court  
For the Northern District of Illinois  
Everett McKinley Dirksen
