Item 7.01. Regulation FD Disclosure.

As previously disclosed in AECOM’s prior periodic reports, in 2005 and 2006 AECOM’s Australian subsidiary, AECOM Australia Pty Ltd (“AECOM Australia”), performed a traffic forecast assignment for a tolled motorway tunnel project in
Australia that resulted in two separate lender lawsuits filed in 2012 against AECOM Australia in the Federal Court of Australia by RCM Services and Portigon AG. In addition, a separate securities class action lawsuit was also filed in 2012 against AECOM Australia in the Federal Court of Australia. On July 10, 2015, AECOM Australia settled the two lender lawsuits with RCM Services and Portigon AG for an amount that is not expected to have a material impact to the financial results of AECOM. The settlement does not include the securities class action lawsuit which remains pending.

The information contained in this Current Report Form 8-K that is furnished under this Item 7.01 is being furnished pursuant to Item 7.01 of Form 8-K and shall not be deemed to be “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended.
