## I. INTRODUCTION

A. The United States of America (“United States”), on behalf of the United States Department of Commerce’s National Oceanic and Atmospheric Administration (“NOAA”), the United States Department of the Interior (“DOI”) and the United States Fish and Wildlife Service (“FWS”), and the State of Louisiana (the “State”), appearing through the Louisiana Oil Spill Coordinator’s Office, Department of Public Safety (“LOSCO”), Louisiana Department of Natural Resources (“LDNR”), Louisiana Department of Environmental Quality (“LDEQ”), Louisiana Department of Wildlife and Fisheries (“LDWF”), and the Coastal Protection and Restoration Authority (“CPRA”), have filed a Complaint against Shell Offshore Inc. (“Shell” or “Settling Defendant”) in this Court alleging that Shell is liable to the United States and the State under Section 1002(a) and (b)(2)(A) of the Oil Pollution Act of 1990 (“OPA”), 33 U.S.C. § 2702 (a) and (b)(2)(A), and Section 2480 of the Louisiana Oil Spill Prevention and Response Act (“OSPRA”), La. Rev. Stat. 30:2480, for damages for injury to, destruction of, loss of, or loss of use of, Natural Resources, resulting from discharges of oil from the Shell Green Canyon Block 248 subsea oil production system in the Gulf of Mexico on or about May 11, 2016.

B. The Complaint alleges that, on or about May 11, 2016, oil was discharged from Shell’s Green Canyon Block 248 subsea oil production system in the Gulf of Mexico. The Green Canyon Block 248 subsea oil production system is located approximately 97 miles off the coast of Louisiana. The oil leaked from a piping system that is used to transport oil from a production well on the sea floor. Shell reported to DOI’s Bureau of Safety and Environmental Enforcement that the incident resulted in an estimated discharge of 1,926 barrels of oil, or 80,892 gallons, into the waters of the Gulf of Mexico.

C. Overflights revealed oil and oil sheen on the water surface. Shell, the State, and the United States Coast Guard responded to the spill, including use of mechanical recovery vessels and other assets. Response efforts concluded on May 16, 2016. All of the foregoing events are referred to as the “Incident.”

D. Following the Incident, the Trustees and Shell executed a Cooperative Pre-Assessment Agreement to help inform the Natural Resources Damage Assessment process. The Trustees and Shell worked collaboratively for over 1.5 years to, among other things, identify the data and modeling procedures that were most applicable to this Incident, evaluate the potential impacts to Natural Resources, and identify actions to restore affected Natural Resources. Although the Trustees and Shell did not agree completely on all issues (e.g., appropriate data, nature and extent of potential injuries, and restoration activities) during the Pre-Assessment Phase, there was a recognition that it would be in their best interest to work towards a mutually-agreeable resolution.

E. The Complaint further alleges that the Incident caused injury to, destruction of, loss of, or loss of use of, Natural Resources belonging to, managed by, held in trust by, appertaining to, or otherwise controlled by the United States and the State.

F. The Trustees for the Natural Resources alleged to be injured by the Incident include NOAA and FWS, on behalf of the United States, and LOSCO, LDNR, LDEQ, LDWF, and CPRA, on behalf of the State. NOAA and FWS are designated as Trustees pursuant to Section 1006(b)(2) of OPA, 33 U.S.C. § 2706(b)(2), Subpart G of the National Oil and Hazardous Substances Pollution Contingency Plan (“NCP”) (40 C.F.R. §§ 300.600, *et seq.*) and Executive Order 12580 (3 C.F.R., 1987 Comp. p. 193, 52 Fed. Reg. 2923 (January 23, 1987) as amended by Executive Order 12777 (56 Fed. Reg. 54757 (October 19, 1991))). LOSCO, LDNR,

LDEQ, LDWF, and CPRA are designated as Trustees by the Governor of Louisiana pursuant to Section 1006(b)(3) of OPA, 33 U.S.C. § 3706(b)(3), and subpart G of the NCP. These same agencies serve as State Trustees under OSPRA according to La. R.S. 30:2451, *et seq.* and LA. ADMIN. CODE tit. 43, part XXIX, *et seq.* The United States and the State are coordinating Restoration efforts. The Trustees believe the obligations of the Settling Defendant set forth in this Consent Decree, including the obligation to pay a sum as described herein, constitute adequate compensation for Natural Resource Damages arising from the Incident.

G. Shell reports that it sold the Glider Field (in Green Canyon Block 248) at the end of 2016 and no longer owns or operates the subsea oil production system involved in this case.

H. Shell neither admits nor denies the allegations in the Complaint filed in this action and does not admit liability to the Plaintiffs arising out of the transactions or occurrences alleged in the Complaint.

I. The Parties agree, and the Court, by entering this Consent Decree, finds that this Consent Decree has been negotiated by the Parties in good faith, that it is intended to avoid litigation among the Parties and expedite natural resource restoration actions to be performed by the Trustees, and that it is fair, reasonable, and in the public interest.

NOW THEREFORE, with the Consent of the Parties, IT IS HEREBY ADJUDGED, ORDERED AND DECREED as follows:

(Payments by the Settling Defendant) and, as applicable, Section VII (Stipulated Penalties) of this Consent Decree.

18. Reservations of Rights. Notwithstanding any other provision of this Consent Decree, the United States and the State reserve, and this Consent Decree is without prejudice to, all rights against the Settling Defendant with respect to all matters other than those expressly specified in the covenants not to sue set forth in Paragraph 17 of this Section, including, but not limited to:

institute proceedings against the Settling Defendant in this action or in a new action seeking recovery of Natural Resource Damages based on:

- a. conditions caused by the Incident, unknown by the Trustees as of the date of the lodging of this Consent Decree, that cause new or additional injury to, destruction of, loss of, or loss of use of such Natural Resources; or
- b. information received by the Trustees after the date of lodging of this Consent Decree indicating that the Incident has resulted in new or significant additional injury to, destruction of, loss of, or loss of use of, such Natural Resources which injury is of a type that was unknown or a magnitude greater than was known by the Trustees as of the date of lodging of this Consent Decree.

20. Pursuant to 33 U.S.C. § 2715(c), the United States expressly reserves, and the Settling Defendant expressly acknowledges, the right of the United States to institute proceedings, to take judgment thereon, and collect such judgment(s) thereon against the Settling Defendant in this action, to seek and recover Removal Costs and/or Damages resulting from the Incident based on claims submitted to or filed against the United States, including claims against the Oil Spill Liability Trust Fund, after the date when this Decree is lodged with this Court. Settling Defendant reserves all defenses as to substantive claims pursued in any such proceeding.

21. This Consent Decree shall not preclude the United States or the State from instituting a separate or ancillary action to enforce the terms of this Consent Decree.

22. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. In addition, nothing in this Consent Decree shall limit, enlarge, or otherwise affect, the private rights or claims of any

Settling Defendant reserves, and this Consent Decree is without prejudice to, all rights with respect to all matters not expressly included within this Covenant Not to Sue, including all rights with respect to all matters reserved in Section IX.

24. In any subsequent administrative or judicial proceeding initiated by the United States or the State for injunctive relief, penalties, costs, damages, criminal liability, or other appropriate relief relating to the Incident, the Settling Defendant shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon a contention that the claims raised by the United States or the State in the subsequent proceeding were or should have been brought in the instant case, except with respect to claims that have been specifically resolved pursuant to Paragraph 17.

**XI. COSTS**

25. The Plaintiffs shall be entitled to collect from Settling Defendant the costs (including reasonable attorneys' fees) incurred in any action necessary to collect any portion of

the amounts due under Section VI (Payments by the Settling Defendant), or any stipulated penalties due but not paid under Section VII (Stipulated Penalties).
