

VILLAGEHOUSE™

OUR STORY...

When Edward Phillips and Malgorzata Rusek founded the import/wholesale company VillageHouse Importers in 1987, they had no idea that someday their company's sales and distribution would evolve beyond decorative wooden boxes to headwear.

Eight years before they founded VillageHouse, Edward was studying in Europe, where he discovered many fine and exceptional handcrafts being made by local master craftspeople in their own homes and in small workshops throughout the villages of Europe. Inspired by this, he chose the name VillageHouse for their company name.

Over the years, VillageHouse has developed a heritage rich with new discoveries and product offerings from Europe's finest master craftspeople. VillageHouse has carefully selected only the very best master craftspeople who are committed to creating handcrafted products of the highest quality in materials, craftsmanship, design and value.

In 2012 VillageHouse continued this heritage by discovering and wholesaling exceptional designer headwear made with faux fur. Three years later they launched the VillageHouse headwear brand.

VillageHouse hats are made of Italian wool and acrylic fiber, as well as of polyester-cotton blend fabrics. They are either fully or partially lined with fleece, giving them a distinguishable and comfortable characteristic.

VillageHouse enjoys introducing and bringing exceptional handcrafted products to retailers and consumers alike. Serving the interests and needs of its customers is a top priority.

We would like to give a special shout out and thank you to Barry Champagne Photography for all of his contributions to making this catalog happen.
