JON S. CORZINE
GOVERNOR

SUSAN BASS LEVIN
COMMISSIONER

January 3, 2006

Dear ACA accredited camp director,

Based on information provided to this department by the American Camping Association, the decision has been made to exempt certain equipment from the carnival and amusement ride regulations. The items that will be exempted are limited to equipment used for the following:

1. Challenge and ropes courses
2. Spelunking and caving
3. Rock wall climbing (natural or manmade)
4. Rappelling (from natural or manmade sites)
5. Zip lines

Furthermore, this equipment will only be exempt from the regulations when being used as part of a larger educational program. In order to qualify for this exemption, the camp must have its ACA accreditation, as well as all documents related to the equipment onsite that are used to maintain the accreditation, available for this department's inspection at any time the equipment is in use.

Yours Truly

Michael D. Triplett

Manager

Carnival and Amusement Ride Safety Unit
