Fifteen Cornwall – an inspiring restaurant in a stunning location.

Fifteen Cornwall is part of a global social enterprise, founded by Jamie Oliver in 2002 and is owned by the registered charity, the Cornwall Foundation of Promise. At the heart of it all is a chef training programme with a simple mission – to empower young people who are in need of a second chance.

Fifteen Cornwall offers an innovative menu of the best seasonal and local produce, prepared by talented professional chefs and aspiring young apprentice chefs, and served in a relaxed atmosphere by friendly and knowledgeable staff.

On top of this, there's an incredible view over a beautiful two mile beach.
