

2008 Personal annual report for Didier Boulet

You took 70 trips in 2008, which added up to 115,946 km or 31% of the distance to the moon.

In 2008, you mostly coincided with:

In 2008, Dopplr alerted its users to more than a quarter of a million coincidences. We couldn't find many coincidences for you in 2008. This might change in 2009 if you share your travel plans with more people you trust. Did you know you can easily connect with people you know on Facebook, LinkedIn, Twitter, and Flickr (amongst others)?
Go to <http://dplr.it/invite> to get started.

In 2008, you spent

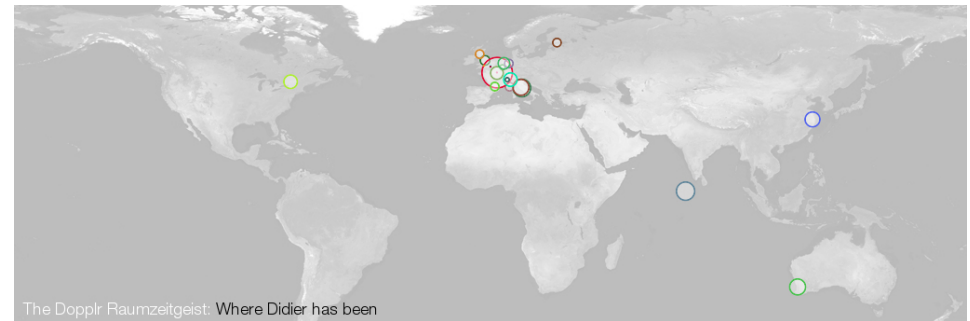

You have 13 travellers in your network. They travelled a total of 33,885 km in 2008, and everyone on Dopplr travelled a total of 1331.4 million km or 8.9 AU in 2008: the approximate distance to Saturn from the Earth as of January 2009.

Your personal velocity for 2008 was 13.04 km/h, which is about the same as a house mouse.

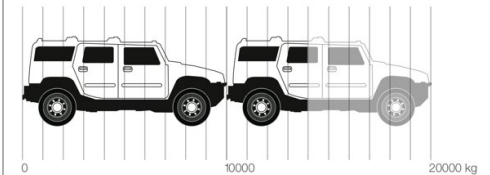

The 5 most popular cities in your network are Brussels, Versailles, London, Paris and Copenhagen.

The furthest distance you travelled was to Perth (14,171 km from Brussels), which is the 121st most popular city on Dopplr. The shortest distance you travelled was to Palaiseau (20 km from La Garenne-Colombes).

You spent the longest in Paris, Zoe Perez has a tip: I particularly like Hotel des Academies et des arts. It's not a budget hotel so if you are looking for something under 100 euros, no need to look at this one. Anyway, 100 euro hotel is almost impossible to find in the French capitale.
Back to the hotel, this one is very nice, well located because ...

Your carbon for 2008

Based on figures from Fueleconomy.gov, 1 x Hummer H3 4WD truck produces nearly 10 metric tonnes of CO2 a year. The visualisation above uses this figure to illustrate your carbon from Dopplr as calculated by our friends at <http://amee.cc> and is an approximation only.
